GENUINE MEDICINES, of the late Richard Lee, jun. as prepared by the original recipes in possession of his Wi-dow in New-York, by whom they are suppli-ed, and without whose signature note are Genuine.

Prevention better than Cure. For the Prevention and Cure of Bilious and
Malignant Preven, is recommended
HAHN'S ANTI-BILIOUS PILLS. Psepared (only) by H. LEB, 56 Maiden Lane, New York.

Prehared (only) by H. LER, 56 Maiden
Lene, New York.

THIS Medicine has, for ten years past,
been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West-Indies, and the southern of the United States, particularly in Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston and Savamah. The testimosy of a number of persons in each of the above places has been adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature, speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion could do.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these pills, taken once every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative—and further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by all persons in every situation, and of every age.

They are excellently adapted to earry off superfluous bile, and prevent its morbid secretions—to restore and amend the appetite—produce a free perspiration, and thereby prevent colds, which are often of fatal consequences. A dose never fails to remove a cold, if taken on its first appearance. They are celebrated for removing habitual costiveness—sickness at the stomach and head sche—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficaci.

on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders at-tendant on long voyages, and should be pro-cured, and carefully preserved for use by CYCTY SCAMED.

Certificate of Mr. William Devenney.

During the last nine years, I have been in the habit of using Hahn's Anti-Billous Pills, prepared by the late Mr. Lee, whenever colds, head-aches or costiveness have rendered medicine necessary; in these cases a last head without misformly removed my head. single dose has uniformly removed my headsingle dose has uniformly removed my headache, and has generally been found sufficient to remove every symptom of cold, if taken on its first appearance. Induced by the
benefit received, I have for many years past
recommended them to many of my friends,
and I have the pleasure to inform you, they
have invariably succeeded, in removing the
above complaints. Yours, &c.

HAMILTON'S Colebrated Worm-Destroying Lozenges,

Which there is reason to believe, have, within ten years past, cured upward of two hundred thousand persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from worms, and from obstructions or foulness in the stomach and bowels.

This medicine bears no snalogy whatever

mach and bowels.

This medicine bears no analogy whatever to others of similar title, so commonly complained of as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is mild in its operation that it cannot injure the most delicate pregnant lady, for the tenderest infant of a week old, should no worms exist in the body, but will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in The lozenges are particularly efficacions in carrying off all gross humors and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

A dose of this medicine given occasionally A dose of this medicine given occasionally during the warm season, will effectually prevent the "vomiting and purging of children," a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a creat number when in oertain remedy Enown, and has restored to health and strength a great number when in an advanced stage of this fatal complaint.— Particular and plain instructions are given for every part of the necessary treatment in

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

Although Hamilton's Worm Lozenges produce such powerful effects, when necessary, yet they are perfectly innocent and mild in their operation on the human body, even when taken in large doses as Mr. Fuller will testify: Their peculiar mildness is abundantly evident in the following cures of infants.

Letter from Mr. Henry Ackerman, brick-layer, in Magazine-etreet, near Broadway,

New-York.

It would be ungrateful were I to withhold my testimony in favor of Hamilton's Worm destroying Lozenges. I had been between 5 and 6 years past much indisposed, and laterly often tormented with severe griping and pains in the bowels, troubled with diensive breath, with violent feverish fits, and other obvious symptoms of worms; but frequently hearing your Worm Lozenges recommended in cases similar to mine, I determined on a trial of them, as my last resource. The ed in cases similar to mine, I determined on a trial of them, as my last resource. The first evacuated twelve or thirteen feet of a tape worm, two of er doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. I suppose the tape worm, voided at different times, must in the whole have exceeded 40 feet. The almost incredible benefit I received from this medicine, induced me to give a dose to a child of mine who was pining and sickly; it produced the same good ing and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches ong, and at the same time restoring a good long, and as the state of health.

The high spinles I have of your Billous Pills, and a desire to make known their utility for the besent of mankind, I wish you to publish the tellowing:

For two months past, I have been afficted with violent sickness at the stomach, an inclination to vomit, and loss of appetice—by taking two doses of your Pills, I am restored to a perfect state of health; which induced my wife to try them also, which was attended with the same good effects, being now sole to attend to her domestic concerns. In my opinion this medicine is unequalled in stomach and bowel complaints, not being attended with that gripting prim, common to other medicines.
