This medicine bears no analogy whatever This medicine bears no analogy whatever to others of similar title, so commonly complained of as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is mild in its operation that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body, but will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the proor offensive, and thereby prevent the pro-duction of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humors and eruptions, feverish and billious complaints, and are the anfest and iniidest purgative that can be used A dose of this medicine given occasionally

during the warm season, will effectually pre-vent the "vomiting and purging of chil-dren," a dreadful disorder, which annually destroys thousands of the infant part of our citizens, it is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint.— Particular and plain instructions are given for overy part of the necessary treatment in such cases.

TAPE-WORM.

Mr. Samuel Fuller, inn-keeper on the Hart. Mr. Samuel Fuller, inn-keeper on the Hartford, ten miles from Baltimore, began about
12 months ago, to be gricvously afflicted
with a tape-worm, which increased fast in
size and strength, so as to excite the most
horrid sensations by its writhing motions
and intelerable pains, resembling the gnawing and tearing of his bowels, which deprived him of his necessary sleep, and caused
such dreadful apprehensions as cannot be
described but by one in a similar situation;
his appeated such dramitly, and with that his appetite declined rapidly, and with that his strength, so that he was unable to attend to any business; when he heard of some exto any numers i when he hamilton's Worm Lozenges, he took a large dose, which brought away about 4 yards (now in posses-sion of H. Lee); but a renewal of his pains soon convinced him that this monatrous rep-tile had recovered its first vigour. Applicawith advice, from which resulted the tot of expulsion of his formidable enemy, in several pieces; which he supposed to be six or

eight yards merci. A first weeks have eines einesed, and Mr. Fulker in new in perfect health. The above facts are well known to a numerous circle of his. neighbord, and he himself will gratify any who may wish to make further inquiries in the subject.

Although Hamilton's Worm Lourages predicts such pea erfectly innocent and mild in their operation on the human body, even when taken in large doses as Mr. Fuller will testify. Their peculiar mildness is abundantly evident in the following cures of infants.

It would be ungrateful were I to withhold
my testimony in favor of Hamilton's Worm

3 and 6 years past much indisposed, and latterly often tornented with sever griping and pains in the bowels, troubled with offensive breath, with violent feverish fits, and other obvious symptoms of worms; but frequently hearing your Worin Lozenges recommended in cases similar to mine, I determined on a trial of them, as my last resource. The first evacuated twelve or thirteen teet of a tape worm, two other doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. I suppose the tape worm, voided at different times, must in the whole have exceeded 40 feed. The almost incredible beacht I received from this medicine, induced me to ceived from this medicine, induced me to give a dose to a child of mine who was pining and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches long, and at the same time restoring a good

long, and at the state of health.
