THIS Medicine has, for ten years past, been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West-Indies, and the southern of the United States, particularly in Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston and Savannah. The testimony of a number of persons in each of the above places has been adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most aiarming circumstances.

Facts of this conclusive nature, speak more in favour of a medicine than columns of

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these pills, taken once every two weeks, during the prevalence of our bitious fevers, will prove an infallible preventative—and further, that in the earlier stages of those diseases, their use will very generally succeed in restring health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The oper tion of these pills is perfectly mild, so as to be used with safety by all persons in every situation, and of every age.

During the last nine years, I have been in the habit of using Halm's Anti-Bilious Pills, prepared by the late Mr. Lee, whenever colds, head-taches or costiveness have ren-dered medicine necessary; in these cases a single doschas uniformly removed my headache, and has generally been found suffic-ent to remove every symptom of cold, if tak-ta on its first appearance. Induced by the benefit received, I have for many years pust recommended them to many of my friends, and I have the pleasure to inform you, they have invariably succeeded, in removing the

Celebrated Worm-Destroying Lezenges, Celebrated Worm-Destroying Lezenges, Which there is reason to believe, have, within ten years ast, cured upward of two handred thousand persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from worms, and from abstructions or foulness in the stomach and howels.

This medicine bears no analogy whatever of similar title, so commonly com-

It contains nothing but what is perfectly innocent, and is null in its operration that it cannot utjure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body, but will, without pain or griping, cleanse the stometa and bowels of whatever is foul or offensive, and thereby prevent the pro-duction of worms and many fatal disorders. TAPE—WORM.

Mr. Sanuel Fuller, inn-keeper on the Hartford, ten miles from Baltimore, began about 12 months ago, to be grievously afflicted with a tage-wore, which increased fast in size and strength, so as to excite the most horid secuntions by its writing motions and intrierable pains, resembling the gnawing and tearing of his bowels, which deprived him of his necessary sleep, and caused such dreadful apprehensions as cannot be described but by one in a similar situation; his appetite disclined rapidly, and with that las strength, so that he was unable to attend to any business; when he heard of some excellent egres perferred by Hamilton's Worm Lozenges, he took a large dose, which brought away about 4 yards (now in possession of H. Lee); but a renewal of his pains soon convinced him that this monstrous reptile had recovered its first vigour. Application was made for more of the medicine, with advice, from which resulted the total atpulsion of his formidable enemy, in aeveral pieces, which he supposed to be set or Mr. Samuel Fuller, inn-keeper on the Hart.

Although Hamilton's Worn Lozenges produce such powerful effects, when necessary, yet they are perfectly innocent and mild in their operation on the human body, even when taken in large doses as Mr. Fuller will testify. Their peculiar mildness is abuncantly evident in the following cures of infants.

It would be ungrateful were I to withhold my teatimoty in favor of Hamilton's Worgs destroying Lozenges. I had been between 5 and 6 years past much indispose, and laterly often tormented with severe griping and pains in the bowels, troubled with offensive breath, with violent feverish fits, and other obvious symptoms of worms; but frequently learing your Worm Lozenges recommended in cases similar to mine, I determined on a trial of them, as my last resource. The ed in cases similar to mine, I determined on a trial of them, as my last resource. The first evacuated twelve or thirteen feet of a tape worm, two other doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. I suppose the tape worm, voided at different times, must in the whole have exceeded 40 feet. The almost incredible henefit I received from this medicine, induced me to give a dose to a child of mine who was pining and sickly; it produced the same good give a dose to a child of mine who was pin-ing and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches long, and at the same time restoring a good state of health.
