LEE'S

Worm-Destroying Lozenges.
 THIS Medicine, which is as innocent and mild as it is efficacious in its operation, cannot injure the youngest Infant, should no worms exist in the body; but will without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal diseases.

Among the symptoms attending worms, are disagreeable breath, especially in the morning—bad and corrupted gums—itching at the nose and about the seat—convulsions and epileptic fits, and sometimes privation of speech—starting and grinding of the teeth in sleep—irregular appetite, sometimes loathing food and sometimes voracious—purging, with limy and fetid stools—vomiting—large and hard belly—pains and sickness at the stomach—pains in the head and thighs, with loss of spirits—al w fever, with small and irregular pulse—a dry cough—excessive thirst—sometimes pale and uncalthy countenance, and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms, should have immediate recourse to Lee's Worm-Destroying Lozenges, which have been constantly attended with success in all complaints similar to those above described.

From the many cures of cures that daily come to our knowledge, we have selected the following:
Messrs. Mich. Lee & Co.
 Observing that my son, six years of age, was troubled with difficulty in breathing, (something frequently rising in his throat;) restlessness at night, loss of sleep, &c. From those symptoms I was confident he had worms, and having procured a box of Lee's Worm-Destroying Lozenges, the first dose expelled twenty-three large worms, which gave him immediate relief—he now enjoys a good state of health, and I believe I can from experience say, that Lee's Lozenges are the most efficacious remedy for worms now in use.

THOMAS PETERS,
 of the late firm of Peters & Johnson.
 Baltimore, July 1, 1810.

Messrs. Mich. Lee & Co.

A child of Mr. Henry Grimes, near Mr. E. Betts's nail factory, was for upwards of 18 months violently afflicted with sickness, which appeared to proceed from worms, the symptoms were restlessness at night, debility, pains in the legs, loss of flesh, &c. After having the advice of an eminent physician, and trying a variety of medicines without success, the afflicted parents were advised to try Lee's Worm-Destroying Lozenge, which expelled during the operation of the medicine, a great quantity of large worms, some of which measured 12 inches—the child now enjoys a good state of health.
 Baltimore, June 8, 1808.

Messrs. Mich. Lee & Co.

You are at liberty to publish the astonishing cure performed by your Lozenge: on my son, ten years old, who was afflicted with fever, pain in his side, and a continual headache, which reduced him so low that he was unable to sit up. One of my neighbors advised me to use your Lozenges, which has had the happy effect of restoring him to a better state of health than he has enjoyed for several years, in the short space of 17 days.
JOHN KELLY,
 Pitt-street.

Messrs. Mich. Lee & Co.

My son, five years old, has for some time past been very unhealthy, having fever, headache and loss of appetite. Hearing of the many cures performed by your Worm Lozenges, I was induced to give them a trial. The effect was beyond my expectation, as a large quantity of small worms was expelled; hundreds of them were alive for some time after.
JOHN KENNEDY,
 Potter-street.

Edward Higgins, South-street, Baltimore,

administered Lee's Lozenges agreeable to the directions, to his child of 14 months old—the first of which expelled a worm measuring 20 inches long and near half an inch thick—the second dose expelled another 16 inches long and the same thickness, and a quantity of small worms mixed with slime, &c. The child enjoys a good state of health.

In submitting the above scheme to the public, the Managers will not attempt any eulogium on the importance or necessity of the object in view. They believe that, at this time, not a doubt exists in the mind of any well informed person, of the efficacy of this vaccine matter as a safe and certain preventative of the Small Pox. The difficulty, and it might be added the impossibility, of preserving this remedy without the aid of an Institution, (such as is intended to be established and supported by the profits arising from this Lottery) is also well known. But it is proper to observe, that this Institution not only contemplates to preserve the genuine Vaccine Matter for the use of the citizens of this state, but also to give it, at all times, free of every expence, (with directions when required) to any of them who may have occasion to use it. To aid them in accomplishing objects such as these, the Managers feel confident of the liberal and prompt support of the public.

Negro Boy GEORGE.

RANAWAY from the subscribers, on Tuesday evening last, a *Negro Boy*, about twelve years of age. He had only on, (being playing about our store door prior to his going off) his coarse linen shirt, calico jacket and blue nankin pants. He was bought from L. D. Teachle, Esq. Princess-Anne, Somerset county, and may probably endeavor to get off in some of the Eastern Shore boats for that place. It may also be, that an uncle of his, named Oliver, who follows the water, may have secreted him, or that some Georgia man may have kidnapped him. The boy is stout and well made, with a good countenance pretty black, speaks correctly, and will instantly answer to the name of George. If detected, on being questioned, he will appear confused.—We request constables and the public generally, if they observe such a boy lurking in their neighborhood to secure him. Five Dollars reward will be given if taken in the city—Ten Dollars if in the county, and 20 dollars if in any other county in the state.
WARNER & HANNA,
 B. Sellers, Baltimore.
 N. B. We have some idea he may be lurking about the wharves, particularly from F. M. M. Henry's ship-yard through Frederick-st. up to Mr. M. Henry's corner, county wharf.
