D. Church's Cough Drops.
A medicine unequalled by any other in the
world, since first discovered by D. Church;
it has been reported to health many thousands
of the most eminent objects, both as humane and
compassionate that were ever known to exist
both in Europe, America and the West-Indies,
and often when every other medicine had been
used without effect, and the most eminent of
the faculty consulted in vain. It is a sove-
reign, speedy, and effectual remedy in catarrhs,
soreness of the throat, whooping cough, sore
throat, wheezing, congealed phlegm, spitting
of blood, soreness of the breast and stomach,
&c. asthma and consumption, and all disor-
ders of the breast and lungs.

Prevention better than Cure.

For the Prevention and Cure of *Bilious* and
Malignant Fevers, is recommended
HAIN'S ANTI-BILIOUS PILLS.
Prepared (only) by **H. LEE, 56 Maiden
Lane, New York.**

THIS Medicine has, for ten years past,
been attended with a degree of success
highly grateful to the inventor's feelings, in
several parts of the West-Indies, and the
southern of the United States, particularly
in Baltimore, Petersburg, Richmond, Nor-
folk, Edenton, Wilmington, Charleston and
Savannah. The testimony of a number of
persons in each of the above places, has been
adduced, who have reason to believe that a
timely use of this salutary remedy has, un-
der Providence, preserved their lives when
in the most alarming circumstances.

Facts of this conclusive nature, speak more
in favour of a medicine than columns of
pompous eulogy founded on mere assertion
could do.

It is not indeed presumptuously proposed
as an infallible cure, but the inventor has
every possible reason that can result from
extensive experience, for believing that a
dose of these pills, taken once every two
weeks, during the prevalence of our bilious
fevers, will prove an infallible preventative
—and further, that in the earlier stages of
those diseases, their use will very generally
succeed in restoring health, and frequently
in cases esteemed desperate, and beyond the
power of common remedies.

The operation of these pills is perfectly
mild, so as to be used with safety by all per-
sons in every situation, and of every age.

They are excellently adapted to carry off
superfluous bile, and prevent its morbid ac-
cretion—to restore and amend the appetite
—produce a free perspiration, and thereby
prevent colds, which are often of fatal con-
sequences. A dose never fails to remove a
cold, if taken on its first appearance. They
are celebrated for removing habitual costi-
veness—sickness at the stomach and head
ache—and ought to be taken by all persons
on a change of climate.

They have been found remarkably effica-
cious in preventing and curing disorders at-
tendant on long voyages, and should be pro-
cured, and carefully preserved for use by
every seaman.

Certificate of Mr. William Devenney.

During the last nine years, I have been in
the habit of using Hain's Anti-Bilious Pills,
prepared by the late Mr. Lee, whenever
colds, head-aches or costiveness have ren-
dered medicine necessary; in these cases a
single dose has uniformly removed my head-
ache, and has generally been found suffi-
cient to remove every symptom of cold, if tak-
en on its first appearance. Induced by the
benefit received, I have for many years past
recommended them to many of my friends,
and I have the pleasure to inform you, they
have invariably succeeded, in removing the
above complaints. Yours, &c.

WM. DEVENNEY,
145, Cherry-street, New-York.

HAMILTON'S

Celebrated Worm-Destroying Lozenges,
Which there is reason to believe, have,
within ten years past, cured upward of two
hundred thousand persons of both sexes, of
every age, and in every situation, of various
dangerous complaints arising from worms,
and from obstructions or foulness in the sto-
mach and bowels.

This medicine bears no analogy whatever
to others of similar title, as commonly com-
plained of as operating with violence: on
the contrary, a particular excellence of this
remedy is its being suited to every age and
constitution. It contains nothing but what
is perfectly innocent, and is mild in its op-
eration that it cannot injure the most delicate
pregnant lady, or the tenderest infant of a
week old, should no worms exist in the bo-
dy, but will, without pain or griping, cleanse
the stomach and bowels of whatever is foul
or offensive, and thereby prevent the pro-
duction of worms and many fatal disorders.

The lozenges are particularly efficacious in
carrying off all gross humors and eruptions,
feverish and bilious complaints, and are the
safest and mildest purgative that can be used
on any occasion.

A dose of this medicine given occasionally
during the warm season, will effectually pre-
vent the vomiting and purging of child-
ren, a dreadful disorder, which annually
destroys thousands of the infant part of our
citizens. It is likewise the mildest and most
certain remedy known, and has restored to
health and strength a great number when in
an advanced stage of this fatal complaint.

Particular and plain instructions are given
for every part of the necessary treatment in
such cases.

Children generally take this medicine with
eagerness; having a pleasing appearance,
and an agreeable taste.

Cases of Cures, selected from thousands,
the authenticity of which any person may as-
ertain, either by letter or personal applica-
tion; not being performed in Europe, nobody
knows where—out at home.

TAPÉ-WORM.

Mr. Samuel Fuller, inn-keeper on the Hunt-
field, ten miles from Baltimore, began about
12 months ago, to be grievously afflicted
with a tapé-worm, which increased fast in
size and strength, so as to excite the most
horrid sensations by its writhing motions
and intolerable pains, resembling the gnaw-
ing and tearing of his bowels, which driv-
ing him of his necessary sleep, and caused
such dreadful apprehensions as cannot be
described but by one in a similar situation;
his appetite declined rapidly, and with that
his strength, so that he was unable to attend

to any business; when he heard of some ex-
cellent cures performed by Hamilton's Worm
Lozenges, he took a large dose, which
brought away about 4 yards (now in posses-
sion of H. Lee); but a renewal of his pain
soon convinced him that this monstrous re-
pelle had re-covered its first vigour. Applica-
tion was made for more of the medicine,
with advice, from which resulted the total
expulsion of his formidable enemy, in sev-
eral pieces, which he supposed to be six or
eight yards more. A few weeks have since
elapsed, and Mr. Fuller is now in perfect
health. The above facts are well known to
a numerous circle of his neighbors, and he
himself will gratify any who may wish to
make further inquiries in the subject.

Although Hamilton's Worm Lozenges pro-
duce such powerful effects, when neces-
sary, yet they are perfectly innocent and mild
in their operation on the human body, even
when taken in large doses as Mr. Fuller
will testify. Their peculiar mildness is abun-
dantly evident in the following cures of
infants.

Letter from Mr. Henry Ackerman, brick-
layer, in Magazine-street, near Broadway,
New-York.

It would be ungrateful were I to withhold
my testimony in favor of Hamilton's Worm
Destroying Lozenges. I had been between
5 and 6 years past much indisposed, and lat-
ely often tormented with severe griping and
pains in the bowels, troubled with offensive
breath, with violent feverish fits, and other
obvious symptoms of worms; but frequently
hearing your Worm Lozenges recommended
in cases similar to mine, I determined on
a trial of them, as my last resource. The
first evacuated twelve or thirteen feet of a
tapé-worm, two other doses were taken,
which brought away a quantity of matter
broken like skins and pieces of worms. I
suppose the tapé-worm, voided at different
times, must in the whole have exceeded 40
feet. The almost incredible benefit I re-
ceived from this medicine, induced me to
give a dose to a child of mine who was pin-
ning and sickly; it produced the same good
effect in this instance, expelled a worm of a
different kind, from nine to twelve inches
long, and at the same time restoring a good
state of health.

HENRY ACKERMAN.

Dr. Hamilton's Grand Restorative,

Which the inventor confidently recom-
mends as an invaluable medicine for the speedy
relief, and permanent cure of various
complaints which result from dissipated
pleasures, juvenile indiscretions, residence
in climates unfavorable to the constitution,
the immoderate use of tea, frequent intoxi-
cation, or any destructive intemperance; the
unskillful or excessive use of mercury; the
diseases peculiar to females at a certain pe-
riod of life, bad layings, &c.

And is proved by long and extensive ex-
perience to be absolutely unparalleled in the
cure of nervous disorders, consumptions,
lowness of spirits, loss of appetite, impurity
of the blood, hysterical affections, inward
weakness, violent cramps in the stomach and
back, indigestion, melancholy, gout in the
stomach, pains in the limbs, relaxations, in-
voluntary emissions, seminal weakness, obsti-
nate pleats, fluor albus, (or whites) impo-
tency, barrenness, &c. &c.

REMEDY

By once using Lee's Sovereign Ointment,
The proprietor informs these persons and fa-
milies who are suffering under this disease
(against the infection of which no person is
safe) that if this ointment is used at night
on going to bed it never fails to perform a
cure by the following morning, as thousands
who have used it during the last ten years
can testify. The peculiar excellencies of
this infallible remedy for the itch, over ev-
ery other, are the certainty of the cure by a
single application; the ingredients being so
innocent as to be applied with perfect safety
to the tenderest infant; and its being not
