AN ACCURATE MAP POINTING TO THE WHEREABOUTS OF HOWARD COUN-TY, AND CARROLL COUNTY ON LINE OF B. & O. R. R. ADJOIN-HOWARD COUNTY, CAPI-TAL, ENERGY AND GENIUS.

What follows herewith is a full and most creditable Classified Business Directory, embracing the larger portion of the business houses, manufacturing establishments, financial and professional interests as above men-

This chart comprises the names of the enterprising and leading citizens who are in the full enjoyment of honorable reputations in the sphere of commerce. The mention in each case is brief, but sufficiently full to indicate clearly the nature and extent of each firm or individuals business or profession. And while we in justice qualify our assertion in regard to the names on this chart, we claim for them, over and above all, that they are distin-guished for enterprise, ability and success. They are our foremost lawyers, bankers, merchants, manufacturers, etc., and taken together they may be fairly regarded as leaders in the different departments of commercial and industrial activity.

Those who receive this chart will do well to retain it and post it in a conspicuous place in their office or place of business as it will prove of value as a ready reference sheet being carefully compiled, convenient in form and comprehensive in character.

To the general public this directory will not be without interest, supplying them with a reference whereby they may easily locate any business house with which they may have business to transact.
