occurred at Alberton Tuesday. Painful because it exhibits the extreme tension laboring men are sometimes under in their efforts to win bread for their Sunday last. families in times like the present. John Mansfield was an employe in the

quarries of Messrs Weber & Co., near Ellicott City until discharged on account of some difficulty with the foreman, which occurred on Monday. On Tuesday night at about seven o'clock his body was found in sixteen feet of water near the pier of the iron bridge across Alberton dam.

On Tuesday morning Mansfield had walked from the quarries along the railroad track in the direction of his home, which is at Granite. He took his discharge very much to heart, talked of suicide and went so far as to ask some of the workmen to kill him.

This great interest the Sun takes in the people to free them from their bosses and task-masters is refreshing to say the least of it. It attempts to spread a little sugar, that it has been howling over for the last ten days, on the haysceder's cake, by reminding him, that the Baltimore people some years back were very bad That it was they that the county people came to their assistance, gave them their present police system, good election laws, and rescued them from mol and club-rule. In consideration of this great favor, now that the county folks have gone to the bad, they are willing to muster the whole of the Sun's army, march out in the county and from some elevated spot in Howard county read the riot act or turn their rapid firing guns upon these traitors and bosses. If their firing continues as wide of the mark as its recent practice and amuses them, shoot ahead gentlemen, we can stand it. We ask no favors from the Sun's people. We are even willing for them to put up a Mugwump Mayor, and sing parons to their newly appointed civil service postmaster. In fact, we can afford to be generous and let them have full sway as far as the Monumental City is concerned for the next two years. Fire away, friends! Yours truly,

DEAR StR:—The New Jersey Enemel Print
has been exclusively used by me for the past
ten or twelve years in considerable quantities,
both on my dwellings and outbuildings, and it
has given entire satisfaction. About six years
ago, whilst Collector of Customs for Baltimore, I had the Custom House throughout
painted with the New Jersey Enamel Paint;
the work, when finished, was much admired,
and gave general satisfaction to the Government officials and the public. I consider it an
excellent paint and take great pleasure in recommending its general use.

Yours truly,

Yours truly, EDWIN H. WEBSTER.

FROM THE CASHIER OF FARMERS AND MERCHANTS' NATIONAL BANK. Baltimore, May 22, 1890.

In the spring of 1887 I painted the dwelling of my son in King and Queen Co., Virginia, with paint purchased of Mr. Chas. P. Knight, Palvimore, and manufactured by the New Jersey Enamel Paint Co. It has given entire satisfaction, wearing well and retaining its color to a remarkable degree. I consider it most excellent and durable paint.

C. P. Knight:

RESPECTED FRIEND:—The Liquid Enamel Paint put upon the Engliside Hotel last fall has stood the severe test of the seashore air, with appearance and color unimpaired. And my opinion is that it is the best for seashore houses I have ever seen. I therefore take pleasure in recommending it especially for seashore houses crelewhere, believing that any paint that can successfully withstand the peculiar atmosphere of the seashore must possess all the requisite qualities of a first-class paint. Respectfully.

ROBERT B. ENGLE, ST. VINCENT'S ORPHAN ASVLYM.

DEAR Singell take pleasure in adding my name to the many endorsers of your valuable Liquid Framel Paint. Our institution is painted both inside and outside with it, presenting a beautiful appearance SISTER MARIA.

ALPHA, June 6.-One of the finest and most thoroughly conducted entertainments ever given at the close of the school term was ten dered on last Thursday evening by the pupils of Public School, No. 8, Miss B. ssie Leishear, teacher. From beginning to end there was not the slightest hitch in the exercises, and, taking in the fact, that some of the pieces were sho t plays instead of acting charades, the young pupils deserve the highest praise for the manner in which they preformed, it being a noted observation that not one missed a line or left out a word in the many and lengh hy pieces assigned them. Special and separate mention could be made of every member on the program, but will say, on account of space, that it was a treat rarely given, and the children acquitted themselves nobly. Miss Bessie Leisheau, who is one of the most brilliant and best teachers in Howard, is entitled to the thanks of the patrons and community for the indefatigable work attending such an entertainment, and the way in which she made the awkwardness of children, when appearing in public, disappear is something peculiar to herself. That, with the perfect drilling for several weeks before, helped wondertuilly. But, one of the best incentives to the success of the affair is that the scholars all love her, and love is a wonderful factor. Prof. T. M. A. Sipe entertained the nudlence during intervals with vocal and instrumental music. line or left out a word in the many and
