Prevention better than Cure. For the Prevention and Cure of Bilious and Malignant Fevers, is recommended HAHN's ANTI-BILIOUS PILLS.

Prepared (only) by H. LEE, \$6 Maiden Lane, New York. THIS Medicine has, for ten years past, been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West-Indies, and the several parts of the West-Indies, and the southern of the United States, particularly in Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston and Savannah. The testimony of a number of persons in each of the above places has been adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

It is not indeed presumptuously proposed as an infallible cure, but the intentor has every possible reason that can result from extensive experience, for believing that a dose of these pills, taken once every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative—and further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by all persons in every situation, and of every age. could do.

sons in every situation, and of every age.

They are excellently adapted to sarry off superfluous bile, and prevent its morbid secretions—to restore and amend the appetite —produce a free perspiration, and thereby prevent colds, which are often of fatal con-sequences. A dose never fails to remove a cold, if taken on its first appearance. They are celebrated for removing habitual costiveners—sickness at the stomsch and head

tiveners—sickness at the stems on an earn and ought to be taken by all persons on a change of climate.

They have been found remarkably efficiences in preventing and curing disorders attendant on long voyages, and should be procured, and carefully preserved for use by every seman.

HAMILTON'S

Celebrated Worm-Destroying Lezenges, Which there is reason to believe, have, within ten years past, cured upward of two hundred thousand persons of both sexes, of every sige, and in every situation, of various dengerous complaints arising from werms, and from obstructions or foulness in the sto-

mach and bowels. much and bowels.

This medicine bears no analogy whatever to others of similar title, so commonly complained of as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is mild in its operationthat it cannot injure the most delicate pregnant lady, or the tenderest infant of a week cld, should no worms exist in the body, but will, without pain or griping, cleanse the stomach and bowels of whatever is fool or offensive, and thereby prevent the prothe stomach and thereby prevent the production of worms and many fatal disorders. The forenges are particularly efficacious in carrying off all gross humors and eruptions, feverish and bilious complaints, and are the satest and mildest purgative that can be used

on any occasion

A dose of this medicine given occasionally A dose of this medicine given occasionary during the warm season, will effectually pre-vent the "vomiting and purging of chil-dren," a dreadful disorder, which simually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint.— Particular and plain instructions are given for every part of the necessary treatment in

Children generally take this medicine with eager ss; having a pleasing appearance, and an agreeable taste.
