CITY OF ROME.

Extract from the report of the commissioners appointed to lay out and survey the plot contemplated to be called the "CITY OF ROME"

At a meeting of the counsellers of the City of Rome, held in the city of Philadelphia, the 30th of October, 1810, the following extract from the report of the commissioners, was ordered to be published in two or more newspapers of the said city.

"The commissioners report, that agreeably to the order of the counsellors, they have proceeded to the city of Rome, where they arrived on the 21st day of October, 1810, and on that day fixed upon the scite and marked the most eligible spot for and determined the course which the streets are to run. They have measured the distance from the bridge across the Lehigh on the turnpike leading to Wilkesbarre, and found the instance from said bridge to the centre of said city of Rome, called Union Square, to be five miles. Said bridge is about 100 m less from the city of Philadelphia, and 17 miles and an half from Wilkesbarre, on the cast side of the Susquehanna. The centre of " The commissioners report, that agreeably 17 miles and an half from Wilkesbarre, on the east side of the Susquehanna. The centre of Union Square aforesaid, is situate on a gentle rise of ground, gradually elevated a few feet above the adjoining squares. The quality of the land contained in the plan of the city of Rome, throughoutth whole extent, app ars to be x-cellent, abounding with streams of wholesome water, the principal of which is called "Trout Greek," which affords water sufficient to turn mills of any description. The timber is valua-Creek," which affords water sinficient to tern mills of any description. The timber is valuable, consisting of Sugar Maple, Black Cherry, Black Birch, White Asl, Spruce and Beech. The road (which is now engaged to be cut from the turnpike to Union Square,) is surveyed through a pleasant tract of country, and a surveyor is now engaged to lay out all the streets.
