In submitting the above scheme to the public, the Managers will not attempt any eulogium on the importance or necessity of the object in view. They believe that, at this time, not a doubt exists in the mind of any well informed person, of the efficacy of the Kine Pock as a safe and certain preventative of the Small Pox. The difficulty, and it might be added the impossibility, of preserving this remedy without the aid of an Institution, (such as is intended to be established and supported by the profits arising from this Lottery) is also well known. But it is proper to observe, that this Institution not only contemplates to preserve the genuine Vaccine Matter for the use of the citizens of this state, but also to give it, at all times, free of every expence, (with directions when required) to any of them who may have occasion to use it. To aid them in accomplishing objects such as these, the Managers feel confident of the liberal and prompt support of the public.

The Scheme on an attentive examination, will be found to afford inducements to adventurers, at least equal to any heretofore proposed in this city. All prizes will be paid within sixty days after the drawing is completed.
