Sir—Having experienced so much benefit from your Columbia Oil, it would be an act of injustice to you, and want of feeling for those who may suffer under similar complaints, were I not to use my utmost endeavours to give the public testimeny of the wonderful virtue it possesses.

I was attacked with a violent pain in my left leg, which I supposed was a touch of the meumatism; it continued to grow worse every day, so that at last my knee began to ket stiff; and could by no means bend it; during this, which lasted about five weeks, I was seized with a most dreadful pain in my right breast, which pierced through to my shoulder blade, and extended down my arm—During this situation a variety of remedies were applied, but all without effect. At last I was advised to try Paul's Columbian Oil, I accordingly procured a bottle, and found some relief from the first application, and by proper attention to the directions for using it, I was, to the astonishment of all who was acquainted with my situation, in five days entirely free from all pain, and have now the use of my leg as well as ever, and any person who may person the above certificate, being desirous of any information respecting my ease, I have no objection on their making application, to give them every satisfaction in my power respecting it. I was first seized in the right hip with a most intolerableppin, which seemed exactly in the joint, and on the day following a dreadful pain in my back, which lasted about three weeks; during which time I could not walk upright, but always in a bent posture; and if seated in a chair, the pain would be so excruciating in the act of rising that it was impossible for but always in a bent posture; and if scated in a chair, the pain would be so excruciating in the act of rising that it was impossible for me to refrain from screaming. My appetite find entirely left me, and a constant head-actin, would scinetimes almost deprive me of my senses; in fact I was in a deplorable condition. A number of remedies were tri-action to purpose. I that also the advice of an eminent physician, who prescribed the hot bath, &c. which were regularly attended to, but without the smallest advantage. I had about nine ounces of blood taken from me, still the complaint did not give way in the least degree. I was then advised to try Patil's Columbian Oil, but very little hopes of succeeding; when to my great surprise and comfort, I was sensible of some case in my hip on the first time of anointing; the next day the pain in my back was abated, the headache left me and in four days I was perfectly recovered.
