Insurance against Fire.
The President and Directors of the
BALTIMORE
FIRE INSURANCE COMPANY,
at their Office, No. 12, South-street, continue
to make insurance on very moderate terms,
not only on buildings and houses of every dis-
cription, but also on goods, ware, and mer-
chandise, contained in any building, and on
ships and their cargoes lying in port, for any
term at the option of applicants.
Goods to an immense amount have lately
been imported into this city. How easy is
it for the holders of this property to secure
to themselves an indemnity for any loss or
destruction, that may happen to it by fire,
which so frequently occurs, by making in-
surance on the same? Those persons who
may sustain such loss during the winter, will
not fail to reproach themselves, if they shall
neglect to guard against it by insurance,
means the most simple and easy, and sug-
gested to them by every dictate of prudence
and foresight.
Persons desirous of making insurance, will
be furnished with the forms of application,
by calling at the office.
By order,
THEOPH'S F. DOUGHERTY,
Secretary.

**CHARLOTTE HALL
SCHOOL.**
THE Friends and Patrons of this Institu-
tion, and the Public in general are respec-
tfully informed, that the Boarding House
belonging to the School, was thoroughly re-
paired in the month of August last, and that
it is now ready to accommodate sixty board-
ers. From the first day of the ensuing year, it
will be under the direction of an experienced
steward, Mr. John Kilgour.
The well known salubrity of this place, pro-
ceeding from an advantageous situation, pure
air, and excellent water has evinced its supe-
riority this year, by withdrawing the influ-
ence of a season, which proved uncommonly sickly
in many parts of the neighbouring counties,
and of the state in general. Not one pupil
of this school has been confined a single day
by sickness—a rare, and perhaps a singular
instance.
The sequestered situation of Charlotte Hall,
remote from the vicious examples and lures
of populous cities and towns; the impossibility
of indulging in habits of dissipation and ex-
travagance, and the freedom enjoyed in health-
ful and manly exercise during the hours of re-
creation, must render this institution worthy
of the serious attention of all parents and
guardians, who set a just value on the literary
acquirements, health, early habits and morals
of youth.
Rates of Boarding and Tuition.
Boarding, (to be paid quarterly in
advance, the boarder finding his
own bed, &c.) £28 7 6
If not paid regularly in advance 30 17 6

The duties of the Mathematical Department
of this School, are ably and diligently dis-
charged by Mr. N. H. SHAW. The assistant
teacher in the Classical Department, Mr. A.
RECTOR, adds uncommon industry to very use-
ful talents.

of Linen, Cotton or Woollen Cloth, or any
pattern of Bed-tickens. A number of the
habitants of the city and county of Baltimore
being so well acquainted with the abilities of
the subscriber in the above line of his profes-
sion, he deems it unnecessary to trouble them
further than to pledge himself that every ex-
ertion shall be used to give entire satisfaction,
to those who may be pleased to favour him
with their commands; and he flatters himself
that from his knowledge of the business, his
attention and close application to expedite all
orders he may receive, to merit the approba-
tion of a generous public.

CITY OF ROME.
Extract from the report of the commissioners
appointed to lay out and survey the plot con-
templated to be called the "CITY OF
ROME"
At a meeting of the counsellors of the City
of Rome, held in the city of Philadelphia, the
5th of October, 1810, the following extract
from the report of the commissioners, was or-
dered to be published in two or more newspa-
pers of the said city.
"The commissioners report, that agreeably
to the order of the counsellors, they have pro-
ceeded to the city of Rome, where they arrived
on the 21st day of October, 8 o'clock, the
day fixed upon for the purpose and marked the most
eligible spot for a determined course
which the streets are to run. They have mea-
sured the distance from the bridge across the
Lehigh on the turnpike leading to Wilkesbarre,
and found the distance from said bridge to the
centre of said city of Rome, called Union
Square, to be five miles. Said bridge is about
160 miles from the city of Philadelphia, and
17 miles and an half from Wilkesbarre, on the
east side of the Susquehanna. The centre of
Union Square aforesaid, is situated on a gentle
rise of ground, gradually elevated a few feet
above the adjoining squares. The quality of the
land contained in the plan of the city of Rome,
throughout its whole extent, appears to be ex-
cellent, abounding with streams of wholesome
water, the principal of which is called "Trot
Creek," which affords water sufficient to turn
mills of any description. The timber is valu-
able, consisting of sugar Maple, Black Cherry,
Black Birch, White Ash, Spruce and Beech.
The road (which is now being cut) to be cut from
the turnpike to Union Square, is surveyed
through a pleasant tract of country, and a sur-
veyor is now engaged to lay out all the streets.

JOSEPH TYSON,
PHILIP SHEAFF, Jun.
TH. B. GELOW,
RALPH SMITH, Jun."
N. B. ASHER NEAL is appointed agent to sell
lots, in Baltimore, and deliver certificates for
the same, at No. 129, Baltimore street, where
a plan of the city may be seen, together with
the names of the different gentlemen who have
vested considerable sums in the purchase of
lots, and also the different lots already sold.
Persons in the different mechanical branches
of business, disposed to reside at the city of
Rome, are informed, that advantageous terms
will be offered, on application at the office, at
the N. W. corner of Calhoun and Sixth-
street, Philadelphia, or to ASHER NEAL, Bal-
