GENUINE MEDICINES, of the late Richard Lee, jun. as prepared by the original recipes in possession of his Wi-low in New-York, by whom they are suppli-ed, and without whose signature none are

Prevention better than Cure. For the Prevention and Cure of Bilious and Malignant Fevers, is recommended HAHN'S ANTI-BILIOUS PILLS.

Prepared (only) by II. L.E.B., 56 Maiden
Lane, New York.

PHIS Medicine has, for ten years past,
been attended with a degree of success been attended with a legree of success highly grateful to tire inventor's feelings, in several parts of the West-Indies, and the southern of the United States, particularly in Baltimore, Petersburg, Richmond, Norfolk, Edenton, Witmington, Charkeston and Javannah. The testimony of a number of persons in each of the above places has been adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most abraning circumstances.

Facts of this conclusive nature, speak more in favour of a medicine than columns of pumpous cubig founded on more assertion could do.

It is not indeed presumptuously proposed it is not indeed presumptions, proposed is an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these pills, taken once every two weeks, during the prevalence of our bitious fevers, will prove an infallible preventative—and further, that in the earlier stages of these diseases, their use will very generally

mand further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by all persons in every situation, and of every sige.

They are excellently a lapted to sarry off superfitness bile, and prevent its morbid secretions—o restore and amend the appetite—produce a free perspiration, and thereby prevent colds, which are often of fatal consequences. A dose never fails to remove a cold, if taken on its first appearance. They are celebrated for removing hapitual costiveness—sickness at the stomach and heal ache—and ought to be taken by all persons on a change of climate.

on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyage.

Lendant on long voyage.

Every seamant action proserved for use by

Certificate of Mr. William Devenney. During the last nine years, I have been in the habit of using Hahn's Anti-Binous Pills, prepared by the late Mr. Lee, whenever colds, head-aches or costiveness bave ren-dered medicine necessary; in these cases a single dose has uniformly removed my head-ache, and has generally been found suffici-ent to remove every symptom of cold, if tak-en ovits first appearance. Induced by the benefit received, I have for many years past recommended them to many of my friends, and I have the pleasure to inform you, they and I have the pleasure to inform you, they have invariably succeeded, in removing the

above complaints. Yours, & ... WM. DEVENNEY, 145, Cherry-street, New-York.

IIAMIII.TON'S Celebrated Worm Destroying Lezenges, Which there is reason to believe, have, within ten years past, cured upward of two hundred thousand persons of both sexes, of every agm, and in every situation, of various dangerous complaints arising from worms, and from obstructions or foulness in the stomach and bowels.

This medicine hears no analogy, whetever

mach and bowels.

This medicine bears no analogy whatever to others of similar title, so commonly complained of as operating with siolence; on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is mild in its operation that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body, but will, without pain or graping, cleanse. dy, but will, without pain or graping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacions in carrying off all gross humors and emptions, feverish and billious complaints, and one the safest and mildest purgative that can be used

on any occasion A dose of this medicine given occasionally during the warm season, will effect ally pre-vent the "vomiting and purging of chil-dien," a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the rolliest and most certain remedy. known, and has restored to ficalth and strength s great number when in an advanced stage of this first complaint.— Particular and plain instructions are given for a cry part of the necessary treatment in such cases.

Children generally take this medicine with

eagerness; having a pleasing appearance, and an agreeable taste.

Cases of Cures, selected from thousands the authenticity of which any person may acceptain, either by letter or personal application; not being performed in Europe, nobady knows where—but at home. TAPE-WORM.

Mr. Samuel Fuller, inn-keeper on the Hartford, ten miles from Baltimore, began about
12 months age, to be grievousy afflicted
with a tape-worm, which increased f. at in
size and strength, so as to excite the most
horrid sensations by its writhing motions
and intolerable pains, resembling the gnawing and tearing of his bowels, which deprived him of his necessary sleep, and caused
such dreadful apprehensions as cannot be
described but by one in a similar situation;
his appetite declined rapidly, and with that
has strength, so that he was mable to attend his strength, so that he was unable to attend

to any business i when he heard of a neezcellent ecres performed by Hamilton's Worm
Lozenges, he took a large dose, which
brought awa, about 4 yards (now in po. session of H. Lee); but a rene sal of his pains
soon consinced line that this monstrous reptile had recovered its first vigour. Application was made for more of the m dicinewith advice, from which resulted the total
capulsion of his formilable enemy, in several pieces, which he supposed to be six or
eight y xd. more. A few weeks have since
elapsed, and Mr. Full.r is now in perfect
health. The above facts are well known to
a numerous circle of his neighbors, and he
limself will gratiny any who may wish to
make further inquiries on the subject.

Al hough Hamilton's Weem Lozenges produce such powerful effects, when necessary, yet they are perfectly innecent and mild
in their operation on the human body, even

duce such powerful effects, when necessary, set they are perfectly innecent and mild in their operation on the human body, even when taken in large doses as Mr. Foller will testify. Their peruliar milditus is abundantly evident in the following cures of infants.

Letter from Mr. Henry Ackerman, brick-layer, in Magazine-street, near Broadway,

New-York. It would be ungrateful were I to withhold my testimony in favor of Hamilton's Worm destroying Lozenges. I had been between 5 and 6 years past much indisposed, and laterly often tormented with severe griping as depains in the bowels, troubled with offensus breath, with vio ent feverish fits, and other obvious synctoms of worms; but frequently hearing your Worm Lozenges recommended in cares sin illar to mine, I determined on a trial of them, as my last resource. The ed in cases sin ilar to mine, I determine con a trial of them, as my last resource. The first evacuated twelve or thirteen feet of a tape worm, two other doses were taken, which brought away a quantity of natter broken like skins and pieces of worms. I suppose the type worm, voided at different timer, must in the whole have exceeded 40 feet. The almost incredible benefit I refeet. The almost incredible benefit I received from this medicine, induced me to give a dose to a child of mine who was pinning and sickly; it produced the same good effect in this instance, expelled a wo-m-of a different kind, from nine to twelve incress long, and at the same time restoring a good state of health.

HENRY ACKERMAN.

HENRY ACKERMAN.

Dr. Hamilton's Grand Restorative,

Which the lovemor confidently recom-mends as an invaluable medicine to the spee-dy relief, and permanent cure of various complaints which result from distipand pleasures, juvenile inducertions, residence in climates unfavoral le to the constitution,

in climates unfavoral le to the constitution, the immoderate use of tea, ficquent intusication, or any destructive intemperance, the une kilfull or excessive use or mercury, the diseaser peculiar to females at a certain period of life, bad layings in, &c.

And is proved by long and extensive experience to be absolutely unparalleled in the cure of rervous disorders, consumptions, lowress of spirits, loss of appetite, impurity of the blood, hysterical alections, inward weakness, when teramps in the stomach and back, indigestion, melancholy, gent in the atomach, pains in the limbs, r-laxations, involuntary emissions, seminal weakness, obstinate gleets, huor albus, (or whites) importancy, barrenness, &c. &c.

LTCH CURED

By once using Lee's Sovereign Oistment. The proprietor informs thor persons and families who are suffering under this disease (against the infection of which no person is safe) that if this ointment is used at night on going to bed it never fails to perform a cure by the following morning, as thousands who have used it during the last ten years can testify. The pecultari excellencies of this infallible remedy for the itch, over every other, are the certainty of the cure by a single application; the ingredients being so innocent as to be applied with perfect satety to the tenderest infast; and its being not only free from any offensive smell, but equally agreeable with the pleasantest pomatum. Flahn's whe and genuine German Corn

Plaister,
