## Paul's Patent, Infallible COLUMBIAN OIL.

The inventor of this highly esteemed medi-cine is a native of America, and the composi-tion is the production of American soil, consion is the production of American soil, consequently it is in every sense of the word domistic, it is not puffed up with a sumerous
train of pompous foseign certificates of persous from whom by the great distance that separates us 'tis immossible to obtain information,
therefore the public has better security for their money as there cannot be the least shadow of deception to cover his medicine, for he simply appears before the community with his invention and an experimental detail of the various cases in which it really is so wonderfully efficacious, and in which he is supported by the fellowing services as whose names are not on-Caccous, and in which he is supported by subscribed, but their persons may also be consulted, being residents within the circle of our neighborhood. The following are the complaints in which the Columnian Oil has been found so efficacious and rarely ever fails of elements. found so efficacious and rarely ever tails of effecting accere—viz Rheumatism, Consimption, Pains in any part of the body, but particularly in the back and breast—Colds and Cought, Tooth-ache, Spieen, Fleurisies, Choic, Cramps, exte-oal and int mal Bruizes, Sprains & Flesh Wounds, Scalds and Burns, Whooping Cough and Murps, and Dy-entery or Bloody Flux, Crup and the summer complaint in children, and in a weak stomach that is caused by indirection, a constant sunking and loss of appetite. and in a weak stomach that is caused by integering, a constant sunking and loss of appetite, it will act as a powerful bracer to the relaxed fib e and re tore it to its proper tone.

It seems as though nature had ranked it the first of the class of all pectorals and expectorals for the relaxed fit is of serving obstructions it either as a fill of serving obstructions in either.

ly ever fails of removing obstructions in either, particula ly those who are troubled with Phthisick or As hinaric complaints who in the act of sick or As hinatic complaints who in the act of walking fast, stooping or 'ying down are almost suffocated, h If a tea spoon full of the Colum-bian Oil will render somerclief in taktaneously, and if continued agreeably to the directions in such cases will prove a rydical cure, by pro-ducing the full power of inflation to the lungs and free expansion of the breast.

My appetite had entitely left me, and a constant headache, would sometimes almost deprive me of my senses; in fact I was in a deplorable condition. A number of remedies were tried, but to no purpose. I had also the advice of an eminent physician, who prescribed the both bath, See which were regularly attended to, but without the smallest advantage. I had about nine ounces of blood taken from me, still the complaint did not give way in the least degree. I was then advised to try Paul's Columbian Od, but very little hopes of succeeding; when to my great surprise and comfire. I was remained of some east in Paul's Columbian Od, but very lattic nopes of succeeding; when to my great surprise and comb rt, I was sensible of some case in my hip on the first time of anointing; the next day the pain in my back was abated, the headache left me and in four days I was per-
