Prevention better than Cure.

For the Prevention and Cure of Bilious and Malignant Fevers, is recommended HAHN'S ANTI-BILIOUS PILLS. Prepared (only) by H. LEE, 55 Maiden Lane, New-York.

THIS Medicine has, for ten years past, been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West-Indies, and the southern of the United States, particularly in Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston and Savannah. The testimony of a number of persons in each of the above places has been adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts in this conclusive nature, speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion could do.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these pills, taken once every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative—and further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by all persons in every situation, and of every age. They are excellently adapted to carry off superfluous bile, and prevent its morbid secretions—to restore and amend the appetite—produce a free perspiration, and thereby prevent colds, which are often of fatal consequences. A dose never fails to remove a cold, if taken on its first appearance. They are celebrated for removing habitual costiveness—sickness at the stomach and head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured, and carefully preserved for use by every seaman.

Certificate of Mr. William Devenney.

During the last nine years, I have been in the habit of using Hahn's Anti-Bilious Pills, prepared by the late Mr. Lee, whenever colds, head-aches or costiveness have rendered medicine necessary; in these cases a single dose has uniformly removed my head-ache, and has generally been found sufficient to remove every symptom of cold, if taken on its first appearance. Induced by the benefit received, I have for many years past recommended them to many of my friends, and I have the pleasure to inform you, they have invariably succeeded, in removing the above complaints. Yours, &c.

W. M. DEVENNEY,

HAMILTON'S

Celebrated Worm-Destroying Lozenges, Which there is reason to believe, have, within ten years past, cured upward of two hundred thousand persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from worms, and from obstructions or foulness in the stomach and bowels.

This medicine bears no analogy whatever to others of similar title, so commonly complained of as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is mild in its operation that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body, but will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humors and eruptions, scurvy and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

A dose of this medicine given occasionally during the warm season, will effectually prevent the "vomiting and purging of children," a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is like wise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint.—Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

Cases of Cures, selected from thousands, the authenticity of which any person may ascertain, either by letter or personal application; not being performed in Europe, nobody knows where—but at home.

TAPE-WORM.

Mr. Samuel Fuller, inn-keeper on the Hartford, ten miles from Baltimore, began about 18 months ago, to be grievously afflicted with a tape-worm, which increased fast in size and strength, so as to excite the most horrid sensations by its writhing motions and intolerable pains, resembling the gnawing and tearing of his bowels, which deprived him of his necessary sleep, and caused such dreadful apprehensions as cannot be described but by one in a similar situation; his appetite declined rapidly, and with that his strength, so that he was unable to attend to any business; when he heard of some excellent cures performed by Hamilton's Worm Lozenges, he took a large dose, which brought away about 4 yards (now in possession of H. Lee); but a renewal of his pains soon convinced him that this monstrous reptile had recovered its first vigour. Application was made for more of the medicine, with advice, from which resulted the total expulsion of his formidable enemy, in sev-

eral pieces, which he supposed to be six or eight yards more. A few weeks have since elapsed, and Mr. Fuller is now in perfect health. The above facts are well known to a numerous circle of his neighbors, and he himself will gratify any who may wish to make further inquiries on the subject. —Although Hamilton's Worm Lozenges produce such powerful effects, when necessary, yet they are perfectly innocent and mild in their operation on the human body, even when taken in large doses as Mr. Fuller will testify. Their peculiar mildness is abundantly evident in the following cures of infants.

Letter from Mr. Henry Ackerman, brick-layer, in Magazine-street, near Broadway, New-York.

It would be ungrateful were I to withhold my testimony in favor of Hamilton's Worm Destroying Lozenges. I had been between 5 and 6 years past much indisposed, and latterly often tormented with severe griping and pains in the bowels, troubled with offensive breath, with violent feverish fits, and other obvious symptoms of worms; but frequently hearing your Worm Lozenges recommended in cases similar to mine, I determined on a trial of them, as my last resource. The first evacuated twelve or thirteen feet of a tape worm, two other doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. I suppose the tape worm, voided at different times, must in the whole have exceeded 40 feet. The almost incredible benefit I received from this medicine, induced me to give a dose to a child of mine who was pining and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches long, and at the same time restoring a good state of health.

HENRY ACKERMAN.

Dr. Hamilton's Grand Restorative,

Which the inventor confidently recommends as an invaluable medicine for the speedy relief, and permanent cure of various complaints which result from dissipated pleasures, juvenile indiscretions, residence in climates unfavorable to the constitution, the immoderate use of tea, frequent intoxication, or any destructive intemperance, the unskillful or excessive use of mercury, the diseases peculiar to females at a certain period of life, bad layings, &c.

And is proved by long and extensive experience to be absolutely unparalleled in the cure of nervous disorders, consumptions, lowness of spirits, loss of appetite, impurity of the blood, hysterical affections, inward weakness, violent cramps in the stomach and back, indigestion, melancholy, gout in the stomach, pains in the limbs, relaxations, involuntary emissions, seminal weaknesses, obstinate gleet, fluor albus, (or whites) impotency, barrenness, &c. &c.

ITCH CURED

By once using Lee's Sovereign Ointment. The proprietor informs those persons and families who are suffering under this disease (against the infection of which no person is safe) that if this ointment is used at night on going to bed it never fails to perform a cure by the following morning, as thousands who have used it during the last ten years can testify. The peculiar excellencies of this infallible remedy for the itch, over every other, are the certainty of the cure by a single application; the ingredients being so innocent as to be applied with perfect safety to the tenderest infant; and its being not only free from any offensive smell, but equally agreeable with the pleasantest pomatum.

Messrs. Richard Lee & Son.

The high opinion I have of your Bilious Pills, and a desire to make known their utility for the benefit of mankind, I wish you to publish the following:

For two months past, I have been afflicted with violent sickness at the stomach, an inclination to vomit, and loss of appetite—by taking two doses of your Pills, I am restored to a perfect state of health; which was attended with the same good effects, being now able to attend to her domestic concerns. In my opinion this medicine is unequalled in stomach and bowel complaints, not being attended with that griping pain, common to other medicines. JOHN SCOTT, Dulany-st. near Columbia Gardens.

LEE'S

Worm-Destroying Lozenges.

THIS Medicine, which is as innocent and mild as it is certain and efficacious in its operation, cannot injure the youngest infant, should no worms exist in the body; but will without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders.

Messrs. Mich. Lee & Co.

Observing that my son, six years of age, was troubled with difficulty in breathing, (something frequently rising in his throat) restlessness at night, loss of flesh, &c. From those symptoms I was confident he had worms, and having procured a box of Lee's Worm-Destroying Lozenges, the first dose expelled twenty-three large worms, which gave him immediate relief—He now enjoys a good state of health, and I believe I can from experience say, that Lee's Lozenges are the most efficacious remedy for worms now in use.

THOMAS PETERS,

of the late firm of Peters & Johnson. Baltimore, July 1, 1810.

Messrs. Mich. Lee & Co.

A child of Mr. Henry Grimes, near Mr. E. Betts's nail factory, was for upwards of 18 months violently afflicted with sickness, which appeared to proceed from worms, the symptoms were restlessness at night, debility, pains in the legs, loss of flesh, &c. After having the advice of an eminent physician, and trying a variety of medicines without success, the afflicted parents were advised to try Lee's Worm-Destroying Lozenges, which expelled during the operation of the medicine, a great quantity of large worms, some of which measured 12 inches—the child now enjoys a good state of health.

Baltimore, June 8, 1808.

Edward Higgins, South-street, Baltimore, administered Lee's Lozenges agreeable to the directions, to his child of 14 months old—the first of which expelled a worm measuring 20 inches long and near half an inch thick—the second dose expelled another 16 inches long and the same thickness, and a quantity of small worms mixed with slime, &c. The child enjoys a good state of health.

LEE'S ELIXIR,

A sovereign remedy for colds, obstinate coughs, catarrhs, asthma, sore throats, and approaching consumptions.

Messrs. Michael Lee & Co.

You are at liberty to use my name in the recommendation of Lee's Elixir, as from repeated trials I have found it an excellent remedy for colds, coughs, &c.

RICHARD BARRY

Balt. June 20, 1810.

Messrs. Michael Lee & Co.

I was attacked with a most violent cold, a severe cough and pains in the breast, which continued to grow worse; during which my appetite failed, and my voice altered so much that it was with the utmost exertion I could pronounce a single sentence louder than my breath. Some of my friends having observed to me that much good had been done by the use of Lee's Elixir, advised me to procure a bottle from Messrs Warner and Hanna which I accordingly did—and to those persons unacquainted with the merits of this medicine, it will appear astonishing that three doses should remove the pains in my breast, and the use of one bottle restored me to perfect health. J. A. SMITH, Market-street, Fell's Point.

LEE'S

Infalible Ague & Fever Drops

For the cure of agues, remittent and intermittent fevers.

Thousands can testify of their being cured by these Drops after the bark and every other medicine has proved ineffectual; and not one in a hundred has had occasion to take more than one, and numbers not a half a bottle.

Messrs. Michael Lee & Co.

I think it my duty to inform you, that from experience I am convinced your Ague Drops is an effectual remedy. My little son was violently afflicted with Agues and Fevers. The advice and attendance of an eminent physician failed—I was next advised to try the country air, which also failed, and it appeared to all that saw him, impossible for him to recover.—When Mr. George Hays advised me to try Lee's Ague Drops (observing that they had cured him.) A bottle was procured and given according to the directions, which effected a speedy cure, and he has not had a return thereof since.

12,000 Dollars Wanted.

I wish in the course of the month to obtain a Loan of Twelve Thousand Dollars, for one year; to secure the punctual payment of which, at the end of that time, I will mortgage landed property to the amount, in value of forty thousand dollars at least. The property principally is situated in or within 3 miles of this city, no part of it more than twelve from it. Should it be agreeable for any bank, or insured institution, or for any gentleman, or association of gentlemen, to loan the money, the interest thereon shall be paid in advance every 60 days at any bank the lender shall choose, under the penalty that the credit shall cease from default made; so that the capital advanced shall produce the same interest to the owner, as would be derived from so much bank stock.

Any further explanation or information may be had by those at a distance, addressing me by post; by those near me, communicating personally. The property meant to be mortgaged, is very eligible and the title indisputable. Mr. Lawrence Keene, who lives with me, will show it to any person or persons who wish to see it.

My time is so much engaged in business, that I have not leisure to make personal application, I have therefore adopted this mode. Whoever shall advance the money, will be secure from any loss, will enjoy the same profit upon it as if invested in bank stock, and will confirm an obligation upon a person in the catalogue of whose vices, whatsoever they may be, ingratitude has never been named.
