ELECTIC RAILWAY NEWS. Condemning Property at Ellicott City=

Satisfactory Settlements. The condemnation jury summoned by Sheriff Holmes, of Baltimore county, to pass upon the value of property between Catonsville and Ellicott City, which will be necessary to acquire in the building of the Edmondson Avenue, Catonsville and Ellicott City Electric Railroad, a branch of the Maryland and Columbia Railway, met at Burke's Railroad Hotel, Catonsville, Tuesday. They were driven to Ellicott City in an omnibus, where they proceeded to condemn the property of Mrs. Catherine Werner, Daniel R. McCauley, Mrs. Louisa McCauley, Mrs. Clara M. B. Dalcour, Dennis I. Kavanaugh, L. Fisher, Later in the day the jury compromised with Mrs. Werner for \$2. 400; Mrs. McCauley, \$100, and Mrs. Dalcour for \$300. Mrs. Werner's property, which is now occupied by the warehouse and lumber-yards of the Werner Brothers, will be utilized as a station for the railroad when completed to this city. It is situated near the Baltimore county end of the Patapsco bridge at Ellicott City. Among those here Tuesday besides the jurymen, were J. F. C. Talbott, Col. D. G. McIntosh, counsel for the com pany, Hon. John Hubner, vice president the contruction company, Senator John G. Rogers, of Howard county, who county, and his clerk, Wm. P. Cole.

appeared in the interest of propertyholders, Sheriff Holmes, of Baltimore Mr. Hubner said Tuesday that as soon as the condemnation jury had condemned the property and made the award work on the road would begin at once The route of the railway from Catons ville to Ellicott City is from Benzinger's lane, which is the terminus of Edmone son avenue, westwardly through the property owned by the Summit Improve ment Company to C. A. Foote's property thence through the Devere estate to the property of the late Judge Oliver Miller to the Patapaco River. It is the purpose of the company to lay out and maintain a park on or in the vicinity of the property of Mr. Wm. Crawford, one mile from Ellicott City. WORK OF THE SCHOOL BOARD,

No Schools to be Discontinued for Present-Scholastic Appointments. The Howard County School Board held a special session Tuesday to determine as to the advisability of discontinuing some of the schools in the Third district. It had been considered that there were more schools than necessary in that district to accommodate the school-going children, and to settle the matter satisfactorily, the board, at its last meeting, passed an order citing delegations from schools Nos. 5 and 9 to appear beshou'd not be closed. There was a large representation from each of these schools, and urgent appeal was made for their continuance.

John Melia, L. A. Lambert and Isaac H. Iglehart, trustees of school No. 3, appeared in behalf of that school, while school No. 5 was represented by a large delegation, composed of John W. Selby, B. P. Isaacs, John Q. Selby, William Sheppard, Thomas Easton, Edward Day, William Isaacs, Frank Selby and others. After hearing the views of both delegations and failing to reach any other conclusion satisfactory to both sides, the board decided to defer action till some future meeting and to permit both schools to continue in operation for the present.

A petition, backed by a delegation from school No. 3, First district, was before the board, asking for the erection of a new schoolhouse. The matter was referred to Commissioner Grosvenor Hanson, with power to act in the premises, The trustees of the Ellicott City High Echool were given authority to make repairs on the school to the amount of

William Wachter was appointed trustee of school No. 6, Fourth district, and B. P. Isaac and John Q. Selby, trustees of school No. 5, Third district. Morris L. Stier, of the Third district,

received a scholastic appointment to the State Normal School. One vacancy to the State Normal School and one to the St. Mary's Female Seminary remain to Miss Bessie M. Carter, daughter of Major Joseph F. Carter, of the First dis-

trict, was appointed to the free scholarship at the Maryland Institute School of Art and Design. As a result of the recent examination

for teachers' certificates, a first grade certificate was granted to Miss Annie L. Ehlers. Second grade certificates were granted to Misses A. S. Pindle, Effie A. Penn, Agnes Woodward, Cora L. Pindle and Messrs. Richard L. Cauthorn and Frank E. Smith.

Local and Miscellaneous.

It would seem that there are certain engineers of freight trains who reserve their surplus steam to be let off when they reach Ellicott City. After the station here is closed evenings there is no earthly excuse for the horrid screech that cleaves the air, under the pretense of signalling, that some of these freight engineers indulge in as they approach our city. It is particularly annoying this

time of year when windows are open. . Complaints are coming in here from almost every section of Howard county of the injurious effects of the continued dry weather, which is beginning to tell seriously on the corn and grass fields. Pastures, in many instances, are almost dried up, and the stock is suffering in consequence. Fallowing for fall seeding is likewise greatly impeded by the drouth, and in some sections a scarcity

of water is reported. Among those of Howard county-Reublicans and Democrats—who attended the Republican State Convention in session at Cambridge this week were: Chas. T. Makinson, Conrad Ilines, Joshua Mullinix, Wm. T. Ray, John J. Lilly, F. C. Higinbotham, Michael Donnelly, J. Frank Oldfield, Edward Kern, Cal. B. Ray, Jas. F. Melvin, George D. Day and others.

Mr. E. A. Talbott is reducing the height of his dwelling by cutting off the lower story. The job is a delicate one but is being well done. A large number of jacks and blocks are required. A cellar is also being put under the building. The work has not necessitated the removal of the family. The house was

formerly a University school. State's Attorney Joseph D. McGuire. who has been spending some time on the coast of Maine, returned home Sunday evening. Mrs. McGuire and their daughter, Miss Mary M. McGuire, will remain in the North until the fall. Upon his arrival here Mr. McGuire took odgings at Patapsco Heights Hotel.

Hon. William J. Hynes and wife, of Chicago, spent several days here this week as guests of the former's sister, Mrs. James Heavey. Mr. Hynes is a leading criminal lawyer of Chicago, and is known as an able Democratic campaign orator. He is a strong supporter of President Cleveland.

As will be seen by the advertisement elsewhere in this issue a grand farmers' tournament and picnic is announced for the 27th inst., at West Friendship in the fine grove of Mr. T. S. Cross, where there is plenty of shade and good water. Brass and string music have been engaged for the occasion.

The crop of peaches in the section known as the "Howard peach belt" is said to be unusally good the present season. On the farm of Mr. Edward Day, at Glenelg, in an orchard of five hundred young trees, a yield of over a thousand baskets will be realized.

There is a serious lack of hitching room at the court house. Cannot the county commissioners amend the defore it today to show cause why they ficiency in some way at a moderate cost? A movement in this direction would meet the approbation of all who are compelled to tie up there.

The next tournament will be held at Dr. Riggs' Grove, at Cooksville, Tuesday next. Youth, beauty and plenty of good music will characterize the day. Hon. John G. Rogers will make the coronation address, Mr. Martin F. Burke the charge to the knights.

Politics which were at a fever heat before the primaries have again returned to their normal condition, and it is hoped that before election day all Democrats, like the prodigal son, who strayed into foreign comitces, will see the error of their ways and return home again, when, we feel assured, the butcher will

kill the fatted calf for them. Typhoid fever prevails to some extent in our midst. The oldest son of Mr. W. T. Levering was prostrated with it but is Maxwell, Ohrman Maxwell and Albert recovering. Miss Annie, daughter of Daniel Laffy, esq., postmaster, has been confined to her bed with it for over a month, and shows no signs of improvement as yet.

New Butcher Wagon, ELKRIDGE, August 13.-Mr. Oscar Banks, blacksmith and wagon builder of Elkridge, has recently finished for Mr Louis Silbereisen, our popular butcher and candidate for the legislature, a handsome wagon which is highly creditable to all who had a hand in its construction. The body is of solid wood in three panels, painted in different colors and is hung on a platform spring running gear, which is as light as a combination of wood and metal can make it. The painting and trimming was done by Mr. H. S. Bell, and the top panel, which reads "Louis Silbereisen, Select Meats," with a natural sized roast of beef

Chicken Stealing. Howard farmers believe, from the systematic manner in which their henneries have been robbed of late, that there exists in this section a regularly organized band of thieves. In some instances, no less than a dozen chicken iouses have been robbed in a single night in one neighborhood. A few nights ago the poultry house of Mrs. Mary Ridgely, near Columbia, in the Second district, was broken into and seventy chickens carried away. It is upposed the stolen poultry is taken to the city markets and sold.

Mr. George W. Carr, grain inspector for the C. A. Gambrill Manufacturing Company at Ellicott City, stated Tuesday that more wheat had been received on that day at the flour mills than on any previous day this summer. It came by wagon loads and the teams were kept standing all day awaiting their turn to be unloaded. Nearly all the grain was grown in Howard county. It is in prime condition. The prices ranged from 68 to 71 cents per bushel.

To illustrate the Sun-

EDITOR TIMES:

paper's unfairness in publishing all matters in which Senator Gorman is spoken of or mentioned, and the suppression of the truth when doing so, I will call attention to a reported interview that Editor Abell himself had with Senator Hunter, of Virginia. In that interview by reference to the Sunpaper (and I supposed they would not deny their own printed statements) Senator Hunter is made to say that Senator Gorman was responsible for the defeat of the Wilson biil, and that according to Senator Hunter's judgment the Wilson bill would have afforded sufficient revenue. Senator Hunter's attention was called to this matter. He indignantly denied the statement as published. Said he met Mr. Abell and told him frankly what did occur in caucus and up the caucus the Senators from Louisiana, New Jersey, West Virginia and Ohio (Brice) postively refused to have anything to do with the House bill, unless certain amendments were added to it: that Hill, of New York, would not vote for it no matter what amendments were jut to it with the income tax feature in i; that the caucus broke up without any chance of agreement; that Senator Gor man called the members back and suggested and undertook the compromise without which no bill could have passed; that in his judgment whilst this bill (the Gorman bill) did not go as far as he would like, yet it was the best tariff bill that had been passed forthirtyfive years; that the bill was so fair and equitable that no party would dare to offer any material change in it, and that but for Senator Gorman's great influence no bill could have passed. Turning to Mr. Abell and looking him in the face, said. "You have been doing Senator Gorman great injustice. Your paper should stop this misrepresentation of Gorman. He alone deserves the credit for this bill and as I have said it is a good one and will wear." Now, the Wilson bill could not pass and if it had passed, would not have afforded revenue enough to run the Government by one hundred millions of dollars; would have made us ridiculous, and sank the Democratic party so deep that it never could have survived this administration. This is only a mild specimen of their garbling and suppression of facts. The Wilson bill represented the sentimental part of the Chicago platform. The Gorman the common sense, practicable feature of it. Now, there is another false idea conveyed by reading the Sunpaper. It is that our representatives will go to Annapolis with but one object in view, to wit : electing U. S. Senators, and yet every man of ordinary intelligence. knows that this legislature has nothing to do with electing Senator Gorman's successor. Senator Gorman holds over until ninety-eight, will be Senator in ninety-nine unless elected to fill a higher post, and will be Senator, the head and leader of the Democratic party when all these howlers and slanderers have passed

nuch regret that I see in one of the Baltimore papers within the last few days, also one of our county papers the report that more than twenty robberies have been committed in Ellicott City within a month. I cannot understand why correspondents should make such a report against the fair name of our little city, as it is false, and they must be aware of it. There has been but two or three cases of pretty larceny in this city within the last twelve months, and they of no amount. The only case was on the extreme border of the city, from Mr. Pearre in Baltimore county, where some thirty chickens were taken. Please correct this statement, and as for Ellicott City we have less crime than any other city of the size an ings in the country, and in all cases with one or two exceptions within the past ten years all of the offenders have been apprehended and punished.
