Stockholders Insist on Economy in Man

The forty-seventh annual meeting of the Montgomery County Mutual Fire Insurance Company was held at Sandy Spring Monday, with over two hundred members present, the largest attendance in the history of the company. Charles F. Brooke was elected chairman and George F. Nesbitt and Allan Farquhar secretaries. The report of the secretary showed that over 10,500 policies were in force, representing \$18,500,000 insurance, on which premiums were received amounting to \$63,000. Salaries and clerical services amounted to \$6,200.

to the by-laws, which brought on con siderable discussion as to the right o this meeting to adopt by-laws, but the question was decided in the affirmative by an overwhelming vote. A by-law was adopted reducing the salaries paid from \$5,200 to \$3,000, though efforts were made to show that the larger amount was justified by the work per

Joseph T. Moore, the president of th company for the past six years, said he thought the present management had been unjustly criticized, and that under no circumstances would be continue to act as a director or officer of the company. Other by-laws were adopted tend ing economize in the management of the company. The opposition to the management was successful in carrying all of its points, but owing to the present directors having a large number of proxies they were able to secure their re-election. If Mr. Moore carries out his determination to resign it is thought that Asa M. Stabler will be selected as president of the company.

A Successial Pump.

Mr. Benjamin Mellor of Mark, having proved the utility of his pump and for which he has recently secured a patent, is arranging to manufacture the same on a large scale. The great point of merit in this pump is, it can be worked any where that two or more feet of fall can be obtained and can successfully be put into operation where all other self-acting or automatic pumps will fail. Mr. Mellor has had his pump in operation for nearly two years hoisting water to a height of 200 feet and for a distance of over 1600 feet supplying five families. During this time the pump has uniformly kept in order with little or no atten-The pump is already in demand and Mr. Mellor hopes to start an industry here which will eventually employ a large number of hands.

The new Howard County School Board met Tuesday and spent the session in shaping up matters pertaining more particularly to the finances of the board. The board appointed a subcommittee, composed of Rev. Henry Branch, of the School Board, and Dr. L. M. Shipley, secretary and treasurer, to investigate the affairs of the board with respect to the accounts and location of school houses, and as to the continuing and discontinuing of schools. The board intends making a public statement as to the condition of the school affairs, to do which the work outlined for the committee was found necessary. It is claimed that in certain sections of the county it may be deemed necessary to abolish some of the schools because of their proximity to each other, without serious inconvenience to the pupils This plan, if found expedient, will tend not only to an increase in the salaries of teachers, but serve as a means of length

ening the scholastic term, which must necessarily be curtailed owing to lack of As has been stated the board has found it necessary to borrow \$2,000. Ravages of a Mad Dog. Residents in the vicinity of Clarksville, Howard county, are not a little concerned about the probable outcome of the re-

An Interesting Meeting at Monteview-The Ladies Take Part, Friendship Grange, November 25, P. of II. held their regular meeting which

An unusual number of farmers were present, and sister J. T. Ridgely suggest ed that some of our proceedings be published in your widely circulated issues. to inform the public that Friendship Grange, the only farmers' organization in Howard county, is yet alive and considering the serious problems which confront the agricultural and economic

world In the score of years our Grange has existed, some two hundred members have entered its gates and learned the noble precepts of our order. Some, per haps, have retired after discovering that the motives and objects of the order were not entirely selfish, but that "charity is inculcated." Let us not boast that we have helped to mitigate the sufferings of the drought and plague-stricken plains of the West, and the inundated plantations of the South; but, regret that we have not been able to do more for our common country, and elevate higher the banner of fathership to God, and the brotherhood of man.

The installation of officers was a part of the work of the day. With Mr. Geo. D. Clarke, of Glenwood Grange, now dormant, acting as assistant, Mr. H. O. Devries was inducted into the chair of W. Master, Mr. B. F. Hess that of W. Overseer, Mr. J. T. Ridgely, W. Lectur-W. Lecturer Ridgely suggested that a

our next meeting, first Saturday of February, each gentleman give his views of the duties of wives in farm life and economy. Mr. Geo. D. Clarke amended the suggestion by requesting that the lady members proffer their views of the duties of husbands. Brother Clark's shivrleous hint was unanimously agreed to, with the earnest wish that his most estimable wife, and ancient granger could be present to assist our lady members in this labor of love, into which duties Brother Clarke, no doubt, has been thoroughly initiated.

Brother and ex-W. Master Clarke has lately been reading a work by one Townsend on the descent of man. Not on the monkey theory, but the more recent one announced by Dick Merwick's new theology and anthropology, for which Brother Clarke did not hold himself an advocate, but considered the theory that our race descended from the 13th tribe of Leah as evidently good stock from the remarkable qualities of some of our womankind as developing in recent years. Brother Clarke was applauded, and asked to come again and being over all the tribe of Leah he could induce to come, that we may better develope the

staying qualities of Howard County Brother L. M. Bushey, of Porter's, Carroll county, and an ex-member of dormant, New Windsor Grange, was also present, and gave the Grange a deasant talk on his method of raising logs by feeding wheat so as to realize 7 cents per bushel; also, on wheat and corr growing, and the art of making land that would only grow three barrels of corn a few years ago, bring fifteen barrels now value and make its owner come eighteen miles to the Grange, when the tempera ture is near zero. All said come again Brother Bushey, and bring some of that seed corn along and a bag of that soil to sell in Howard county for fertilizer.

Annual Meeting of Fidelity and Deposit Company.

The annual meeting of the stockholders of the Fidelity and Deposit Company was held at the Fidelity and Deoccurs on the first Saturday of each posit Bulding, Baltimore, corner of month, at 2 P. M., at Monteview, on the Charles and Lexington streets, at noon Tuesday. The old directors were reelected, with one addition, in the person ot Mr. M. Gillet Gill of the firm of Martin Gillet & Co. of that city.

The new Board of Directors met immediately after the adjournment of the stockholders' meeting and re-elected Mr. Edwin Warfield, president; Mr. H. Crawford Black and Mr. Jos. S. Stonebraker, vice-presidents; Mr. Herman E. Bosler, secretary and treasurer, and Mr. Winslow Williams, counsel. The report of President Warfield. which was read at the meeting of the stockholders, showed the net earnings of the company for the past year to be \$123,370.40, which, added to the former surplus and reserve fund, raises its total to \$323,591 52. This reserve, added to

of \$500,000, makes the total resources of the company \$1,323,591 52. It was determined not to declare a lividend, the policy of the company being to retain the net earnings until they equal the capital stock, \$500,000, so that he company can with better facility transact business in various States. One feature of the report showed that the bulk of the company's business was done outside the State of Maryland.

HOOD'S MILL.

Hood's Mill, Jan. 8-Mr. Jos. Williams, aged 54 years, and an employee of the flint mill, died at 10 o'clock to day from supposed effects of flint dust. He had been in the employ of the company for nearly two years, and six months of that time was foreman. Last August he became very much enfeebled but continued to overlook his charge until one week ago when he was compelled to take to his bed. His remains were interred at Mount Pleasant, Carroll county, on Thursday.
