Prevention better than Cure. For the Prevention and Cure of Bilious and

Malignant Fevers, is recommended HAHN'S ANTI-BILIOUS PILLS. Prepared (only) by H. L.E.B., 56 Muiden Lane, New York.

THIS Medicine has, for ten years past, been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West-Indies, and the southern of the United States, particularly in Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston and Savannah. The testimony of a number of persons in each of the above places has been adduced, who have reason to believe that a timely use of this salutary remedy has, un-der Providence, preserved their lives when

in the most alarming circumstances.

Facts of this conclusive nature, speak more in favour of a medicine than columns of pumpous eulogy founded on mere assertion could do.

It is not indeed presumptuously proposed

as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these pills, taken once every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative—and further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the wer of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by all persons in every situation, and of every age. They are excellently adapted to earry off a sperituous bile, and prevent its morbid se-

supertuous bite, and prevent its mornid se-cretions—to restore and amend the appetite —produce a free perspiration, and thereby prevent colds, which are often of fatal con-sequences. A disc never fails to temore a cold, if taken on its first appearance. They are celebrated for removing hapitual cos-tiveness—sickness at the stomach and head ache and ought to be taken by all persons on a change of climate. They have been found remarkably efficaci-

ous in preventing and coring disorders at-tendant on long voyages, and should be pro-cured, and carefully preserved for use by

Certificate of Mr. William Devenney. During the last nine years, I have been in the hebit of using Helm's Anti-Bilious Pills, prepared by the late Mr. Lee, whenever colds, head-aches or costiveness have rendered medicine necessary; in these cases a single dose has uniforally removed my head-ache, and has generally been found sufficient to remove every ramptom of cold, if taken on its first appearance. Induced by the benefit received, I have for many years past recommended them to many of my friends, and I have the pleasure to inform you, they have invariably succeeded, in removing the

above complaints. Yours, &c. Wm. DEVENNEY, 145, Cherry-street, New-York.

HAMILTON'S

Celebrated Worm-Destroying Lozenges,

Which there is reason to believe, have, within ten years past, cured upward of two hundred thousand persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from worms, and from obstructions or foulness in the stomach and bowels.

This medicine bears no analogy whatever

This medicine hears no analogy whatever to others of similar title, so commonly complained of as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is mild in its operation that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body, but will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the proor offensive, and thereby prevent the pro-duction of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humors and eruptions, fererish and bilious complaints, and are the safest and mildest purgative that can be used

on any occasion

A dose of this medicine given occasionally during the warm season, will effectually pre-vent the "vomiting and purging of chil-dren," a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy, known, and has rescored to certain rementy, known, and has restored to health and strength a great number when in an advanced stage of this fetal complaint.— Particular and plain instructions are given for every part of the necessary treatment in

such cases.
Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

Cases of Gures, selected from thousands, the authenticity of which any person may ascertain, either by letter or personal application; not being performed in Europe, nobody knows where—but at home.

TAPE—WORM.

Mr. Samuel Fuller, inn-keeper on the Hart. Mr. Samuel Fuller, inn-keeper on the Hart-ford, ten miles from Baltimore, began about 12 months agb, to be grievously afflicted with a tape-worm, which increased fast in size and strength, so as to excite the most horrid sensations by its writhing motions and intolerable pains, resembling the gnaw-ing and tearing of his bowels, which depriv-ably of his necessary aleen and account ing and tearing of his bowels, which deprived him of his necessary sleep, and caused such dreadful apprehensions as cannot be described but by one in a similar situation; his appetite declined rapidly, and with that his strength so that he was unable to attend to any business; when he heard of some excellent cures performed by Hamilton's Worm cellent cures performed by Hamilton's Worm Lozenges, he took a large dose, which brought away about 4 yards (now in possession of H. Lee); but a renewal of his pains soon convinced him that this monstrous reptile had recovered its first vigour. Application was mide for more of the medicine, with advice, from which resulted the total expulsion of his formidable enemy, in several pieces, which he supposed to be ais or

which makes to the trouble hade these shiped, and life. Their is more in purfect hader. The above their are will life out to a purserous cipcle of his notification, and he bisself will shally any schooling wish to make further inquiries on the subject.

Although Hamilton's Worm Losesheb produce such powerful effects, when necessary, yet they are perfectly innovent and mild in their operation on the human body, even when taken in large doses as hir, fuller will testify. Their peculiar inidness is abundantly evident in the following cures of infants.

Letter from Mr. Henry Ackteman, brick layer, in Magazine-street, near Broadway, New-York,

New York.

It would be ungrateful were I to withhold
my testingony in favor of Hamilton's Worm
destroying Lozenges. I had been between
5 and 6 years past much indisposed, and latterly often tormented with severe griping and pains in the bowels, troubled with affentive breath, with violent feverish fits, and other obvious symptoms of worms; but frequently hearing your Worm Lozenges recommend-ed in cases similar to mine, I determined on ed in cases similar to mine, I determined on a trial of them, as my last resource. The first exacusted tivelve or threten feet of a tape worm, two other doses were taken, which brought away a quantity of matter broken like akins and pieces of worms. I suppose the tape worm, voided at different times, must in the whole have exceeded 40 feet. The almost incredible benefit I received from this medicine, induced ne to give a dose to a child of mine who was pining and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches long, and at the same time restoring a good long, and at the same time restoring a good long, and as the state of health.

By once using Lee's Sovereign Ointment. The proprietor informs those persons and families who are suffering under this disease (against the infection of which no person is safe) that if this ointment is used at night on going to bed it never fails to perform a cure by the following morning, as thousands who have used it during the last ten years can testify. The peculiarl excellencies of this infallible remedy for the itch, over every other, are the certainty of the cure by a single application; the ingredients being so innocent as to be applied with perfect safety innocent as to be applied with perfect safety to the tenderest infast; and its being no only free from any offensive smell, but equal-ly agreeable with the pleasancest pomatum-
