HAHN'S ANTI BILIOUS PILLS. Prepared (only) by H. L.E.B., 56 Maiden Lane, New York.

THIS Medicine has, for ten years past, in been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West-Indies, and the southern of the United States, particularly in Bahimore, Petersburg, Richmond, Nor-Challe Eductor, Williamston, Charleston and folk, Edenton, Wilmington, Charleston and Savannah. The testimony of a number of persons in each of the above places has been solduced, who have reason to believe that a stimely use of this salutary remedy has, un-der Providence, preserved their lives when in the most alarming circumstances. Facts of this conclusive nature, speak more in favour of a medicine than columns of

pompous eulogy founded on reere assertion

It is not indeed presumptuously proposed seen infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a extensive experience, for helicumg that a dose of these pills, taken once every two weeks, during the prevalence of our briticus fevers, will prove an infallible preventative—and further, that in the earlier stages of those distance, their use will very generally succeed in restering health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly with, so as to be used with safety by all rer-

Certificate of Mr. William Devenney.

During the last nine years, I have been in the habit of using Hain's Anti-Bilious Pills, prepared by the late Mr. Les, whenever colds, head-aches or costiveness have rendered medicine necessary; is there cases a single dose has uniformly removed my headache, and has generally been found suffici-ent to remove every symptom of cold, if taken on its first appearance. Induced by the benealt received, I have for many years past recommended them to many of my friends, and I have the pleasure to inform you, they have invariably succeeded, in removing the above complaints. HAMILION'S

Celebrated Worm-Destroying Lozenges, Which there is reason to believe, have, within ten years past, cured upward of two hundred thousand persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from worms, and from obstructions or foulness in the stoach and bowels. This medicine bears no analogy whatever

to others of similar title, so commonly com-plained of as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is mild in its ope-stion that it cannot might the most delicate gation that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body, but will, without pain or griping, cleanse the stomach and bowels of whatever is foul the stomach and dowers or whatever is four or offensive, and thereby prevent the production of worms and many fatal disorders.

The lozenges are particularly efficacious in carrying off all gross humors and eruptions, safest and mildest purgative that can be used

O'I any occasion A dose of this medicine given occasionally during the warm season, will effectually pre-went the "vomiting and purging of chil-dren," a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has reatored to health and strength a great number when in an advanced stage of this fatal complaint.— Particular and plain instructions are given every part of the necessary treatment in

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

TAPE-WORM. Mr. Samuel Fuller, inn-keeper on the Hart ford, ten miles from Baltimore, began about ford, ten miles from Baltimore, began about 18 months ago, to be grievously afflicted with a tape-worm, which increased fast in size and strength, so as to excite the most horrid sensations by its writhing motions and intolerable pains, resembling the gnawing and tearing of his bowels, which deprived him of his necessary sleep, and caused such dreadful apprehensions as cannot be described but by one in a similar situation; his appetite declined rapidly, at with that he strength, so that he was unable to attend to any business; when be heardef some excellent cures performed by Hamilton's Worm Lozenges, he took a large dose, which cellent cures performed by Hamitto's Worm Lozenges, he took a large dose, which brought away shout 4 yards (now in possession of H. Lee); but a renewal of his pains soon convinced him that this monstrous reptile had recovered its first vigour. Application was made for more of the medicine, with advice, from which resulted the total expulsion of his formidable enemy, in several pieces, which he supposed to be six or

clapsed, and Mr. Faller is now as perfect scatch. The above ficts are well known to

health. The above ficts are well known to a sumerous circle of his neighbors, and he kimself will gratify any who may wish to make further inquiries on the subject.

Albough Hamilton's Worm Losinges produce such powerful effects, when necessary, yet they are perfectly innocent and mild in their operation on the human body, even when taken in large doses as Mr. Fuller will testify. Their peculiar mildness is abuncantly evident in the following curts of infants.

Letter from Mr. Heury Ackerman, brick layer, in Magazine-street, near Proadway

It would be ungrateful were I to withhold It would be ungrateful were I to withhold my testimony in favor of Hamilton's Worm destroying Loxenges. I had been between 5 and 6 years fast much indisposed, and latterly often to miented with severe griping and pains in the bowels, troubled with offensive breath, with viocent feverish fits, and other obvious symptoms of worms; but frequently hearing your Worm Lozenges recommended in cases similar to mine, I determined on a trial of them. as my last resource. The ed in cases similar to mine, I determined on a trial of them, as my last resource. The first evacuated twelve or thirteen feet of a tape worm, two other doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. I suppose the tape worm, voided at different times, must in the whole have exceeded 40 feet. The almost incredible benefit I refeet. The almost incredible benefit I rerive a dose to a child of mine who was pin-ing and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches long, and at the same time restoring a good state of health.
