CHARLOTTE HALL

SCHOOL.

THE Friends and Patrons of this Institution, and the Public in general, are respectfully informed, that the Boarding House belonging to the School, was thoroughly repaired in the month of August last, and that it is now ready to accommodate sixty boarders. From the first day of the ensuing year, it will be under the direction of an experienced steward, Mr. John Kilgour.

The well known salubrity of this place, proceeding from an advantageous situation, pure air, and excellent water has evinced its superiority this year, by withstanding the influence of a season, which proved uncommonly sickly in many parts of the neighboring counties, and of the state in general. Not one pupil of this school has been confined a single day by sickness—a rare, and perhaps a singular instance.

The sequestered situation of Charlotte Hall, remote from the vicious examples and lures of populous cities and towns; the impossibility of indulging in habits of dissipation and extravagance, and the freedom enjoyed in healthful and manly exercise during the hours of recreation, must render this institution worthy of the serious attention of all parents and guardians, who set a just value on the literary acquirements, health, early habits and morals of youth.

Rates of Boarding and Tuition.

Boarding, (to be paid quarterly in advance, the boarder finding his own bed, &c.) \$ 28 7 6
If not paid regularly in advance 30 17 6
If the Steward furnishes a bed, &c. and is regularly paid in advance 31 15 0
If he furnishes a bed, &c. and is not regularly paid in advance 33 17 6
Tuition, per annum 10 10 0
Additional for French 2 10 0

The duties of the Mathematical Department of this School, are ably and diligently discharged by Mr. H. H. SHAW. The assistant teacher in the Classical Department, Mr. A. REED, adds uncommon industry to very useful talents.

Principal of Charlotte Hall School. dtc

Paul's Patent, Infalible COLUMBIAN OIL.

The inventor of this highly esteemed medicine is a native of America, and the composition is the production of American soil, consequently it is in every sense of the word domestic, it is not polluted up with a numerous train of pompous foreign certificates of persons from whom by the great distance that separates us 'tis impossible to obtain information, therefore the public has better security for their money as there cannot be the least shadow of deception to cover his medicine, for he simply appears before the community with his invention and an experimental detail of the various cases in which it really is so wonderfully efficacious, and in which he is supported by the following certificates, whose names are not only subscribed, but their persons may also be consulted, being residents within the circle of our neighborhood. The following are the complaints in which the Columbian Oil has been found so efficacious and rarely ever fails of effect:—viz. Rheumatism, Consumption, Pains in any part of the body, but particularly in the back and breast—Colds and Coughs, Tooth-ache, Splen, Pleuritis, Cholick, Cramps, external and internal Bruises, Sprains & Flesh Wounds, Scalds and Burns, Whooping Cough and Mumps, and Dysentery or Bloody Flux, Cramp and the summer complaint in children, and in a weak stomach that is caused by indigestion, a constant sinking and loss of appetite, it will act as a powerful bracer to the relaxed fibre and restore it to its proper tone.

It seems as though nature had ranked it the first of the class of all pectorals and expectorals for the relief of the breast and lungs as it scarcely ever fails of removing obstructions in either, particularly those who are troubled with Phthisick or Asthmatic complaints who in the act of walking fast, stooping or lying down are almost suffocated, half a tea spoon full of the Columbian Oil will render some relief instantaneously, and if continued agreeably to the directions in such cases will prove a radical cure, by producing the full power of inflation to the lungs and free expansion of the breast.

Certificates of its efficacy.

No. 1. Sept. 1809.

I do certify, that I have been ailing nearly two years with a hectic cough and violent oppression at the breast—I applied to the most eminent physicians, and could get no relief from my low state of health until I got Paul's Columbian Oil, and found immediate relief. I

take this method of informing the public of the efficacy of this valuable medicine, from the cases which I have experienced—I think it an incumbent duty to offer the same to the public. ELISHA SOWARD, Baltimore, No. 16, Water-street, sign of the Plough. dtc

No. 2.

I hereby certify, that I had a cough and pain in my stomach for upwards of two years, when I was recommended to Paul's Columbian Oil. I procured one vial of the Oil, and I received immediate relief, and I have been very well ever since. N. B. I had a violent tooth-ache about two or three months ago, when I dropped a few drops of the Oil on some lint, and applied it to the tooth affected, and I received immediate relief. ELEANOR ELLIOTT. dtc

No. 3.

I have great reason to be very thankful for being recommended to Paul's Columbian Oil. I had been afflicted with a violent pain in my back, so that I was not able to walk. I procured one vial of the Oil, and I received immediate relief, and I have been very well ever since. N. B. I had a violent tooth-ache about two or three months ago, when I dropped a few drops of the Oil on some lint, and applied it to the tooth affected, and I received immediate relief. No. 4.

I comply with your request, of stating my opinion on Paul's Columbian Oil being an effectual remedy for the tetter-worm. I have been afflicted with the tetter in my hand for twelve years, and have made trial of many medicines which have been recommended, but all to no effect. Hearing of Paul's Columbian Oil, about the 15th of January last, proving an effectual cure for the ring worm and similar complaints, I immediately got a phial of your Oil and applied it agreeably to the directions for about two months successively—when the tetter left me, and has not made its appearance since. No. 5.

N. B. My Susanna, a child aged 20 months and 6 days was taken about the middle of July last with a violent cough, which the neighbors said was the whooping cough; I gave her six drops of the Columbian Oil, which gave immediate relief, and proved an effectual cure. The Oil that I received by Mr. Elliott for the cold, did me a great deal of service, and ultimately cured me. WM. PHILIPS, At the Columbian Inn, Market-street. dtc

No. 7.

I do hereby certify, that I was violently attacked with the purisy on Sunday, the 8th inst. I immediately sent to a physician, who bled me twice within the space of about sixteen hours, all to no effect; my fever still increased and my pains so violent that I had no knowledge of my nearest relations, nor even my parents. On Tuesday morning, the 10th, my father procured me a phial of Paul's Columbian Oil, which was immediately applied to my right side, where the pain was the severest, three or four times, with a piece of flannel kept to the part affected and 10 kiffen drops internally three times a day for the first two days; and the second day after using the Oil, I was able to walk about the house, the third and fourth days I took of the oil fifteen drops night and morning, which entirely relieved me from pain and fever, thanks be to God for it, and now I am a well man. WM. PEACOCK. dtc

No. 8.

We do certify, that on Thursday, the 17th inst. we were trying a new scene for Mr. John Clark, and by accident the scene took fire, which by endeavouring to put out the flames, John Clark and Thomas Adams got severely burnt in the face; we immediately got some Columbian Oil from Mr. Paul, and applied it to the parts burnt, which gave ease in the course of twenty minutes, and has left the parts free from blisters. JOHN PEACOCK, THOMAS ADAMS, JOHN CLARK. dtc

No. 9.

Sir—At your request that I should give my opinion respecting what effect your Columbian Oil had in a certain case wherein I was afflicted, I most cheerfully comply by saying that I verily believe that I might have died with one of the severest cramp in the stomach, had it not been for your Columbian Oil; and that I have been a second time relieved of the same complaint by the assistance of that valuable medicine, and as such, I recommend it as the best remedy, because there is no manner of doubt of its proving effectual. E. CATHARINE WALKER. dtc

No. 10.

Sir—Having experienced so much benefit from your Columbian Oil, it would be an act of injustice to you, and want of feeling for those who may suffer under similar complaints, were I not to use my utmost endeavours to give the public testimony of the wonderful virtues it possesses. I was attacked with a violent pain in my left leg, which I supposed was a touch of the rheumatism; it continued to grow worse every day, so that at last my knee began to get stiff, and could by no means bend it; during this, which lasted about five weeks, I was seized with a most dreadful pain in my right breast, which pierced through to my shoulder blade, and extended down my arm.—During this situation a variety of remedies were applied, but all without effect. At last I was advised to try Paul's Columbian Oil, I accordingly procured a bottle, and found some relief from the first application, and by proper attention to the directions for using it, I was, to the astonishment of all who were acquainted with my situation, in five days entirely free from all pain, and have now the use of my leg as well as ever, and any person who may peruse the above certificate, being desirous of any information respecting my case, I have no objection on their making application, to give them every satisfaction in my power respecting it. I am, sir, yours, &c. GEO. L. HUGHES, dtc

No. 11.

To Mr. Thos. Paul, inventor of the Columbian Oil, Harrison's Creek, Baltimore. No. 10. dtc

Sir—Conceiving it to be my duty not to conceal from the public the virtues of your most valuable Columbian Oil, from which I received so much benefit, I am therefore induced from a principle of gratitude for my recovery, to give a short statement of the complaint under which I suffered. I was first seized in the right hip with a most intolerable pain, which spread gradually in the joint, and on the day following a dreadful pain in my back, which lasted about three weeks, during which time I could not walk upright, but always in a bent posture; and if seated in a chair, the pain would be so excruciating in the act of rising that it was impossible for me to refrain from screaming. My appetite had entirely left me, and a constant headache, would sometimes almost deprive me of my senses; in fact I was in a deplorable condition. A number of remedies were tried, but to no purpose. I had also the advice of an eminent physician, who prescribed the hot bath, &c. which were regularly attended

to, but without the smallest advantage. I had about nine ounces of blood taken from me, still the complaint did not give way in the least degree. I was then advised to try Paul's Columbian Oil, but very little hope of succeeding; when in my great sorrow and comfort, I was sensible of some ease in my hip on the first time of assisting; the next day the pain in my back was abated, the headache left me and in four days I was perfectly recovered.

APALONIA WALTER, Lemington-street, 2 doors from Liberty-st. Baltimore. To Thomas Paul, inventor of the Columbian Oil. dtc

No. 11.

Philadelphia, July 8, 1807. By your request I do certify, that I had been a long time dangerously indisposed, and was reduced to the lowest state of weakness, inasmuch that my recovery appeared doubtful; my complaints seemed to be affections of the breast and lungs—I could procure no relief from incessant coughing, nor breathe without great pain and difficulty—when, by the use of one phial of Paul's Columbian Oil, my distressing cough left me, every other symptom was removed, and I was restored to an excellent state of health, which I now enjoy. KITTY M'CLAIN, Corner of Spruce and Fish-streets. dtc

Directions for taking said Oil. For gout, rheumatism, spleen and sciatic pains, take from 15 to 25 drops as the case may be, on a little sugar, twice or three times a day, and anoint the part affected. dtc

For debilitated constitutions and consumptions, pains in the breast, colds, coughs, internal bruises or sprains, take from 15 to 20 drops morning, noon and night. dtc

For external bruises, flesh wounds, scalds and burns, apply the oil lightly with a feather, and bind it up with thin soft linen cloth. dtc

For ulcers, take 20 drops three times a day for 2 weeks previous to the external application, then apply the Oil two or three times a day, as prescribed for burns. dtc

For the cramp in the stomach, bilious cholick and pleurisy, take 15 drops every half hour until the complaint ceases. Some of the oil on a warm flannel, should be applied to the side. dtc

In cramp and mumps, take five drops every hour in molasses and vinegar, a teaspoon full of each and anoint the throat and glands with the oil, apply flannel, as in pleurisy. dtc

For whooping cough give to a child of one year old 3 drops every hour. Anoint the soles of the feet, the wrists, palms of the hands, and from the nape of the neck to the lower part of the back-bone, twice a day with the oil. This continued, fear not of a speedy cure.—Increase the dose in proportion to the age of the child. dtc

For vomiting and lax, or what is commonly known by the name of Summer complaint in children, to a child of one year old give five drops every two hours in a tea spoonful of molasses increasing the dose correspondingly with the age. dtc

In the measles the dose may be the same as for the Summer complaint, in order to throw the disorder to the surface. dtc

In dysentery or bloody-flux (if a grown person) take 20 drops or more, as the constitution will bear, four times a day, in a tea-cup of new ale tea or mutton broth. dtc

For the tees of either kind, take 10 drops every three hours in a tea-cup of mullein or Beech-tee and anoint the parts after every evacuation with the oil. dtc

In phthisick or asthmatic complaints take 6 drops five or six times a day in a table spoon full of the syrup of horehound, maidenhair, or garlic, but particularly the first thing in the morning and last at night. dtc

For tetter warts take 20 drops morning and evening and anoint the part with the same 4 or 6 times a day. dtc

For the tooth-ache, a few drops on a bit of lint or cotton, applied to the affected tooth will give almost instant relief. dtc

For a rheumatic pain in the jaw, let it be well rubbed with the oil 3 or 4 times a day. dtc
