persons in each of the above places has been
adduced, who have reason to believe that a
timely use of this salutary remedy has, under Providence, preserved their lives when
in the most alarming circumstances.

weeks, during the prevalence of our bilious fevers, will prove an infallible preventative—and further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by all persons in every situation, and of every age.

They are excellently a lapted to earry off superitions—to restore and amend the appetite—produce a free perspiration, and thereby prevent colds, which are often of fatal consequences. TAPE-WORM.

Mr. Samuel I uller, inn-keeper on the Hartford, ten miles from Baltimere, began about

such dreadful apprehensions as cannot be

Although Hamilton's Weens Lozenges produce such powerful effects, when necessary, yet oney are perfectly innociat and mild in their operation on the human body, even when taken in large doses as Mr. Fuller w Itestify. Their peculiar mildicss is alternatify evident in the following cures of interest.

Letter from Mr. Henry Ackerman, brick-layer, in Magazinc-street, near Broady ay,

New-York.

It would be ungrateful were I to withhold my testimony in favor of Ifamilton's Worm deatroying Lozenges. I had been between 5 and 6 years past much indisposed, and latterly often tormented with severe griging and pains in the bowels, troubled with offer size breath, with violent feverish fits, and other obvious symptoms of worms. breath, with violent feverish fits, and other obvious syroptoms of worms; but frequently hearing your Worn. The first evacuated twelve or thirteen feet of a tape worm, two other doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. It air prose the tape worm, voided at cifferent times, must in the whole have exceeded 40 feet. The almost increditle benefit I received from this medicine; induced me to feet. The almost incredible benefit I re-ceived from this medicine; induced me to give a dose to a child of mine who was pin-ing and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches long, and at the same time restoring a good state of health. state of health.
