Dr. Church's Cough Drops.

A medicine unequalled by any other in the world since first discovered by Dr. Church; it has restored to health many thousands of the most emaciated objects, both asthmatic and consumptive, that were ever known to exist both in Europe, America and the West-Indies, and often when every other medicine had been used without effect, and the most eminent of the faculty consulted in vain. It is a sovereign, speedy, and effectual remedy in catarrhs, shortness of breath, tickling in the throat, tightness in the chest, whooping cough, sore throats, wheezings, congealed phlegm, spitting of blood, soreness of the breast and stomach, &c. asthma and consumption, and all disorders of the breast and lungs.

Sold (by appointment) at **G. & R. WAITE'S** Lottery Office & Patent Medicine Store, corner of Market-street & St. Paul's Lane. Price 75 cents each.

Prevention better than Cure.

For the Prevention and Cure of Bilious and Malignant Fevers, is recommended

HANN'S ANTI-BILIOUS PILLS.

Prepared (only) by **H. L. B. B.**, 56 Maiden Lane, New York.

THIS Medicine has, for ten years past, been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West-Indies, and the southern of the United States, particularly in Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston and Savannah. The testimony of a number of persons in each of the above places has been adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature, speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion could do.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these pills, taken once every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative—and further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by all persons in every situation, and of every age.

They are excellently adapted to carry off superfluous bile, and prevent its morbid secretion—to restore and amend the appetite—produce a free perspiration, and thereby prevent colds, which are often of fatal consequence. A dose never fails to remove a cold, if taken on its first appearance. They are celebrated for removing habitual constiveness—sickness at the stomach and head ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured, and carefully preserved for use by every seaman.

Certificate of Mr. William Devenney.

During the last nine years, I have been in the habit of using Hann's Anti-Bilious Pills, prepared by the late Mr. Lee, whenever colds, head-aches or costiveness have rendered medicine necessary; in these cases a single dose has uniformly removed my head-ache, and has generally been found sufficient to remove every symptom of cold, if taken on its first appearance. Induced by the benefit received, I have for many years past recommended them to many of my friends, and I have the pleasure to inform you, they have invariably succeeded, in removing the above complaints. Yours, &c.

WM. DEVENNEY, 145, Cherry-street, New-York.

HAMILTON'S

Celebrated Worm-Destroying Lozenges, Which there is reason to believe, have, within ten years past, cured upward of two hundred thousand persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from worms, and from obstructions or foulness in the stomach and bowels.

This medicine bears no analogy whatever to others of similar title, so commonly complained of as operating with violence; on the contrary, a particular excellence of the remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is mild in its operation that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body, but will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humors and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

A dose of this medicine given occasionally during the warm season, will effectually prevent the vomiting and purging of children, a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

Cases of Cures, selected from thousands, the authenticity of which any person may ascertain, either by letter or personal application; not being performed in Europe, nobody knows where—but at home.

TAPE-WORM.

Mr. Samuel Fuller, inn-keeper on the Hartford, ten miles from Baltimore, began about 12 months ago, to be grievously afflicted with a tape-worm, which increased fast in size and strength, so as to excite the most horrid sensations by its writhing motions and intolerable pains, resembling the gnawing and tearing of his bowels, which deprived him of his necessary sleep, and caused such dreadful apprehensions as cannot be described but by one in a similar situation; his appetite declined rapidly, and with that his strength, so that he was unable to attend

to any business; when he heard of some excellent cures performed by Hamilton's Worm Lozenges, he took a large dose, which brought away about six yards (now in possession of H. Lee); but a renewal of his pains soon convinced him that this monstrous reptile had recovered its first vigor. Application was made for more of the medicine, with advice, from which resulted the total expulsion of his formidable enemy, in several pieces, which he supposed to be six or eight yards more. A few weeks have since elapsed, and Mr. Fuller is now in perfect health. The above facts are well known to a numerous circle of his neighbors, and he himself will gratify any who may wish to make further inquiry on the subject.

Although Hamilton's Worm Lozenges produce such powerful effects, when necessary, yet they are perfectly innocent and mild in their operation on the human body, even when taken in large doses as Mr. Fuller will testify. Their peculiar mildness is abundantly evident in the following cures of infants.

Letter from Mr. Henry Ackerman, brick-layer, in Magazine-street, near Broadway, New-York.

It would be ungrateful were I to withhold my testimony in favor of Hamilton's Worm Destroying Lozenges. I had been between 5 and 6 years past much indisposed, and latterly of an tormented with severe griping and pains in the bowels, troubled with offensive breath, with violent febrile fits, and other obvious symptoms of worms; but frequently hearing your Worm Lozenges recommended in cases similar to mine, I determined on a trial of them, as my last resource. The first evacuated twelve or thirteen feet of a tape worm, two other doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. I suppose the tape worm, voided at different times, must in the whole, have exceeded 40 feet. The almost incredible benefit I received from this medicine, induced me to give a dose to a child of mine who was pining and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches long, and at the same time restoring a good state of health.

HENRY ACKERMAN.

Dr. Hamilton's Grand Restorative,

Which the inventor confidently recommends as an invaluable medicine for the speedy relief, and permanent cure of various complaints which result from dissipated pleasures, juvenile indiscretions, residence in climate unfavorable to the constitution, the immoderate use of tea, frequent intoxication, or any destructive intemperance, the unskillful or excessive use of mercury, the diseases peculiar to females at a certain period of life, had laryngitis, &c.

And is proved by long and extensive experience to be absolutely unparalleled in the cure of various disorders, consumptions, lowness of spirits, loss of appetite, impurity of the blood, hysterical affections, inward weakness, violent cramps in the stomach and back, indigestion, melancholy, gout in the stomach, pains in the limbs, relaxations, involuntary emissions, seminal weaknesses, obstinate pleuris, fluxus albus, (or whites) impotency, barrenness, &c. &c.

PREPARED

By once using Lee's Sovereign Ointment. The proprietor informs those persons and families who are suffering under this disease (against the infection of which no person is safe) that if this ointment is used at night on going to bed it never fails to perform a cure by the following morning, as thousands will have used it during the last ten years can testify. The peculiar excellencies of this infallible remedy for the neck, over every other, are the certainty of the cure by a single application; the ingredients being so innocent as to be applied with perfect safety to the tenderest infant; and its being not only free from any offensive smell, but equally agreeable with the pleasantest pomatum.

Baltimore Water Company.

The Public are respectfully informed, that applications for Water, orders for repairs, or any other business relative to the Water Works, may be made in writing at the Company's Office, New Mill their Work Shops, N. in Calvert street; the Office of the Maryland Insurance Company; or at the house of M. J. John Davis, superintendent, No. 74 N. Charles-street, who will promptly attend to the same, with all possible expedition.

Notice is likewise given,

That as the Company have provided adequate means to supply every family with a reasonable quantity of Water—they regret the disagreeable necessity of cautioning the public against the great & unnecessary waste of water, which many persons now supply a large part of the population, although repeatedly informed to the contrary. The Directors have given positive instructions to the Superintendent, in all cases to stop the supply of Water, without respect to persons. It is presumed, that no person who is now supplied, is unacquainted, that they have agreed to use the Water carefully, as the following extract of the conditions signed by the parties will shew.

No person who is, or shall be supplied with water, is on any account to admit water to be drawn and carried from their pipes or hydrant, for any purpose, except for the use of their own families; nor willfully to draw and waste the water, and the penalty of having the supply stopped; which cannot again be returned without a new application to the Company, and the payment of a fine of five dollars at the time of applying.

Again OFFERS for the reception of

YOUNG LADIES,

AS BOARDERS OR DAY SCHOLARS,

On the first Monday in September.

Mrs GROOMBRIDGE,

Grateful for the extensive patronage she has been honored with during six years residence in Baltimore, assures her friends and the public, that the report of her intention to give up her School, is entirely without foundation, she is far from having such an idea; and although she has twelve Teachers in whose ability she can confide, yet she dedicates the principal part of her time to the superior advantage of her pupils. Their progress she does not enlarge upon, as the parents and guardians of those confided to her care, have had frequent opportunities of judging for themselves, both in her public and private examinations.

In addition to the other branches of education, the Italian and Spanish Languages are taught with elegance and correctness.

Parents or guardians who desire to have their young ladies instructed in those branches, may have an opportunity of hearing the pupils go through their exercises, by applying to Mrs. Groombridge for that purpose.
