world since first discovered by D. Church;
it has restored to life many thousands of
the most emaciated objects, both of human and

used without effect, and he in attendance of
the faculty consulted in vain. It is a sove-
reign, speedy, and effectual remedy in catarrhs,
stretches of breath, tickling in the throat,
tightness in the chest, whooping cough, sore
throat, wheezings, congealed phlegm, spitting
of blood, soreness of the breast and stom-
ach, &c. asthma and consumption, and all disor-
ders of the breast and lungs.

**LEE'S
Worm-Destroying Lozenges.**

THIS Medicine, which is as innocuous and
mild as it is certain and efficacious in its op-
eration, cannot injure the youngest infant,
should no worms exist in the body, but will
without pain or griping, cleanse the stomach
and bowels of whatever is foul or offensive,
and thereby prevent the production of worms
and many fatal diseases.

Among the symptoms attending worms are
disagreeable breath, especially in the morning
—ad and corrupt gums—itching at the
nose and about the seat—convulsions, a d
epileptic fits, and sometimes privation of speech
—starting and grinding of the teeth in sleep
—irregular appetite, sometimes loathing of food
and some times voracious—purgings, with slimy
and fetid stools—vomiting—large and hard
belly—pains and sickness at the stomach—
pains in the head and thighs, with looseness of
spirits—slight fever, with small and irregular
pulse—a dry cough—excessive thirst—some-
times pale and an unhealthy complexion, and
at times the face bloated and flushed.

Persons afflicted with any of the above sym-
ptoms, should have immediate recourse to Lee's
Worm-Destroying Lozenges, which have been
constantly a tried and successful in all com-
plaints similar to those above described.

From the many cases of cures that daily
come to our knowledge, we have selected the
following:
Messrs. Mich. Lee & Co.

Observe that my son, six years of age,
was troubled with difficulty in breathing,
(something frequent rising in his throat)
restlessness at night, loss of sleep, &c. From
those symptoms, I was confident he had worms,
and having procured a box of Lee's Worm-
Destroying Lozenges, the first dose expelled
twenty-three large worms, which gave him
immediate relief—He now enjoys a good state
of health, and I believe I can from expe-
rience say, that Lee's Lozenges are the most effi-
cacious remedy for worms now in use.

THOMAS PETERS,
of the late firm of Peters & Johnson
Baltimore, July 1, 1810.

Messrs. Mich. Lee & Co.
A child of Mr. Henry Grimes, near Mr.
E. Briggs's mill, was for upwards of 18
months afflicted with sickness, which
appeared to proceed from worms, the symp-
toms were restlessness at night, debility, pain
in the legs, loss of sleep, &c. After having
the advice of an eminent physician, and using
a variety of medicines without success, the af-
flicted parents were advised to try Lee's
Worm-Destroying Lozenges, which expelled
during the operation of the medicine, a great
quantity of large worms, some of which mea-
sured 12 inches—the child now enjoys a good
state of health.

Baltimore, June 8, 1809.

Messrs. Mich. Lee & Co.
You are at liberty to publish the astonish-
ing cure performed by your Lozenges, in my
son, ten years old, who was afflicted with
fever, pain in his side, and a continual head-
ache, which reduced him so low that he was
unable to sit up. One of my neighbors ad-
vised me to use your Lozenges, which has had
the happy effect of restoring him to a better
state of health than he has enjoyed for sev-
eral years, in the short space of 17 days.

JOHN KELLY,
Post-office.

Messrs. Mich. Lee & Co.
My son, five years old, has for some time
past been very unhealthy, having fever, in-
digestion, a loss of appetite, and a continu-
ing cough performed by you. With your Lozenges,
I was induced to give him a trial. The ef-
fect was beyond my expectation, as a large
quantity of large worms was expelled, and
others of them were alive for some time after.

JOHN KENNEDY,
Post-office.

Edward Higgins, South-street, Baltimore,
advised me to use your Lozenges, agreeable to the
directions, to his child, 14 months old—the
first of which expelled worms measured 20
inches long and nearly half an inch thick—the
second dose expelled worms 16 inches long and
the same thickness, and a quantity of small
worms mixed with slime, &c. The child en-
joys a good state of health.
