

Mitchell and Bacon on the subject, the bill was referred to a committee of five.

Third Census.

The House resolved itself into a committee of the whole, 51 to 44—Mr. Bassett in the chair, on the bill for apportioning the Representatives according to the third enumeration of the people of the United States.

The question pending when the committee rose yesterday was on filling the blank for the ratio of apportionment with 50,000.

This question was lost—Ayes 26. The number 43,000 was next proposed, and lost; 48 for it. 56 against it. The number 40,000 was next proposed, and after debate, agreed to by the committee, ayes 78.

The committee then rose and reported the bill as amended.

The question was put on concurring with the committee of the whole in filling the blank with 40,000—

But a motion was made by Mr. Quincy to postpone the bill till Monday, and eventually carried, 55 to 43.

IN SENATE.

THURSDAY, December 13.

DOCUMENTS.

ACCOMPANYING THE PRESIDENT'S MESSAGE.

MR. PINKNEY TO LORD WELLESLEY.

Great Cumberland Place, May 3, 1810.

I have the honor to call your Lordship's attention, in pursuance of the instructions of my government, to a practice, which has for some time past prevailed in this country, of forging American ships' papers, for the purpose of giving to English vessels the character of American bottoms.

It appears, from various sources of information, that these fabrications are carried to a great extent, particularly in London, and that the fraudulent papers are purchased as a regular article of traffic, and used in numerous instances, so as to bring into suspicion the genuine documents on which the safety of American commerce depends, and to subject that commerce to serious vexation and loss.

I am confident, my lord, that it is only necessary to suggest to his Majesty's government, the existence of these abuses so injurious to the United States, and so pernicious in their general tendency, to induce it to cause immediate enquiry to be made, with a view to an efficacious remedy. I have therefore, only to add, that I am in possession of some papers, which throw considerable light on this subject, and which (with such other information as I have obtained or may obtain) I shall be happy to communicate to your Lordship whenever your Lordship thinks proper.

I have the honor to be, &c. &c. (Signed) WM. PINKNEY.

MR. PINKNEY TO MR. SMITH.

London, May 18, 1810.

SIR, I have the honor to enclose a copy of a communication made to me on the 14th instant, by Lord Wellesley, concerning a partial relaxation of the blockade, notified some time ago, of the coast and ports of Spain between Gijon and the French territory.

I have the honor to be, &c. &c. (Signed) WM. PINKNEY.

LORD WELLESLEY TO MR. PINKNEY.

The undersigned, his Majesty's principal secretary of foreign affairs, has received his Majesty's commands, to inform Mr. Pinkney, that the King has judged it expedient to signify his orders to the lords commissioners of the admiralty, to give the necessary directions to the officers employed in the blockade of the coast and ports of Spain, from Gijon to the French territory, that they permit, notwithstanding the said blockade, Spanish or neutral vessels laden with cargoes, the produce of Spain only, to sail from any port included in the limits of the said blockade; subject, nevertheless, (as to the ports to which they trade) to the restrictions of his Majesty's orders in council of the 26th of April, 1809, and the 7th of January, 1807.

The undersigned requests Mr. Pinkney to accept assurances of his high consideration. (Signed) WELLESLEY.

Foreign Office, May 14th, 1810.

Extract of a letter from Mr. Pinkney to Mr. Smith.

London, 13th June, 1810.

I have not yet obtained from Lord Wellesley an answer to my letter of the 30th of April, concerning the British blockades of France, before the date of the Berlin decree. In a short conference, on Sunday last (the 10th instant), I pressed for a prompt and favorable reply, and shall perhaps receive it in the course of a few days. I had requested an interview on this subject, on the 18th

of last month, in consequence of a letter brought by Mr. Lee from General Armstrong, dated the 2d of May; but the state of Lord Wellesley's health prevented its taking place sooner than the 10th instant.

I have sent Mr. Craig, (a young gentleman of Philadelphia,) as a messenger to Gen. Armstrong. He carries a newspaper copy of the late act of Congress, respecting commercial intercourse.

I have prepared on official letter to you on the affair of the Chesapeake; but, as Mr. Irving leaves town for Liverpool, in the morning, there is not time to copy it. It shall be forwarded, however, by Mr. Morrier, who is about to sail in the British frigate Venus, for New-York; or sent to Liverpool, to the care of Mr. Maury. In the mean time, it will be sufficient to state to you, that I am expecting every day Lord Wellesley's written overture in that affair; and that in our conferences, which resulted in an understanding, that he would make such an overture, no objection was made by him to an engagement to restore the men to the ship from which they were forcibly taken, without the offensive reservation prescribed to Mr. Rose and Mr. Erskine, and contained in Mr. Jackson's project; to offer a suitable provision, without any reservation, for the families of the sufferers, as a part of the terms of satisfaction; to forbear all reference, in the papers leading to, or containing the arrangement, to the President's proclamation, or to any thing connected with it; to adopt, in those papers, a style and manner not only respectful but kind to our government; to recite in them, (as in Mr. Erskine's letter to you in April, 1807,) that Admiral Berkley had been promptly disavowed, and, as a mark of his Britannic Majesty's displeasure, recalled from an important command. I have met on this occasion with nothing of a discouraging nature, except on the impracticable point of the trial and punishment of the offending officer. On that point it is impossible to prevail; but there will be no objection to my declaring, in a reply to the overture, the expectation of the American government, that the officer shall be tried and punished, or to a rejoinder, (if I wish it) on the part of Lord Wellesley, suggesting, in a friendly way, the reasons for not fulfilling their expectation.

MR. PINKNEY TO MR. SMITH.

London, 36th June, 1810.

SIR, Lord Wellesley's answer to my letter of the 30th of April, concerning the British blockades of France, anterior to the Berlin decree, being still delayed, I have sent him the letter, (of the 23d instant,) of which a copy is now transmitted.

I have the honor to be, &c. &c. (Signed) WM. PINKNEY.

MR. PINKNEY TO LORD WELLESLEY.

Great Cumberland Place, June 23, 1810.

MY LORD, I beg to recal your Lordship's attention to the subject of the letter, which I had the honor to address to you on the 30th of April last, concerning the British blockades of France anterior to the Berlin decree.

My government expects from me a communication on that subject; and your Lordship will, I am sure, take pleasure in enabling me, with as little delay as possible, to fulfil that expectation in a satisfactory manner.

I feel confident, that, after the declaration of France, which I had the honor to state to your Lordship in that letter, and to mention in conference before and since the date, there will be no difficulty, on the part of Majesty's government, in revoking these blockades, or declaring that they are no longer in existence.

I have the honor to be, &c. &c. (Signed) WM. PINKNEY.

MR. PINKNEY TO MR. SMITH.

London, July 1, 1810.

SIR, I have this day had the honor to receive your letter, of the 23d [22d] of May, by Mr. Parish, and have sent a note to Lord Wellesley, requesting an interview. He is out of town, but will return to-night or in the morning. The instructions contained in your letter, concerning the inequality, supposed to be intended by this government, in the state of our diplomatic relations, shall be executed with the discretion which undoubtedly they require; and I am persuaded, that the result will be perfectly satisfactory to the President. In the mean time, I think I can undertake to assure you, that no change has taken place in the opinion of Lord Wellesley, as announced in my private letter to you, of the 14th of January, that a minister plenipotentiary of rank should be sent to the United States. Certainly no idea has been entertained here of a permanent or long continued charge d'affaires. It could only be intended to send one in the first instance. And I have reason to be confident, that for some time past it has been in agitation to appoint a minister plenipotentiary without delay; that Lord Wellesley has in fact thought of and mentioned a person; and that Mr. Morier's departure has been put off in consequence.

In the case of the Chesapeake, I have already stated to you, that I think there will be no difficulty, if the farther punishment of Berkley is not made, on our part, a sine qua non. Your instructions are very clear, that this is not to be peremptorily insisted on.

I have nothing to add to my communication of the 26th ult. concerning the British blockades of France, before the Berlin decree, except that I mean to press Lord Wellesley on that subject; at our next interview, as I did at our last. I shall not fail, at the same time, to draw his attention to the orders in council and the intercourse act.

I need scarcely say, that if events should make it proper for me, in obedience to the President's commands, to return to America, (leaving a charge d'affaires) I shall lose no time in doing so. I have the honor to be, with great consideration, sir, your most obedient humble servant.

(Signed) WM. PINKNEY.

TO OUR SUBSCRIBERS.

The proprietors of newspapers in this city are induced, by what they believe their patrons will consider sufficient cause, to charge one additional dollar a year for their respective journals. In announcing this determination, they are bound respectfully to state their reasons:

The present price was contendedly moderate many years since; when their blank paper cost twenty to twenty-five per cent. less than it is now paid; when workmen's wages were lower by twelve per cent than they now are, and when types, from the comparative plenty of regulus of antimony, were more than thirty per cent. below present prices.—On these considerations, the daily papers of other cities are one to three dollars a year higher than those of Baltimore: In New York, several are ten; others nine; in Philadelphia, none are published at a less subscription price than eight dollars.

From a view of these facts, thus succinctly stated, the proprietors confidently hope that the reasonableness of their demand will be universally acknowledged; They have therefore concluded, to charge the additional dollar per annum from the first of January next.

Original Family Medicines.

For the Prevention and Cure of BILIOUS & MALIGNANT FEVERS.

LEE'S ANTI-BILIOUS PILLS,

PREPARED BY MICHAEL LEE & CO.

Persons wishing to purchase this valuable medicine, are requested to be particular in inquiring for Lee's Anti-Bilious Pills, put up in wooden boxes, having on the outside wrapper the signature of Michael Lee & Co. Late Richard Lee & Son—this is necessary, as there are other Pills of the same name.

The operation of these highly esteemed pills is perfectly mild, and the experience of thousands has proved, they may be used in every situation in life, without the least inconvenience.

CASES OF CURES.

Selected from thousands, the authenticity of which can be ascertained by personal application to any of the subscribers—not being performed in Europe, (no one knows where) but at home.

Messrs. Michael Lee & Co.

Your Anti-Bilious Pills have had the desired effect in relieving me from head-ache, pains in the back, lassitude, &c. If you think proper, you may be enabled to use my name, DANIEL CONN. d19t

Balt. June 26, 1810

Messrs. Michael Lee & Co. With pleasure I acknowledge the benefit received from your Anti-Bilious Pills, in removing violent pains in the bowels; sickness and head-ache.

RD. ROBINSON, Market-st. Balt. June 29, 1810.

Messrs. Michael Lee & Co.

I have taken but two doses of your Anti-Bilious Pills, and I am quite relieved from that sickness of the stomach, giddiness, &c. which have troubled me for some time. I shall recommend them to all my friends in similar cases.

G. C. COLLINS.

Balt. July 1st, 1810.

Messrs. Michael Lee & Co.

The high opinion I have of your Bilious Pills, and a desire to make known their utility for the benefit of mankind, I wish you to publish the following:

For two months past, I have been afflicted with violent sickness at the stomach, an inclination to vomit, and loss of appetite—by taking two doses of your Pills, I am restored to a perfect state of health; which induced my wife to try them also, which was attended with the same good effects, being now able to attend to her domestic concerns. In my opinion this medicine is unequalled in stomach and bowel complaints, not being attended with that griping pain, common to other medicines. JOHN SCOTT, Dulaney-st. near Columbia-Gardens.

LEE'S

Worm-Destroying Lozenges.

THIS Medicine, which is as innocent and mild as it is certain and efficacious in its operation, cannot injure the youngest infant, should no worms exist in the body; but will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders.

Messrs. Michael Lee & Co.

Observing that my son, six years of age, was troubled with difficulty in breathing, (something frequently rising in his throat,) restlessness at night, loss of flesh, &c. From those symptoms I was confident he had worms, and having procured a box of Lee's Worm-Destroying Lozenges, the first dose expelled twenty-three large worms, which gave him immediate relief. He now enjoys a good state of health, and I believe I can give evidence, that Lee's Lozenges are the most efficacious remedy for worms now in use.

THOMAS PETERS, of the late firm of Peters & Johnson.

Balt. July 1, 1810.

Messrs. Michael Lee & Co.

A child of Mr. Henry Grimes, near Mr. E. Pett's mill factory, was for upwards of 18 months violently afflicted with sickness, which appeared to proceed from worms; the symptoms were restlessness at night, debility, pain in the legs, loss of flesh, &c. After having the advice of an eminent physician, and trying a variety of medicines without success, the afflicted parents were advised to try Lee's Worm-Destroying Lozenges, which expelled during the operation of the medicine, a great quantity of large worms, some of which measured 12 inches—the child now enjoys a good state of health.

Balt. June 8, 1808.

Edward Higgins, South-street, Baltimore, administered Lee's Lozenges agreeable to the directions, to his child of 14 months old—the first of which expelled a worm measuring 20 inches long and near half an inch thick, the second dose expelled another 16 inches long, and the same thickness, and a quantity of small worms mixed with slime, &c. The child enjoys a good state of health.

LEE'S ELIXIR.

A sovereign remedy for colds, obstinate coughs, catarrhs, asthmas, sore throats, and approaching consumptions.

Messrs. Michael Lee & Co.

I was attacked with a most violent cold, a severe cough, and pains in the breast, which continued to grow worse; during which my appetite failed, and my voice altered so much that it was with the utmost exertion I could pronounce a single sentence louder than my breath. Some of my friends having observed to me that much good had been done by the use of Lee's Elixir, advised me to procure a bottle from Messrs. Warner and Hanna, which I accordingly did—and to those persons unacquainted with the merits of this medicine, it will appear astonishing that three doses should remove the pains in my breast, and the use of one bottle restored me to perfect health.

J. A. SMITH, Market-st. Fell's-Point.

LEE'S

Infallible Fever and Ague Drops,

For the cure of agues, remittent and intermittent Fevers.

Thousands can testify of their being cured by these Drops, after the bark and every other medicine has proved ineffectual; and not one in a hundred has had occasion to take more than one, and numbers not half a bottle.

Messrs. Michael Lee and Co.

I think it my duty to inform you, that from experience I am convinced your Ague Drops are an essential remedy. My little son was violently affected with agues and fevers. The advice and attendance of an eminent physician failed—I was next advised to try the country air, which also failed, and it appeared to all who saw him, impossible for him to recover.—When Mr. George Hays advised me to try Lee's Ague Drops (observing that they had cured him) a bottle was procured and given according to the directions, which effected a speedy cure, and he has not had a return thereof since.
