shore of the wood, he insisted on our taking a boat load, which he brought from Botany Bay: he declined looking at our ship's papers or log book—he observed, an American brig arrived at Rio the 10th Aug.

Spoke, Oct 5, lat. 38 30, lon. 66, ship Talavera, Hudson, under Spanish colours 68 days from Liverpool for Philadelphia, in distress, having on the 20th Sept. in a very heavy swell, rol ed away her mizen mast by the board, main topmast and fore top gallant-mast with all her sails and rigging, hen coops, paint-lockers, &c.—and at the same time lost a man overboard—Supplied the Talavera with beef, bread, sugar, &c and offered a main-top mast, which the captain declined accepting, as she had no rigging to set it up—She made a good deal of water. Oct. 7, we spoke the ship Horizon, Smith, of Kennebunk, 7 days from New York for Cork, lat 40 30, lon 69. The captain was very particular in observing we could not be westward of 66—after parting, shaped our course to clear the shoals on Georges—early next morning found ourselves dangerously situated amongst the shoals of Nantucket in a gale of wind—still conceiving ourselves on Georges Shoal, until we saw the windmills on the island of Nantucket—had it been in the night we must inevitably have perished, as we were surrounded by rips and breakers, all in consequence of incorrect information by a person just out of port.

SELECT SCHOOL,

NO. 233, MARKET STREET,

For the tuition of Boys under the age of 12 years.

THE public are respectfully informed, that agreeably to the plan recommended by the gentlemen who have generously undertaken to patronise this institution, a few more pupils can be admitted. Besides the most sedulous attention to the department of the scholars, they are carefully instructed in the principles of the English language, Penmanship, Arithmetic, Geography, and the use of the Globes.

Pupils wishing to commence the study of Latin, will be attentively instructed in the rudiments of that language; and a teacher of the French language will be employed as soon as a number requiring it will be engaged to justify the expense. Those inclined to give their patronage, are respectfully referred to Mr. John Boyle, at Madame Lacombe's academy; Mr. Pierce Woods, St Mary's college; Mr. George Matchett, Baltimore Female Academy, for any information respecting the capacity or moral character of the teacher. *Terms of tuition—8 dolls. per quarter.*

12,000 Dollars Wanted.

I wish in the course of the month to obtain *a Loan of Twelve Thousand Dollars*, for one year; to secure the punctual payment of which, at the end of that time, I will mortgage landed property to the amount, in value of forty thousand dollars at least. The property principally is situated in or within 3 miles of this city, no part of it more than twelve from it Should it be agreeable for any bank, or monied institution, or for any gentleman, or association of gentlemen, to loan the money, the interest thereon shall be paid in advance every 60 days at any bank the lender shall choose, under the penalty that the credit shall cease from default made; so that the capital advanced shall produce the same interest to the owner, as would be derived from so much bank stock.

Any further explanation or information may be had by those at a distance, addressing me by post; by those near me, communicating personally. The property meant to be mortgaged, is very eligible and the title indisputable. Mr. Lawrence Keene, who lives with me, will show it to any person or persons who wish to see it.

My time is so much engaged in business, that I have not leisure to make personal application. I have therefore adopted this mode. Whoever shall advance the money, will be secure from any loss, will enjoy the same profit upon it as if invested in bank stock, and will confer an obligation upon a person in the catalogue of whose vices, whatsoever they may be, ingratitude has never been named
