THE LOCAL NEWS FIELD.

men on the Frederick pike, near the present were: Mrg. Catharine Will, Mrs. Sixteen-mile House. When he reached Sixteen-mile House. When he reached a secluded place about half a mile west Henry Beutefisch, Mr. William G. Sykes, of St. Charles College, on his return home from Catonsville, one of a group of three men grabbed at the rein of his horse, while the other two made strenuous efforts to drag him from his buggy. He was, at the same time, commanded to halt. At this juncture Dr. Shipley gave his horse a hard blow with his whip and the animal plunged suddenly forward and freed itself from the grasp of the highwayman. Another lash caused the horse to quicken its speed, and Dr. Shipley was enabled to escape. One of the men, who, by the way, was a fast runner, pursued for about a half a mile but did not succeed in coming up. Dr. Shipley said that he was unarmed, and had he not made his escape as he did he would have been powerless.

Close of a Retreat. The retreat of the Christian Brothers, which began at Rock Hill College on the 7th instant, closed Monday, and those who participated in the devotions left on a special train, via the Baltimore and Ohio Railroad, for their respective stations same afternoon. In the retreat were brothers from Philadelphia, Jersey City, Paterson, Newark, Orange, and from the school in Baltimore, Calvert Hall, and St. John's College, Washington, D. C. Brother Romuald, visitor of the Baltimore district, was in charge of the retreat, and the sermons were by Father Hyacinth, of the Passionist Monastery, near Baltimore. The devotional exercises were conducted in the study hall of the college. The assignments of the brothers to their respective stations for the coming year will not be made until the conclusion of the retreat at Annapolis, the latter part of August.

Officers of the Grand Lodge of Odd Fellows came out from Baltimore to Ellicott City Thursday night to participate in public installation ceremonies for Centre Lodge, No. 40. The hall of the order was filled with a large gathering of the friends of the Odd Fellows. officers installed were: D. R. McCauley, N. G.; Wm. M. Mellor, V. G.; Mark Mellor, recording secretary, and C. F. Herrmann, permanent secretary. There was a much enjoyed program consisting of vocal solos by Mrs. George C. Maxwell, Miss Blanche Vansant and V. Grant Mercier, violin solo by Horace Isaac, selections on the piano by Miss Blanche Trueheart, a duet by Mr. and Mrs. Horace Isaac and a recitation by Miss Belle Robinson

The County School Board,

The school commissioners held a special session Monday to finish up their work for the fiscal year just closed. A number of district trustees were appointed to several of the county schools to fill the places of those who were previously appointed and failed to the place, among them being the present incumbent, Dr. L. M. Shipley, Mr. Elmer M. Harn and Mr. John T. Thompson. The Board contracted with Mr. F. A. Wayland for the building of a new School house in place of the one at Waterloo which was destroyed by fire. The cost of the building complete with furnishings, will be about \$600.

Increased Pay and More Light,

The officials of the newly organized electric light company of Ellicott City met the city council in special session Monday night to make a contract for lighting the city. The council agreed to increase the price for each light from 60 cents, the price now paid, to 80 cents per month and increase the number of lights. This will make the total cost for street lights about \$56. Under the old contract it was about \$33 per month. It was stipulated in the agreement

between the city council and the electric light company that the latter shall keep the lights burning until one o'clock each night and during the long nights from four o'clock in the morning until day-

An Old Mill to be Utilized. As soon as the ancient and weather-

worn structure can be remodelled and put in condition, the busy hum of machinery will again be heard about the tall brick flouring mill out Frederick ayenue, near Gwynn's Falls, the only services were conducted under the survivor of the once famous Three Mills. creeted generations ago. The property is now owned by Mr. Charles T. Wescott, of Chestertown. He will turn it into a manufacturing plant, the three | Ellicott City, exploded, and the employes large floors to be used by different firms for the manufacture of different articles. It is understood that one will be a shoe factory, and another a knitting concern. The work of preparing for the new enterprises is now well under way.

The Court Got "Riled,"

It is very seldom that Chief Judge Mellor, of the Baltimore County Orphan's Court, gets "riled," but his usual forbearance gave way Wednesday, when a young man from one of the back districts attempted to run the court: A witness was in the course of examination when the young man chimed in and told the witness "not to tell the court another thing." He had made several remarks of an unpleasant nature and the court thought it time to assert itself. "Young man, if you say another word I will have you lodged in jail in five minutes," said Judge Mellor, sternly. This had the desired effect. Not another word did the young man say until the case was end-

The Briscoe-Towles Affair,

John Briscoe, the colored man from Washington, whose head was split open with an axe in an affray with Washington Towles, an Ellicott City colored man, is in a fair way toward getting over his in jury. His skull was trepanned at the Maryland General Hospital in Baltimore. Towles had a hearing before Justice B II. Wallenhorst Tuesday, and was held in the sum of \$1,000 for the September term of the Howard County Circuit

Sunday School Convention.

The Prince George County Sunday School Association met in convention at Laurel Monday in the Baptist Church, Mr. Frank A. Middleton in the chair, Capt. William M. Potter, secretary. Among those who participated in the not been running for several months exercises were: Rev. J. R. Fizer, Rev. H. C. Smith, Rev. W. B. Dorsey, Rev. Mr. Nicolls, Rev. N. Smith, Rev. John II. G. H. Nock, and Messrs. F. H. Smith, William M. Potter, and Gilbert D. Fox. Mr. and Mrs. H. C. Griffith returned the ensuing year: President, Frank A. Middleton; vice president, B. W. Leaman; secretary, Gilbert D. Fox; treasurer, George L. Britt; executive committee, Rev. John H. Dills, George W. Wollett, Capt. Wm. M. Potter and William Snowden.

To make your business pay, good health is a prime factor. To secure good health, the blood should be kept pure and business pay, good meteor which went southwest.

CHARLES BURGESS. Died, on Friday, July 12, 1895, Charles, the youngest son of Sarah and the late John Burgess, aged 18 years, 1 month and 7 days.

Death's cruel dart has pierced our hearts, And bowed us down with grief; And beneath the silent sod Our darling Charlie sleeps.

Darling Charlie, can it be,
Thy look of love no more I'll see?
Those bright blue eyes now closed in death—I'll think of thee with my latest breath.
Earth was not fit, my darling, for thee;
God only lent thee here to me.
How can I dare to disobey.
Since He has summoned thee away.

BY HIS MOTHER.

Chariie's chair is empty now. The voice we loved is stilled; A place is vacant in our home Which never can be filled.

By His Brothers.

Progress of Corporate Surety. The Fidelity and Deposit Company of Maryland, whose office is in Baltimore and whose principal business is that of giving surety bonds of every description is out with a statement showing the condition of its affairs at the close of business June 29th last. This statement shows that the resources of the company now amounts to \$1,337,767.30, excluding the stockholders' additional liability of \$759,000, which, if added, would make the resources \$2,037,767.30. The capital stock of the company was recently increased from \$500,000 to \$1,000,000 of which \$250,000 has been paid in thus naking the cash capital at present \$750,-000. The statement also shows that the surplus reserve requirement and undivided profits are \$439,378.76, which, according to the statement of the officials of the company, is larger, in proportion

to the capital invested, than that of any other surety company in existence. The growth of the Fidelity December 31, 1894, they were \$823,591.52; haps never will again. scientious of teachers and never lets up and June 29, 1895, \$1,337,767.30. MURGAN'S.

Death of Engineer Chas. W. Smith in a Rallroad Wreck-Other News. Morgan's, July 15 .- A "bull nose," or Janney coupler, on the track caused a fatal accident shortly after midnight Friday morning of last week on the Baltimore and Ohio main line. The Earp, of the firm of W. F. Earp & Co., engine was lifted from the track and overturned killing Engineer Charles W. Smith, and injuring Fireman Wesley Beall. It was freight engine No. 426 attached to a special east-bound freight by two maids of honor, Miss Grace M. | train in charge of Conductor Rockwell. The accident happened at 12.45 o'clock. The coupler or "bull nose," as it is known to railroad men, had been dropped across the track by a freight train ahead which had parted. The engine after leaving the track went plunging headlong in the darkness over the ties, tearing up the track for about two hundred yards, where it struck the switch at the station, and finally tumbled over on its side, having turned completely around as if having come from the other direction. The station platform was torn into splinters from one end to the other. Box cars and goods were piled up in promiscuous confusion, against the paper mill warehouse which was also smashed. Engineer Smith was found under the tender, which had broken from the engine. He was killed instantly. He lived at 2036

> Fireman Wesley Beall received a conlusion of the spine, dislocation of his inkle and many cuts and bruises. Nobody else was hurt. The tracks were cleared by six o'clock in the morning, and by noon the engine was gotten back on the track and carried to Baltimore. Fireman Beall was attended by the Baltimore and Ohio physician, Dr. Bromwell, of Ridgeville, and on the first passenger train was taken to Baltimore. He was taken to his home, 1628 South Charles street, where he has a wife and two children. He is forty years of age. The body of Engineer Smith was viewed by coroner Dorsey, of Carroll county, and taken to Baltimore, his home. He was thirty-eight years old. Agent C. II. Davis, Hartsock Bros. and many others assisted the crew. Water was hastily secured thus preventing the wreck from

South Charles street, Baltimore.

taking fire.

Henry George, a rigger and repair man, while at work with the wrecking crew clearing away the debris of the wreck, was struck by the crank on a a crane car, and had his leg and arm badly bruised. He was taken to Baltimore and sent to his home, 1827 Lemon street.

The Woodbine Paper Mill has been idle for more than a month. Miss Mattie Martin, of Baltimore, is visiting her friend, Mrs. David T. Barnes. Miss Ella II. Pue is visiting friends at Sykesville.

Mr. J. M. Warfield seems to be the leading farmer of this vicinity, this harvest, having harvested and stacked his grain. Mr. F. R. Peddicord received a very severe wound on his head by the breaking of a hay fork.

The Great Seven Dollar Suit Sale. The trade of Mabley & Carew, the celebrated Baltimore clothiers, has been enormous during the past week. And no wonder. Never before in the history of Baltimore have the public had the opportunity to buy \$12, \$15 and \$18 suits for \$7. The people are the best judges of value and when you see them crowding into the big store and many buying two and three suits at a timeanticipating their wants knowing they will wait many a long day for such an opportunity to come again—you may depend there is something extraordinary taking place. The word extraordinary does not begin to describe what is taking place. All wool suits in the very latest styles, with the finest of \$18 garments selling for \$7 is something to make the people stop and think. Don't be like Deposit Company of Maryland is almost a good many other foolish people, delay phenomenal. A glance at its three last until the pick of these choice suits are statements will show with what rapid gone. This is an opportunity which may strides it has been marching along. At the close of business, December 31, 1893, \$18 suits for \$7. Did you ever hear of its total resources were \$700,370.40; it before? No, you never did, and per-

BUSINESS COMMENT.

VALUABLE CREAM SEPARATOR As will be seen elsewhere in this issue Mr. Frank Parlett, Woodstock, aid., is advertising a cream separator. This machine is made by Mr. P. M. Sharples, West Chester, Pa., one of the most reliable manufacturers in the country. In his circular Mr. Sharples declares that he will not make a cheap machine but he will guarantee it to be reliable. With such an invention on the market any farmer with a lot of cows is certainly standing in his own light if he does not at once procure one. Take, for instance, a dairyman with 25 cows. The manufacturer will furnish him with a Separa tor on the guarantee that he can sell enough of those cows to pay for the Separator without adding a dollar to the fund, and that after having done so, he | the best. will be able to make more butter than before he got the Separator.

POINT BREEZE. Almost everybody at one time or mother has visited Point Breeze, the Coney Island of the South. This year the attractions are greater and better than any previous year, as a large sum of money has been expended to improve it, and it is now without doubt one of the tons of solid matter in the shape of most enjoyable summer resorts on the twenty three cars and two engines continent. New bowling alleys have been | through the tunnel without the slightest added and there is lishing, crabbing, boating, bathing and many other health- are of great interest and are being ful amusements. A special feature are watched by many experts. The success the open air concerts, morning and evening. Delicious meals consisting of softshell crabs, fish and chicken, etc., can be electricity for steam in the hauling of had at all hours, and at reasonable prices. City and Suburban cars run direct to Point Breeze.

MR. E. H. NORMAN, For many years with Sadler's Bryant & Stratton College has opened the Baltimore Business College at 5 N. Charles St., Baltimore. He has originated a new method whereby he is able to give a thorough and complete course of Business Training or Shorthand and Typewriting in three months at a cost of \$25. The course of study is the very best that can be had and fully up with the times. The teachers are all experienced and most competent. Don't fail to read advertisement and then write for particulars. GET A BUSINESS EDUCATION.

One of the most reliable and best Business Colleges in Baltimore is the Kane Business College, 22 W. Lexington St. There the course of study is most comusually found in an up-to-date business house. With pleasure we direct the attention of subscribers to the advertise ment of the College, feeling confident that it will be to their interest to write for particulars.

THE QUESTION IN A NUT-SHELL. Ex-Congressman Michael D. Harter of the Coinage, Weights and Measures delivered an address on "Sound Money" on the 11th inst., before the New York State Bankers' Association. He said in

substance: "If sound money secures us at all times a proper supply of money, why should we be disturbed about volume? Nations that have the smallest volume of currency do the largest business, accumulate the most wealth and are in

condition, "Tinkering with money made the war cost over \$1,700,000,000 more than it pure and unadulterated-is therefore otherwise would, not counting the prolongation of the war caused by our. creating enmity in Great Britain by obliging her people to accept from 45 to 70 cents on the dollar in our rascally greenback money.

> why not potatoes; whisky or wheat? Even Senator Sherman lent his influence to the craze, and finally we have silver bullion piled up in the Treasury for which we owe \$500,000 000, and which could not be sold today for \$300,000,000. fear of our coming to a silver basis, was broken, and the panic of 1893 was the quick and fatal end. If we weakly yield to the demand for more of the same poison, every man who has a debt to pay will sell his gold for silver, pay his debt and have enough surplus in silver left to could the debt itself, while the withdrawal of gold from circulation will re-duce our supply of money one-third and we can carry on only about two-thirds of the business of the country."

The Toledo Bee says:

heads turned by the overwhelming republican plurality in Ohio last year, when the head of the ticket had 137,087 more votes than the head of the democratic ticket. And having got it into their heads that Ohio couldn't possibly go democratic, these astute but overconfident politicians proceeded to indulge in the hazardous pastime of punishing their enemies. Yet when they come to analyze the figures they will find much food for reflection. The total vote cast in Ohio in 1892 was 861,-625, while the total vote cast in 1894 was 776,819. Harrison's vote in 1892 was 405,187 and Taylor's vote in 1894 was 413,989, a gain of something over 8,000. But the democratic vote for Cleveland in 1892 was 401,115 and the democratic vote last fall was only 276,902, a loss of 127,his wife, in which he said, "Alice, I am gone, don't make a noise." He had democratic vote is out there is not a noise. democratic vote is out there is not such a republican plurality as to make safe the ule or ruin policy of Foraker."

The Territory of Utah is preparing for Statehood and will vote on the question next November. This has been a matter at issue the past forty years. Congress granted the enabling act early in 1894, and the delegates to the Constitutional convention were elected last November. The convention assembled United States revenue officers found | the work before it, adopting the Constiand destroyed 20 gallons of "moonshine" | tution by a unanimous vote of the delegates present, only 7 of the 107 being absent. This convention was in session sixty-six days and the Constitution, which covers about 18,000 words, is incorporated in twenty-seven chapters. fine for assaulting Miss Anna Bower | Congress appropriated \$30,000 to meet near Hagerstown with a rake, and has the expenses of the convention, and this has been exceeded by almost \$9,500, a deficit for the next Congress to meet. Utah, by the census of 1890, has a population of 207,905.
