A Searching Examination. A sailor who desired to re-enlist in

the service of the navy for a cruise was rejected by the examining board for defective eyesight. He had made a good record, and naval academy officers, including the surgeons who had been compelled to make an unfavorable report in his case, interested themselves in his behalf. He finally went to Washington and armed with the recommendations from the naval academy urged his claims before the surgeon general. "Do you see the Washington monument out that window?" asked that official. "Yes, sir," promptly replied the sailor. To test his eyesight as well as his honesty another question was propounded, "See that sparrow on the top of the monument?" Without hesitation the sailor replied, "No, sir." "Neither do I," added the chief examining officer "Your eyesight seems to be good enough and I shall at once order your reinstatement in the navy."—Baltimore Sun.

Dressing For a Picture. In dressing to have one's photograph taken it may be useful to know that dark brown, dark green, garnet and plain, dead finish black will take a deep drab. Glossy silks of the same colors will take much brighter. Golden brown, dark grav, searlet, cherry, orange, crimson and slate will also be reproduced as dark, rich drab. All the shades of blue

and pink will take very light and should be avoided.—New York News. The Wonderful Congo. The Congo is the most wonderful waterway in the world. It is 25 miles across in parts, so that vessels may pass one another and yet be out of sight. It has twice the extent of the navigable waters of the Mississippi and its tributaries and three times its population .-Philadelphia Press.

A Remarkable Sight. There is a natural gas spring in Idaho that is one of the most remarkable sights ever witnessed. It is about 100 miles from Boise City and is at the bottom of a canyon. The rock there seems to be of a porous nature, and there are innumerable small holes and fissures. These are lighted by tourists, who drop matches into them until a space of about an acre in extent is sending forth bright blue flames.—New York Post.

A NARROW ESCAPE!

How it Happened.

How it Happened.

The following remarkable event in a lady's life will interest the reader: "For a long time I had a terrible pain at my heart, which fluttered almost incessantly. I had no appetite and could not sleep. I would be compelled to sit up in bed and belch gas from my stomach until I thought every minute would be my last. There was a feeling of oppression about my heart, and I was afraid to draw a full breath. I couldn't sweep a room without sitting down and resting; but, thank God, by the help of New Heart Cure II that is past and I feel like another woman. Before using the New Heart Cure I had taken different so-called remedies and been treated by doctors without any benefit until I was both discouraged and disgusted. My husband bought me a bottle of Dr. Miles' New Heart Cure, and am happy to say I never regretted it, as I now have a splendid appetite and sleep well. I weighed 125 pounds when I began taking the remedy, and now I weigh 130%. Its effect in my case has been truly marvelous. It far surpasses any other medicine I have ever taken or any benefit I ever revelved from physicians."—Mrs. Harry Starr, Pottsville, Pa., October 12, 1812.

Dr. Miles' New Heart Cure is sold on a postive guarantee by all druggists, or by the Dr. Miles' Medical Co., Elkhart, Ind., on receipt of price, I per bottle, six bottles IS, express prepald. This great discovery by an eminent specialist in heart disease, contains ucither oplates nor dangerous drugs. Forsale by A. C. TAYLOR, Ellicott City, Md.
