Prevention better than Cure.
For the Prevention and Cure of Bilious and
Malignant Fevers, is recommended
HAIN'S ANTI BILIOUS PILLS.
Prepared (only) by **H. LEE, 56 Maiden**
Lane, New York.

THIS Medicine has, for ten years past,
been attended with a degree of success
highly grateful to the inventor's feelings, in
several parts of the West-Indies, and the
southern parts of the United States, particu-
larly in Baltimore, P. tersburg, Richmond, Nor-
folk, Edenton, Wilmington, Charleston and
Savannah. The testimony of a number of
persons in each of the above places has been
adduced, who have reason to believe that a
timely use of this salutary remedy has, un-
der Providence, preserved their lives when
in the most alarming circumstances.

Facts of this conclusive nature, speak more
in favour of a medicine than columns of
pompous eulogy founded on mere assertion
could do.

It is not indeed presumptuously proposed
as an infallible cure, but the inventor has
every possible reason that can result from
extensive experience, for believing that a
dose of these pills, taken once every two
weeks, during the prevalence of our bilious
fevers, will prove an infallible preventative
—and further, that in the earlier stages of
those diseases, their use will very generally
succeed in restoring health, and frequently
in cases esteemed desperate, and beyond the
power of common remedies.

The operation of these pills is perfectly
mild, so as to be used with safety by all per-
sons in every situation, and of every age.

They are excellently adapted to carry off
superfluous bile, and prevent its morbid se-
cretions—to restore and amend the appetite
—produce a free perspiration, and thereby
prevent colds, which are often of fatal
consequences. A dose never fails to remove a
cold, if taken on its first appearance. They
are celebrated for removing habitual cos-
tiveness—sickness at the stomach and head-
ache—and ought to be taken by all persons
on a change of climate.

They have been found remarkably effica-
cious in preventing and curing disorders at-
tendant on long voyages, and should be pro-
duced, and carefully preserved for use by
every seaman.

Certificate of Mr. William Devoney.
During the last nine years, I have been in
the habit of using Hain's Anti-Bilious Pills,
prepared by the late Mr. Lee, whenever
colds, head-aches or costiveness have ren-
dered medicine necessary; in those cases a
single dose has uniformly removed my head-
ache, and has generally been found suffi-
cient to remove every symptom of cold, if taken
on its first appearance. Induced by the
benefit received, I have for many years past
recommended them to many of my friends,
and I have the pleasure to inform you, they
have invariably succeeded, in removing the
above complaints.
Wm. DEVONEY,
115, Cherry-street, New-York.

HAMILTON'S
Celebrated Worm-Destroying Lozenges.
Which there is reason to believe, have,
within ten years past, cured upwards of two
hundred thousand persons of both sexes,
of every age, and in every situation, of various
dangerous complaints arising from worms,
and from obstructions or fulness in the stom-
ach and bowels.

The medicine bears no analogy whatever
to others of similar title, so commonly com-
plained of as operating with violence; on
the contrary, a particular excellence of this
remedy is its being suited to every age and
constitution. It contains nothing but what
is perfectly innocent, and is mild in its
operation that it cannot injure the most delicate
pregnant lady, or the tenderest infant of a
week old, should no worms exist in the body,
but will, without pain or griping, cleanse
the stomach and bowels of whatever is foul
or offensive, and thereby prevent the pro-
duction of worms and many fatal disorders.
The lozenges are particularly efficacious in
carrying off all gross humors and eruptions,
feversish and bilious complaints, and are the
safest and mildest purgative that can be used
on any occasion.

A dose of this medicine given occasionally
during the warm season, will effectually pre-
vent the vomiting and purging of children,
a dreadful disorder, which annually
destroys thousands of the infant part of our
citizens. It is likewise the mildest and most
certain remedy known, and has restored to
health and strength a great number when in
an advanced stage of this fatal complaint.—
Particular and plain instructions are given
for every part of the necessary treatment in
such cases.

Children generally take this medicine with
eagerness; having a pleasing appearance,
and an agreeable taste.

Cases of Cures, selected from thousands,
the authenticity of which any person may as-
certain, either by letter or personal applica-
tion; not being performed in Europe, nobody
knows where—but at home.

TAPE-WORM.
Mr. Samuel Fuller, inn-keeper on the Hart-
ford, ten miles from Baltimore, began about
12 months ago, to be grievously afflicted
with a tape-worm, which increased fast in
size and strength, so as to excite the most
horrid sensations by its writhing motions
and intolerable pains, resembling the gnaw-
ing and tearing of his bowels, which deprived
him of his necessary sleep, and caused
such dreadful apprehensions as cannot be
described but by one in a similar situation;
his appetite declined rapidly, and with that
his strength, so that he was unable to attend

to any business; when he heard of some ex-
cellent cures performed by Hamilton's Worm
Lozenges, he took a large dose, which
brought away about 4 yards (now in posses-
sion of H. Lee); but a renewal of his pains
soon convinced him that this monstrous re-
pyle had recovered its first vigour. Application
was made for more of the medicine,
with advice, from which resulted the total
expulsion of his formidable enemy, in sev-
eral pieces, which he supposed to be six or
eight yards more. A few weeks have since
elapsed, and Mr. Fuller is now in perfect
health. The above facts are well known to
a numerous circle of his neighbors, and he
himself will gratify any who may wish to
make further inquiries on the subject.

Although Hamilton's Worm Lozenges pro-
duce such powerful effects, when necessa-
ry, yet they are perfectly innocent and mild
in their operation on the human body, even
when taken in large doses as Mr. Fuller
will testify. Their peculiar fluidness is abun-
dantly evident in the following cures of
infants.

Letter from Mr. Henry Ackerman, brick-
layer, in Magazine-street, near Broadway,
New-York.
It would be ungrateful were I to withhold
my testimony in favor of Hamilton's Worm
Destroying Lozenges. I had been between
5 and 6 years past much indisposed, and lat-
tely often tormented with severe griping and
pains in the bowels, troubled with offensive
breath, with violent feverish fits, and other
obvious symptoms of worms; but frequently
bearing your Worm Lozenges recommend-
ed in cases similar to mine, I determined on
a trial of them, as my last resource. The
first evacuated twelve or thirteen feet of a
tape worm, two other doses were taken,
which brought away a quantity of matter
broken like shins and pieces of worms. I
suppose the tape worm, voided at different
times, must in the whole have exceeded 40
feet. The almost incredible benefit I re-
ceived from this medicine, induced me to
give a dose to a child of mine who was pin-
ning and sickly; it produced the same good
effect in this instance, expelled a worm of a
different kind, from nine to twelve inches
long, and at the same time restoring a good
state of health.
HENRY ACKERMAN.

Dr. Hamilton's Grand Restorative,
Which the inventor confidently recom-
mends as an invaluable medicine for the ac-
cumbly relief, and permanent cure of various
complaints which result from dissipated
pleasures, juvenile indiscretions, residence
in climates unfavorable to the constitution,
the immoderate use of tea, fire-quent intox-
ication, or any destructive impudence, the
unskillful or excessive use of mercury, the
diseases peculiar to females at a certain pe-
riod of life, bad habits, &c.

And is proved by long and extensive ex-
perience to be absolutely unparalleled in the
cure of nervous disorders, consumption,
lowness of spirits, loss of appetite, impurity
of the blood, hysterical affections, inward
weakness, violent cramps in the stomach and
bowels, indigestion, melancholy, gout in the
stomach, pains in the limbs, &c. &c. Involun-
tary emissions, seminal weakness, obstinate
gicets, fluor albus, (or whites) impo-
tency, barrenness, &c. &c.

HITCHER'S
By once using Lee's Sovereign Ointment.
The proprietor informs those persons and
families who are suffering under this disease
(against the infection of which no person is
safe) that if this ointment is used at night
on going to bed it never fails to perform a
cure by the following morning, as thousands
who have used it during the last ten years
can testify. The peculiar excellencies of
this infallible remedy for the itch, or every
other, are the certainty of the cure by a
single application; the ingredients being in-
nocent as to be applied with perfect safety
to the tenderest infant; and its being not
only free from any offensive smell, but equi-
liberally receivable with the pleasantest pomatum

Notice is likewise given,
That as the Company have provided ad-
quate means to supply every family with a reason-

repeatedly informed to the contrary. The
Directors have given positive instructions to
the Superintendent, in all cases to stop the
supply of Water, without respect to persons.
It is presumed, that no person who is now

lowing extract of the conditions signed by
the parties will shew.

"No person who is, or shall be supplied
with water, is on any account to admit wa-
ter to be drawn and carried from their pipes or
hydrant, for any purpose, except for the use of
their own families; nor willfully to draw and
waste the water, and thus prevent again the
supply so ordered; which cannot again be re-
turned with a new application to the Com-
pany, and the payment of a fine of five dollars
at the time of applying."

The Columbia Academy
Again OPENS for the reception of
YOUNG LADIES,
AS BOARDERS OR DAY SCHOLARS,
On the first Monday in September
Mrs GROOMBRIDGE,
Grateful for the extensive patronage she has
been honored with during six years residence
in Baltimore, and as she has friends and the
public, that the report of her intention to
give up her School, is entirely without founda-
tion, she is far from having such an idea; al-
though she has twelve Teachers in whose
ability she can confide, yet she dedicates the
principal part of her time to the superior ad-
vantage of her pupils. Their progress she
does not enlarge upon, as the parents and
guardians of those confided to her care, have
had frequent opportunities of judging for
themselves, both in her public and private
examinations.
In addition to the other branches of educa-
tion, the Italian and Spanish Languages are
taught with elegance and correctness.
Parents or guardians who desire to have
their young ladies instructed in these lan-
guages, may have an opportunity of hearing the
pupils go through their exercises, by apply-
ing to Mrs. Groombridge for that purpose.

Dr. Church's Cough Drops.
A medicine unequalled by any other in the
world since first discovered by Dr. Church;
it has restored to health many thousands of
the most em-dated objects, both as hmitic and
consumptive, that were ever known to exist
both in Europe, America and the West-Indies,
and often when every other medicine had been
used without effect, and the most eminent of
the faculty consulted in vain. It is a sove-
reign, speedy, and effectual remedy in catarrhs,
shortness of breath, tickling in the throat,
tightness in the chest, whooping cough, sore
throats, wheezings, conge led phlegm, spitting
of blood, soreness of the breast and stomach,
&c. asthma and consumptions, and all disor-
ders of the breast and lungs.
Sold (by appointment) at
G. & R. WAITE'S
Lottery Office & Patent Medicine Store, cor-
ner of Market-street & St. Paul's Lane.
