CITY OF ROME.

Extract from the report of the commissioners appointed to lay out and survey the plot contemplated to be called the "CITY, OF ROME"

At a meeting of the connsellers of the City of Rome, he'd in the city of Philadelphia, the 30th of October, 1810, the following extract from the report of the commissioners, was ordered to be published in two or more newspapers of the said city.

pers of the said city.

"The commissioners report, that agreeably to the order of the counselore, they have proceeded to the city of Rome where they arrived on the 21st risy of October, 1810, and on that day fixed upon the soite and marked the most eligible spot for and determined the course which the stipets set to run. They have measured the distance from a the bridge across the Lehigh on the tumplife leading to Wilkesbarre, and found the distance from said bridge to the centre of said city of Rome, called Union Square, to he five miles. Said bride e is about 100 m less from the city of Philadelphia, and 17 miles and an half from Wilkesbarre, on the east side of the Susquehanns. The centre of In miles from the cwy of Finianennia, and If miles and an half from Wilkesbarre, on the east side of the Susquehanns. The centre of Union Square, aforesaid, is situate on a gentle rise of ground, gradually elevated a few feet above the adjoining squares. The quality of the land contained, a the jean of the city of Rome, throughout the whole extent, apprays to be excellent, abounding with streams of wholesome water, the penceipal of which is called a Trout Creek," which affords water sufficient to turn mills of any description. The timber is valuable, consisting of Sugar Maple, Black Cherry, Black Birch, White Ash, Spruce and Beech. The road (with is now engaged to be cut from the turnpike to Union Square,) is surveyed through a pleasant tract of country, and a surveyor is now engaged to lay out all the streets.
