Lane, New York,
THIS Medicine has, for ten years past,
been attended with a degree of success
highly grateful to the inventor's feelings, in
several parts of the West-Indies, and the
southern of the United States, particularly
in Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston and
Savannah. The testimony of a number of persona in each of the above places has been adduced, who have reason to believe that a timely use of this salurary remedy has, under Providence, preserved their lines when in the most alar ning circumstances.

Facts of this conclusive nature, speak more favour of a medicine than columns of pumpous eulogy founded on mere assertion could its.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from every possible reason that can result from extensive experience, for believing that a dose of these pills, taken once every two weeks, during the prevalence of our bilious fevers, will prove an intallible preventative—and further, that in the earlier stages of those discases, their use will very generally aucceed in restoring leakth, and frequently in cases esteamed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by all persons in every situation, and of every age.

They are excellently adapted to sarry off superfluous bile, and prevent its morbid secretions—to restore and amend the appetite—produce a free perspiration, and thereby

-produce a free perspiration, and thereby prevent colds, which are often of fatal con-sequences. A dose never fails to remove a cold, if taken on its first appearance. are celebrated for removing hapitual cos-tiveness—sickness at the stomach and head ache—and ought to be taken by all persons change of climate.

They have been found remarkably efficacious in preventing and curing disorders at-tendant on long voyages, and should be pro-cured, and carefully preserved for use by every scaman.

Certificate of Mr. William Devenney. Certificate of fire. I made December.

During the last nine years, I have never in the habit of using Itaha's Anti-Billous Pills, prepared by the late. Mr. Lee, whenever colds, head-aches or costiveness have rendered medicine necessary; in these cases a single dose has uniformly removed my headache, and has generally been found suffici-ent to remove every symptom of cold, it taken on its first appearance. Induced by the sensitive testived, I have for many years past eccommended them to many of my friends, and I have the pleasure to inform you, they

have invariably succeeded, in removing the

abore complaints. Yours, he.

HAMILTON'S

Celebrated Worm-Destroying Lozenges, Which there is reason to believe, have, which there is reason to better, nave, within the years past, cured upward of two hundred in mand persons of both sexes, of every age, and in every situation of various dangerous complaints arising from worms, and from observations or follows in the stomuch and bonels.

This medicine bears no analogy whatever This medicine bears no analogy whatever to others of similar title, so coat in all complained of as operating with violence; on the contrary, a particular excetlence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is mild in its operation that it cannot injure the most delicate pregnant lady, or the ten lerest infant of a week oil, should no worms exist in the body has well without nain or existing, cleanse dy, but will, without pain or griping, clearse the stomach and bowels of whatever is foul or offensive, and thereby prevent the pro-duction of worms and many fatal disorders. The lozenges are particularly efficacious in carrying of all gaess humors and cruptions, feverish and bilious complaints, and are the safest and mitdest purgative that can be used

on any occasion / A dose of this medicine given occasionally during the warm season, will effectually pre-vent the " vomiting and farging of chil-dron," a dreadful disorder, which annually destroys thousands of the intant part of our citizens. It is likewise the middest a d most certain remady known, and has restored to health and strength a great number when in an advanced stage of this fital complaint.— Particular and plain instructions are given for every part of the necessary treatment in

TAPE-WORM. Mr. Samuel Fuller, inn-keeper on the Hart-ord, ten miles from Baltimore, began about ford, ten miles from Baltimore, began about 12 months ago, to be grievously afflicted with a tape-worm, which increased fast in size and strength, so as to excite the most horrid sensations by its writhing motions and intolerable pains, resembling the gnawing and tearing of his bowels, which deprived him of his occessary sleep, and caused such dreadful apprehensions as cannot be described but by one in a similar situation; his appetite declined rapidly, and with that has strength so that he was unable to attend to any business; when he heard of some exms strength so that he was unable to attend to any business; when he heard of some ex-cellent cores performed by Hamilton's Worm Lozenges, he took a large dose, which brought away shout 4 yards (now in posses-sion of H. Lee); but a renewal of his pains soon convinced him that this monstrous rep-sile had recovered its first vigous. Applies soon convinced nim that this menistrous rep-tile had recovered its first vigour. Applica-tion was made for more of the medicine, with advice, from which resulted the total expulsion of his formidable enemy, in several pieces, which he supposed to be six or eight yards mere. A few weeks here since eleped, and Mr. Fuller is now in perfect health. The above facts are well known to a nurserous circle of his neighbors, and he himself will gratify any who may wish to make further inquiries on the subject.

Although Hamilton's Worm Lozenges produce such powerful effects, when necessary, we they are perfectly innocent and mild

ry, yet they are perfectly innocent and mild in their operation on the human body, even when taken in large doses as Mr. Fuller will testify. Their peculiar mildness is a-bundantly evident in the following cures of

Letter from Mr. Henry Ackerman, brick-layer, in Magazine-atreet, near Broadway,

New-York.

1 would be ungrateful were I to withhold

The world be ungrateful were I to withhold my testimony in favor of Hamilton's Worm destroying Lozenges. I had been between 5 and 6 years past much indisposed, and latterly aften tormented with severe griping and pains is the bowels, troubled with offensive breath, with violent feverish fits, and other obvious symptoms of worms; but frequently hearing your Worm Lozenges recommended in cases similar to mine, I determined on a trial of them, as my last resource. The first execusted twelve or thirteen feet of a tape worm, two other doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. I suppose the tape worm, yould at different times, must in the whole have exceeded 40 feet. The almost incredible befeft I resided from this medicine induced up to ceived from this medicine, induced me to give a dose to a child of mine who was pining and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches long, and at the same time restoring a good state of health.
