Prevention better than Cure. For the Prevention and Cure of Bilious and

Malignant Freers, is recommended HAHN's ANTI-BILIOUS PILLS. Prepared (only) by H. I.E.B., 56 Maiden

Prefared (anly) by H. I.E.B., 50 Maiaen Lane, New York.

Lane, New York.

THIS Medicine has, for ten years past, been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West-Indies, and the southern of the United States, particularly in Bakimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston and Savannah. The testimony of a number of parents in each of the apove places has been Savanan. The testimenty of a minimed operations in each of the store places has been adduced, who have reason to believe that a timely use of this failutary remedy has, under Providence, preserved their lives when in the most alarking circumstances.

Facts of this conclusive nature, speak more in favour of a medicine than columns of

pompous eulogy founded on mere assertion

It is not indeed presumptuously proposed It is not indeed presumptuously proposed as an intallible cure, but the inventor has every possible reason that can result fromestensive experience, for believing that a dose of these pills, taken once every two weeks, during the prevalence of our biliosis fevers, will prove an infallible preventative—and further, that in the carlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases exteemed desperate, and beyond the power of common remedicas.

in cases exteened desperate, and beyond the power of common remedian.

The operation of there phis is perfectly mild, so as to be used with rafety by all persons in every situation, and of every age.

They are excellently adapted to earry off superfluous bile, and prevent its morbid secretions—to restore and amend the appetite—produce a free perspiration, and thereby prevent coids, which are often of fatal condequences. A dose never fails to remove a cold, if taken on its first appearance. They are celebrated for removing hautual costiveness—sickness at the stomach and head ache—and ought to be taken by all persons and ought to be taken by all persons n change of climate.

They have been found remarkably efficacion

ous in preventing and curing disorders at-tendant on long voyages, and should be pro-cured, and carefully preserved for use by

every scaman.

Certificate of Mr. William Devenney. During the last nine years, I have been in the habit of using Hahn's Anti-Bitious Pills, prepared by the late Mr. Lee, whenever colds, head-aches or confucess have ren-dered medicine necessary; in these cases a dered mediciae necessary; in these cases a single dose has uniformly removed my headache, and has generally been found sufficient to remove every symptom of cold, if taken on its first appearance. Induced by the benefit received, I have for many years past recommended them to many of my friends, and I have the pleasure to inform you, they have invariably succeeded, in removing the above complaints. Yours, &c.

WM. DEVENNEY,

145. Cherry-street. New-York.

145, Cherry-street, New-York.

HAMILTON'S

Celebrated Worm-Destroying Lozenges, Which there is reason to believe, have, within ten years past, cured upward of two hundred thousand persons of both sexes, of every age, and in every situation, o, various erous complaints arising from worms, and from obstructions or foulness in the sto-mach and bowels.

This medicine bears no analogy whatever

This medicine bears no mining windered to others of similar title, so commonly complained of as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is mild in its operation that it cannot injure the most delicate ration that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the bo dy, but will, without pain or griping, cleanse the stomsch and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross lumors and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used

on any occasion:

A dose of this medicine given occasionally A dose of this meatine given occasionally during the warm season, will effectually prevent the "womiting and purging of children," a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is like wise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint.—
Particular and plain instructions are given for every part of the necessary treatment in

Children generally take this medicine with ergerness; having a pleasing appearance, and an agreeable taste.

Cases of Cures, selected from thousands, the authenticity of which any person may as-certain, either by letter or personal applica-tion; not being performed in Europe, nobo-dy knows where—but at home. TAPE-WORM.

Mr. Samuel Fuller, inn-keeper on the Hart-ord, ten miles from Baltimore, began about 12 months ago, to be grievously afflicted with a tape-worm, which increased fast in size and strength, so as to excite the most horrid sensations by its writhing motions and intolerable pains, resembling the gnaw-ing and tearing of his bowels, which deprived him of his necessary sleep, and caused such dreadful apprehensions as cannot be described but by one in a similar situation; his appetite declined rapidly, and with that his appetite declined rapidly, and with this attength, so that he was unable to attend to any business; when he heard of some excellent cures performed by Hamilton's Worm Lozenges, he took a large dose, which brought away about 4 yards (now in possession of H. Lee); but were wall of his pains soon convinced him that this monatrous repsion convinced him that this monstrous rep-tile had recovered its first vigour. Applica-tion was made for more of the medicine,

tion was made for more of the medicine, with advice, from which resulted the total expulsion of his formidable enemy, in several pieces, which he supposed to be six or sight yards more. A few weeks have since

beath. The shore hets are well known to health. The shore hets are well known to a siamerous circle of his neighbors, and he himself will gratify any who may wish to shake further inquiries an the tubject.

Although Mamilton's Worm Lozenges produce such powerful effects, when necessary, yet they are perfectly impocent and mild in their operation on the human body, even when taken in large doses as Mr. Fuller will testify. Their peculiar mildness is abundantly evident in the following cures of infants.

Letter from Mr. Henry Ackerman, brick-layer, in Magazine-street, near Broadway,

layer, in Magazine-street, near broadway.
New-York.
It would be ungrateful were I to withhold
my testimony in favor of 'Hamilton's Vorm
destroying Lozenges. I had been between
5 and 6 years past much indisposed, and latterly often tormented with severe griping and
pains in the bowels, troubled with offensive
breath, with violent feverish fits, and other pains in the bowels, troubled with offensive breath, with violent feverish fits, and other obvious symptoms of worms; but frequently hearing your Worm Lozenges recommended in cases similar to mine, I determined on a trial of them, as my last resour. The first evacuated twelve or thirteen feet of a tape worm, two other doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. I suppose the tape worm, voided at dillerent times, must in the whole have exceeded 40 feet. The almost incredible benefit I received from this medicine, induced me to give a dose to a child of mine who was plaing and sickly; it produced the same good give a dose to a child of mine was was par-ing and sickly: it produced the same good effect in this instance, expelled a worm of a different kind, from time to twelve inches long, and at the same time restoring a good state of frealth.

HENRY ACKERMAN.

Dr. Hamilton's Grand Restorative,

Which the inventor confidently recom mends as an invaluable medicine for the spee-

Which the avenue connective recommends as an invaluable medicine for the speedy relief, and permanent cure of various complaints which result from dissipated pleasures, juvenile indiscretions, residence in climates unfavorated to the constitution, the immoderate use of tea, frequent intoxication, or any destructive intemperance, the unskilfull or excessive use of mercury, the discases peculiar to females at a certain period of life, bad layings in, &c.

And is proved by long and extensive experience to be absolutely unparalleled in the cure of nervous disorders, consumptions, lowness of spirits, loss of appetite, impurity of the blood, hysterical affections, inward weakness, violent cramps in the stomach and back, indigestion, melancholy, gout in the stomack, pains in the limbs, relaxations, involuntary emissions, semins! weaknesses, obstinate gleets, fluor albus, (or whites) impotency, barrenuess, &c. &c.

FEKELTERIHAD

By once using Loc's Sovereign Unstment. The proprietor informs those persons and families who are suffering under this disease (against the infection of which he person is safe) that if this continent is used at night on going to bed it never fails to perform a cure by the following morning, as thousands who have used it during the flast ten years can testify. The peculiar excellencies of this infallible remedy for the itch, over every other, are the certainty of the cure by a single application; the ingredients being so innocent as to be applied with perfect safety to the tenderest infast; and its being not only free from any offensive smell, but equalonly free from any offensive smell, but equally agreeable with the pleasantest pomatum.
