THIS Medicine has, for ten years past,
heen attended with a degree of success
highly grateful to the inventor's feelings, in
several parts of the West-Indies, and the
southern of the United States, particularly
in Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilnington, Charlesten and
Savannah. The testimany of a number of
persons in each of the above places i g. bern
adduced, who have reason to believe that a
timely use of this salujary remedy has, under Providence, preserved their lives when
in the most alarming circumstaness.

pompous eulogy founded on mere assertion

It is not indeed presumptuously proposed It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these pills, taken once every two weeks, during the prevalence of our billious fevers, will prove an infallible proventative—and further, that in the earlier stages of those diseases, their use will very geagrally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the nower of commun remedics.

in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by all persons in every situation, and of every age.

They are excellently a lapted to surry off superdinous bile, and provent its morbid secretions—to restore and amend the appetite—produce a free perspiration, and thereby prevent colds, which are often of fatal consequences. A dose never fails to remove a sold, if taken but its first appearance. They are celebrated for removing habitual consequences. sequences. A dose never fails to remove a cold, if taken on its first appearance. They are celebrated for removing habitual costireness—tickness at the stomach and head ache—and ought to be taken by all parsons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured, and carefully preserved for use by every seaman.

Certificate of Mr. Wittem Devenney.

During the last nine years, I have been in the habit of using Hahn's Anti-Bilious Pills, prepared by the late Mr. Lee, whenever colds, head-aches or costiveness have rendered medicine necessary; in these cases single dose has uniformly removed my headache, and has generally been found sufficiache, and has generally been found sufficient to remove every symptom of cold, if taken on its first appearance. Induced by the benefit received, I have for many years past recommended them to many of my friends, and I have the pleasure to inform you, they have invariably succeeded, in removing the above complaints. Yours, &c...

HAMILTON'S

Celebrated Worm-Destroying Lezenges,
Which there is reason to believe, have,
within ten years past, cured upward of two
hundred thousand persons of both sexes, of
every age, and in every situation, of various
dangerous complaints arising from worms,
and from obstructions or foulness in the stomach and howels. much and bowels. .

mach and bowels.

This medicine bears no analogy whatever to others of similar title, so commonly complained of as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to overy age and constitution. It contains nothing but what is perfectly innocent, and is mild in its operation that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body, but will, without pain or griping, cleanse the stomach and bowels of whatever is foul or olleusive, and thereby prevent the production of worms and many istal disorders. The lozenges are particularly efficacions in The lozenges are particularly efficacions in carrying off alt gross humors and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used

on any occasion

A dose of this medicine given occasionally A dose of this medicine given occasionally during the warm season, will effectually prevent the "womiting and purging of children," a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in a o advanced stage of this fatal complaint.—Particular and plain instructions are given for every part of the necessary treatment in such cases.

such cases.

Children generally take this medicine with eagert ess; having a pleasing appearance, and an agreeable taste.

TAPE-WORM.

It. Samuel Fuller, inn-keeper on the Hart.
for I, ten miles from Baltimere, began about
it months ago, to be grievously afflicted
with a tape-worm, which increased fast in
size and strength, so as to excite the most
horris I sensations by its writhing motions
and it tolerable pains, resembling the gnawing and dearing of his bowels, which deprived him of his necessary sleep, and caused
such discreadful appechensions as cannot be ed him of his necessary sleep, and caused such d. eadful apprehensions as cannot be described to the described apprehension of the described to the described t

to any business; when he heard of some ex-cellent errespersemed by Hamilton's Worm Lozeages, he took a large dose, which brought away about 4 yards (now in poisses-sien of H. Lee); but a renewal of his palma soon convinced him that this monatrous repsion of H. Lee); but a renewal of his pains soon convinced him that this monstrous reptile had recovered him that this monstrous reptile had recovered him that this monstrous reption was made for some of the modicine, with advice, from which resulted the total expulsion of his formidable enemy, in several pieces, which he supposed to be six or eight yards more. A few weeks have hince eligized, and Mr. Fuller is now an perfect health. The above facts are well known to a numerous circle of his neighbors, and he himself will gratify any who may wish to make further inquiries an the subject.

Although Hamilton's Worm Lozenges produce such powerful effects, when necessary, at they are perfectly inducent and mild in their operation on the human body, even when taken in large closes as Mr. Fuller will textify. Their peculiar mildines is a bundantly evident in the following cures of infants.

Letter from Mr. Henry Ackerman, brick-layer, in Magazine-street, near Broadway, New-York.

New-York.

It would be uncreteful were I to withhold my testimony in favor of Hamilton's Worm destroying Lozenges. I had been between 5 and 6 years past much indisposed, and latterly often termented with screen griping and pains in the bowals, troubled with offensive breath, with violent feverish fits, and there obvious symptoms of worms; but frequently herring your Worm Lozenges recommended in cases similar to mine, I determined on a trial of them, as my last resource. The ed in cases similar to mine, I determined on a trial of them, as my last resource. The first evacuated twelve or thirteen feet of a tape worm, two other doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. I suppose the tape worm, voided at different times, must in the whole have exceeded 40 feet. The almost incredible benefit I residual form this medicine, induced me to tect. The amost mertainer elemin a received from this medicine, induced me to give a dose to a child of mine who was pining and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches a good state of the control of the contr long, and at the same time restoring a good state of health.
