Prevention better than Cure. For the Prevention and Cure of Bilious and Malignant Ferers, is recommended HAHN's ANI'I BILLOUS PILLS. Prepared (only) by H. LER, 56 Maiden

THIS Medicine has, for ten frare past, been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West-Indies, and the southern of the United States, particularly in Haldmore, Petersburg, Richmond, Nor-folic, Edenton, Wilvangton, Charleston and Savanneli. The testimony of a number of rsons in each of the above places has been siduced, who have reason to believe that a

tum by use of this askutary remedy has, un-der Providence, preserved their lives when in the most alarming circumstances. Facts of this conclusive nature, spiak more in favour of a medicine than columns of hompous culogy founded on mere assertion

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from every possible reason that can result from extensive experience, for believing that a doze of these pills, taken once every two weeks, during the prevalence of our bilious levers, will prove an infallible preventative—and turther, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases extremed desperate, and beyond the power of common remedies. power of common remedies.

This medicine bears no analogy whatever to others of similar title, so commonly complained of as operating with voicence; on plained of as operating with voicese; on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly anocent, and is mild in its ope-ration that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body, but will, without pain or griping, cleanse the stomach and howels of whatever is foul or offensive, and thereby prevent the pro-duction of worms and many intal disorders. The lozenges are particularly efficacions in carrying off ail gross humors and cruptions, safest and mildest purgative that can be used

TAPE-WORM.

Mr. Samuel Felier, inn-keeper on the Hartford, ten naites from Baltimore, again about 12 months ago, to be grievously afflicted with a tape-worm, which increased fast in size and strength, so as to excite the most horrid sensations by its writhing motions and intolerable pains, resembling the gnawing and tearing of his bowels, which deprived him of his necessary sleep, and caused such dreadful apprehensions as cannot be described but by one in a similar situation; his appetite declined rapidly, and with that his strength, so that he was unable to attend to any business; when he heard of some excellent cures perfarmed by Hamilton's Worm Lozenges, he took a large dose, which cellent cures performed by Hamilton's Worm Lozenges, he took a large dose, which trought away shout 4 yards (now in possession of H. Lee); but a renewal of his pains soon convinced him that this monstrous reptile had recovered its first vigour. Application was meds for more of the medicine, with advice, from which resulted the total expulsion of his formidable enemy, in seve-

ral pieces, which he supposed to be aix as sight yards mare. A few weeks have since elapsed, and Mr. Fuller is now in perfect health. The above facts are well known to a numerous circle of his beighbors, and he kinnelf will gratify any who may wish to make further inquiries on the subject.

Although Hamilton's Worm Lozenges produce such powerful effects, when necessary, yet they are perfectly innocest and mild in their operation on the human body, even when taken in large doses as Mr. Fuller will testify. Their peculiar mildness is abundantly evident in the following cures of urfants.

Letter from Mr. Henry Ackerman, bricklayer, in Magazine-street, near Broadway,

New-York.
It would be ungrateful were I to withhold my testimony in favor of Hamilton's Worm destroying Lozenges. I had been between 5 and 6 years past much indisposed, and lato and 6 years past much indisposed, and lat-terly often tormented with severe griping and pains is the bowels, troubled with offensive breath, with violent feverish fits, and other obvious symptoms of worms; but frequently hearing your Worm Lozenges recommend-ed in cases similar to mine, I determined on a trial of them, as my last resource. The first evacuated twelve or thirteen feet of a first evacuated twelve or thirteen feet of a tape worm, two otver doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. I suppose the tape worm, voided at different times, must in the whole bave exceeded 40 feet. The almost incredible benefit I recoived from this medicine, induced me to give a dose to a child of mine who was pining and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches long, and at the same time restoring a good
