Prevention better than Cure. For the Prevention and Cure of Bilious and Malignau Feers, is recommended HAHN's ANTI-BILIOUS PILLS. Prepared (only) by H. I.EB, \$6 Maiden

Prepared (only) by H.I.K.B., 56 Maiden Lane, New York,
This Medicine has, for ten years past, been attended with a degree of stocess highly grateful to the inventor's feelings, in several parts of the West-Indies, and the southern of the United States, particularly in Baltimora, Patersburg, Richmond, Norfall, Edenton, Wilhaington, Charleston and Saranish. The testimany of a number of persons in each of the above places has been adduced, who have reason to believe that a timely use of this saluts y remedy has, under Providence, preserved their lives when in the most alarming circumstances.

It is not indeed presu aptuously proposed It is not indeed pretti aptiously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these pills, taken once every two weeks, during the prevalence of our believing that and further, that in the extiler stages of those diseases, their use will very queerally succeed in restoring besith, and f equently in cases esteemed desperate, and beyond the power of common remedies.

power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by all per-

sons in every situation, and of every age.
They are excellently a lapted to sarry superfluous bile, and prevent its morbid superfluous bile, and prevent its morbid se-cretions—to restore and amend the appetite— produce a free perspiration, and thereby prevent colds, which are often of fatal con-sequences. A lose never fails to remove a cold, if taken on its first appearance. They are celebrated for removing habitual cos-tiveness—wickness at the atomach and head ache—and out it to be taken by all persons on a change of climate.

They have been found remarkably efficaci-tos in preventing and curing disorders at-tendant on long voyages, and should be pro-cured, and carefully preserved for man by every scansar.

Certificate of Mr. William Devenney. During the last nine years, I have been in the habit of using Hahn's Anti-Bilious Pills, prepared by the late Mr. Lee, whenever colds, head-aches or costiveness have ren-dered medicine necessary; in these cases a single dose has uniformly removed my head-cases and has generally hear found sufficisingle dose has uniformly removed my neadache, and has generally been found sufficient to remove every symptom of cold, if taken on its first appearance. HAMILTON'S

Which there is reason to believe, have, within ten years past, cured upward of two hundred thousand persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from worms, and from obstructions or foulness in the stomach and bowels.

This medicine bears no analogy whatever

This medicine bears no analogy whatever to others of similar title, so commonly complained of as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is mild in its operation that it contains not in interest the most delicate. ration that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body, but will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in earrying off all gross humors and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used

A dose of this medicine given occasionally A dose of the mentione given occasionally during the warm season, will eli-citually prevent the "vomiting and purging of children," a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in health and strength a great number when in an advanced stage of this fatal complaint.— Particular and plain instructions are given for every part of the necessary treatment in

Children generally take this medicine with carerness; having a pleasing appearance, and an agreeable taste.

Cases of Gures, selected from thousands, the authenticity of which any person may ascertain, either by letter or personal application; not being performed in Europe, nobody knows where—but at home.

TAPE-WORM.

TAPE-WORM.

Mr. Samuel Fuller, inn-keeper ou the Hartford, ten miles from Baltimore, began about 12 months age, to be griev usity afflicted with a tape-worm, which increased fast in size and strength, so as to excite the most horrid sensations by its writhing motions and intelerable pains, resembling the gnawing and tearing of his bowels, which deprived him of his necessary sleep, and caused such dreadful apprehensions as cannot be described but by one in a similar situation; his appetite declined rapidly, and with that his strength, so that he was unable to attend

to any business; when he heard of some ex-cellent cores performed by Hamilton's Worth Lozenges, he took a large dose, which brought away about 4 yards (now in posses-sion of H. Lee); but a renewal of his pains soon convinced him that this monarous repsoon convinced him that this monatrous reptile had recovered its tirst vigour. Application was made for more of the section, with advice, from which resulted the total expulsion of his formidable enemy, in acveral pieces, which he supposed to be six or eight yards more. At few weeks have since elapsed, and Mr. Fuller is may in perfect health. The above facts are well known to a numerous circle of his neighbors, and he himself will gratify any who may wish to make further inquiries on the subject.

At hough Hamilton's Worm Loxenges produce such powerful effects, when necessary, yet they are perfectly innocent and mild

ry, yet they are perfectly innocent and mild in their operation on the human body, even when taken in large doses as -ir. Fuller will testify. Their peculiar mildress is a-bunuantly evident in the following cures of

destroying Lozenges, I had been between
5 and 6 years past much indisposed, and latterly often tormented with severe griping and pains in the bowels, treabled with offensive breath, with violent feverish fits, and other obvious symptoms of worms; but frequently hearing your Worm Lozenges recommended in cases cimitar to mine, I determined on a trial of them, as my last resource. This first evacuated twelve or thirteen feet of a tape worm, two other doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. J suppose the tape worm, voided at different times, must in the whole have exceeded 40 feet. The almost incredible benefit I rerect. The amost incidence, induced me to give a doze to a child of mine who was pin-ing and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches long, and at the same time restoring a good state of health.
