12,000 Dollars Wanted, I wish in the course of the month to obtain a loan of Twelve Thousand Dollars, for one year; to secure the punctual payment of which, at the end of that time, I will mortgage landed property to the amount, in value of forty thousand dollars at least. The property principally is situated in or within 3 miles of this city, no part of it more than twelve from it. Should it be agreeable for any bank, or monied institution, or for any gentleman, or association of gentlemen, to loan the money, the interest thereon shall be paid in advance every 60 days at any bank the lender shall choose, under the penalty that the credit shall cease from default made; so that the capital advanced shall produce the same interest to the owner, as would be derived from 50 much bank stock. Any further explanation or information may be had by those at a distance, addressing me by post; by those near me, communicating personally. The property is not to be mortgaged, is very eligible and the title indisputable. Mr. Lawrence Keene, who lives with me, will show it to any person or persons who wish to see it. My time is so much engaged in business, that I have not leisure to make personal application, I have therefore adopted this mode. Whoever shall advance the money, will be secure from any loss, will enjoy the same profit upon it as if invested in bank stock, and will confer an obligation upon a person in the catalogue of whose vices, whatsoever they may be, ingratitude has never been named. LUTHER MARTIN. Oct. 12

Leakin's Lottery-Office, No. 1, Market-street, Fell's-Point—where only purchasers can be certain of procuring the GENUINE MEDICINES, of the late Richard Lee, junr. as prepared by the original recipes in possession of his Widow in New-York, by whom they are supplied, and without whose signature none are Genuine.

Prevention better than Cure. For the Prevention and Cure of Bilious and Malignant Fevers, is recommended HAIN'S ANTI-BILIOUS PILLS, Prepared (only) by H. L. E. P., 56, Maiden-Lane, New-York. THIS Medicine has, for ten years past, been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West Indies, and the southern of the United States, particularly in Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston and Savanna. The testimony of a number of persons in each of the above, has been adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances. Facts of this conclusive nature, speak more in favour of a medicine, than columns of pompous eulogy founded on mere assertion could do. It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these pills, taken once every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative—and further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the power of common remedies. The operation of these Pills is perfectly mild, so as to be used with safety by all persons in every situation, and of every age. They are exceedingly adapted to carry off superfluous bile, and prevent its morbid exertions—to restore and amend the appetite—produce a free perspiration, and thereby prevent colds, which are often of fatal consequences. A dose never fails to remove a cold, if taken on its first appearance. They are celebrated for removing habitual costiveness—sickness at the stomach and head-ache—and ought to be taken by all persons on a change of climate. They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured, and carefully preserved for use by every seaman. Certificate of Mr. William Devenny. During the last nine years, I have been in the habit of using Hain's Anti-Bilious Pills, prepared by the late Mr. Lee, whenever colds, head-aches or costiveness have rendered medicine necessary; in these cases a single dose has uniformly removed my head-ache, and has generally been found sufficient to remove every symptom of cold, if taken on its first appearance. Induced by the benefit received, I have for many years past recommended them to many of my friends, and I have the pleasure to inform you, they have invariably succeeded in removing the above complaints. Yours, &c. WM. DEVENNY, 143, Cherry-street, New-York.

HAMILTON'S Celebrated Worm-Destroying Lozenges, Which there is reason to believe, have, within ten years past, cured upwards of two hundred thousand persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from worms, and from obstructions or fullness in the stomach and bowels. This medicine bears no analogy whatever to others of similar title, so commonly complained of as operating with violence: on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is so mild in its operation that it cannot injure the most delicate pregnant lady, or the tenderest infant of a weak old, should no worms exist in the body, but will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humors and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion. A dose of this medicine given occasionally during the warm season, will effectually prevent the vomiting and purging of children; a dreadful disorder, which annually destroys thousands of the infant part of our citizens—it is likewise the mildest and most certain remedy known, and has restored to health

And strength, a great number when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases. Children generally take this medicine with eagerness; having a pleasing appearance and an agreeable taste. Cases of Cures, selected from thousands, the authenticity of which any person may ascertain, either by letter or personal application; not being performed in Europe, nobody knows where—but at home. Mr. Samuel Fuller, inn-keeper on the Hartford road, ten miles from Baltimore, began about 12 months ago, to be grievously afflicted with a tape-worm, which increased fast in size and strength, so as to excite the most horrid sensations by its writhing motions and intolerable pains, resembling the gnawing and tearing of his bowels, which deprived him of his necessary sleep, and caused such dreadful apprehensions as cannot be described but by one in a similar situation; his appetite declined rapidly, and with that his strength, so that he was unable to attend to any business; when he heard of some excellent cures performed by Hamilton's Worm Lozenges, he took a large dose, which brought away about 4 yards (now in possession of H. Lee); but a renewal of his pain soon convinced him that this monstrous reptile had recovered its first vigour. Application was made for more of the medicine; with advice, from which resulted the total expulsion of his formidable enemy, in several pieces, which he supposed to be six or eight yards more. A few weeks since elapsed, and Mr Fuller is now in perfect health. The above facts are well known to a numerous circle of his neighbours, and he himself will gratify any who may wish to make further inquiries on the subject. Although Hamilton's Worm Lozenges produce such powerful effects, when necessary, yet they are perfectly innocent and mild in their operation on the human body, even when taken in large doses as Mr Fuller will testify. Their peculiar address is abundantly evident in the following cures of infants. Letter from Mr. Henry Ackerman, bricklayer, in Magazine-street, near Broadway, New-York. It would be ungrateful were I to withhold my testimony in favour of Hamilton's Worm Destroying Lozenges. I had been between 5 and 6 years past much indisposed, and latterly often tormented with severe griping and pains in the bowels, troubled with offensive breath, with violent febrish fits, and other obvious symptoms of worms; but frequently hearing your Worm Lozenges recommended in cases similar to mine, I determined on a trial of them, as my last resource. The first evacuated twelve or thirteen feet of a tape-worm; two other doses were taken, which brought away a quantity of matter broken like skins and pieces of worms. I suppose the tape-worm, voided at different times, must, in the whole, have extended forty feet. The almost incredible benefit I received from this medicine, induced me to give a dose to a child of mine who was pining and sickly; it produced the same good effect in this instance, expelled a worm of a different kind, from nine to twelve inches long, and at the same time restoring a good state of health. HENRY ACKERMAN.

Dr. Hamilton's Grand Restorative, Which the inventor confidently recommends as an invaluable medicine for the speedy relief and permanent cure of various complaints which result from dissipated pleasures, juvenile indiscretions, residence in climates unfavourable to the constitution, the immediate use of tea, frequent intoxication, or any destructive interference, the unskillful or excessive use of mercury, the diseases peculiar to females at a certain period of life, bad layings, &c. And is proved by long and extensive experience to be absolutely unparalleled in the cure of nervous disorders, consumptions, loss of spirits, loss of appetite, impurity of the blood, hysterical affections, inward weakness, violent cramps in the stomach and back, indigestion, melancholy, gout in the stomach, pains in the limbs, relaxations, involuntary emissions, renal weakness, obstinate gleet, fluor albus, (or whites) impotency, barrenness, &c. &c. ITCH CURED, By once using Lee's Sovereign Ointment.—The proprietor informs those persons and families who are suffering under this disease, (against the infection of which no person is safe) that if this ointment is used at night on going to bed it never fails to perform a cure by the following morning, as thousands who have used it during the last ten years can testify. The peculiar excellencies of this infallible remedy for the itch, over every other, are the certainty of cure by a single application; the ingredients being so innocent as to be applied with perfect safety to the tenderest infant; and its being not only free from any offensive smell, but equally agreeable with the pleasantest pomatum. Hain's true and genuine German Corn-Plaster, An infallible remedy for Corns; speedily removing them root and branch, without giving pain. Genuine Persian Lotions, The Restorative Powder—for the Teeth and Gums. Hain's Genuine Eye-Water, A sovereign remedy for all diseases of the eyes. Hamilton's Essence and Extract of Mustard, For Rheumatism, Gout, Palsy, Swelling, Numbness, &c. Tooth-Ache Drops, The only remedy yet discovered, which gives immediate and lasting relief in the most severe instances. The Anodyne Elixir, For the cure of every kind of head-ache. The Danish Lip-Salve, Infallible Fever and Ague Drops. Observe, the Agency is removed.—The above well known Medicines are for sale in Baltimore, only, by G. & R. Waite, at their Lottery-Office, No. 136, Market-street, corner of St. Paul's-Lane; and at S. C. Leakin's Lottery-Office, No. 1, Market-street, Fell's-Point—and no where else in Baltimore. June 29
