I was first seized in the right hip with a most intolerable pain, which seemed exactly in the joint, and on the day following a dreadful pain in my back, which lasted about three weeks; during which time I could not walk upright, but always in a bent posture; and if seated in a chair, the pain would be so excruciating in the act of rising that it was impossible for me to refrain from screaming. to, but without the smallest advantage. I
had about nine nunces of blood taken from
me, still the complaint did not give way in
the least degree. I was then advised to try
Paul's Columbian Oil, but very little hopes
of succeeding; when to my great surprise
