Paul's Patent, Infallible COLUMBIAN OIL.

The inventor of this highly esteemed medithe invertor or this nighty enverton ment-cine is a native of America, and the composi-tion is the production of American soil, con-sequently it is in every sense of the word dosequentity it is in every sense of the word dom-stic, it is not pulled up with a numerous train of pompous foreign certificates of persons from whom by the great distance that seperates us the impossible to obtain information, therefore the public has better security for their money as there cannot be the least shadow of deception to cover his medicine, for he simply appears before the community with his invention and an experimental detail of the various cases in which it really is so wonderfully efficacions, and in which he is supported by the following certificates, whose names are not only subscribed, but their persons may also be consulted, being residents within the circle of our neighborhood. The following are the complaints in which the Columbian Oil has been plaints in which the Columbian Oil has been found so efficacious and rarely ever fails of effecting a cure—viz. Rheumatism, Consumption, Paint is any past of the hold, but not travel. Pains in any part of the body, but particularly in the back and breast—Colds and Coughs, Tooth ache, Spleen, Pleurisies, Cholic, Gramps, Tooth ache, Spleen, Pleurisies, Cholic, Cramps, external and internal Bruixes, Sprains & Flesh Wow. ds, Scalds and Burns, Whooping Couph and Burns, and Dyentery or Bloody Flux, Cr. up and the summer complaint in children, and in a weak stomach that is caused by indigestion, a cans ant staking and loss of appetite, it will act as a powerful bracer to the relaxed fib e and re tore it to its proper tone.

It seems as though nature had ranked it the first of the class of all pectorals and expectorals for the relief of the breast and lungs asit scarce-

first of the class of all pectorals and expectorals for the relief of the breast and lungs as it scarcely ever fails of removing obstructions in either, particula ly those who are troubled with Phthisick or As hmatic complaints who in the act of walking fast, stooping or lying down are almost sufficiently. If a tea spoon full of the Columbian Oil will render somerclief in taitaneously, and if our living a sense him to the directions in bian Oil will render somercher into the directions, and if continued agreeably, to the directions in such eases will prove a radical cure, by producing the full power of inflation to the lungs and free expansion of the breast.

I was attacked with a violent pain in my left leg, which I supposed was a touch of the rheumatism it continued to grow worse every day, so that at last my koe; began to get stiff, and could by no means bend it; during this, which lasted about five weeks, I was seized with a most dreadful pain in my right besset; which niestered tirrough to my shoulseized with a most dreadful pain in my right breast, which piezced through to my shoulder blade, and extended down my arm.—During this situation a variety of remedies were applied, but all without effect. SIR—Conceiving it to be my duty not to conceal from the public the virtues of your most valuable Columbian Oil, from which I received so much benefit, I am therefore induced from a principle of gratitude for my recovery, to give a short statement of the complaint under which I suffered. I was first recovery, to give a short statement of the complaint under which I suffered. I was first seiz-d is the right hip with a most intolerable pain, which seemed exactly in the joint, and on the day foilowing a dreadful pain in my back, which lasted about three wecks; during which time I could not walk upright, but always in a bent posture; and if scated in a chair, the pain would be so excruciating in the act of rising that it was impossible for me to refrain from screaming. My appetite had entirely left me, and a constant headache, would sometimes almost deprive me of my senses; in fact I was in a deplorable condition. A number of remedies were tried, but to no purpose. I had also the advice of an eminent physician, who prescribed the hot bath, &c. which were regularly attended to, but without the smallest advantage. I had about nine ounces of blood taken from me, still the complaint did not give way in the least degree. I was then advised to try Paul's Columbian Oil, but very little hopes of succeeding; when to my great surprise and comfart, I was sensible of some case in my hip on the first time of anointing; the next day the pain in my back was abated, the headache left me and in four days I was perfectly recovered.
