CITY OF ROME.

Extract from the report of the commissioners appointed to lay out and survey the plot contemplated to be called the "CITY OF ROME."
At a meeting of the counsellors of the City of Rome, held in the city of Philadelphia, the 30th of October, 1810, the following extract from the report of the commissioners, was ordered to be published in two or more newspapers of the said city.
"The commissioners report, that agreeably to the order of the counsellors, they have proceeded to the city of Rome, where they arrived on the 21st day of October, 1810, and on that day fixed upon the site and marked the most eligible spot for and determined on the course which the streets are to run. They have measured the distance from the bridge across the Laugh on the turnpike leading to Wilkesbarre, and found the distance from said bridge to the centre of said city of Rome, called Union-square, to be five miles. Said bridge is about 100 miles from the city of Philadelphia, and 17 miles and an half from Wilkesbarre, on the east side of the Susquehanna. The centre of Union Square aforesaid, is situated on a gentle rise of ground, gradually elevated a few feet above the adjoining squares. The quality of the land contained in the plan of the city of Rome, throughout the whole extent, appears to be excellent, abounding with streams of wholesome water, the principal of which is called "Fruit Creek," which affords water sufficient to turn mills of every description. The timber is valuable, consisting of Sugar Maple, Black Cherry, Black Birch, White Ash, Spruce and Beech. The road (which is now engaged to be cut from the turnpike to Union Square) is surveyed through a pleasant tract of country, and a surveyor is now engaged to lay out all the streets.

Paul's Patent, Infallible COLUMBIAN OIL.

The inventor of this highly esteemed medicine is a native of America, and the composition is the production of American soil, consequently it is in every sense of the word domestic, it is not pulled up with a numerous train of pompous foreign certificates of persons from whom by the great distance that separates us 'tis impossible to obtain information, therefore the public has better security for their money as there cannot be the least shadow of deception to cover his medicine, for he simply appears before the community with his invention and an experimental detail of the various cases in which it really is so wonderfully efficacious, and in which he is supported by the following certificates, whose names are not only subscribed, but their persons may also be consulted, being residents within the circle of our neighborhood. The following are the complaints in which the Columbian Oil has been found so efficacious and rarely ever fails of effecting a cure—viz Rheumatism, Consumption, Pains in any part of the body, but particularly in the back and breast—Colds and Coughs, Tooth-ache, Spleen, Pleurisy, Cholera, Cramps, external and internal Bruises, Sprains & Flesh Wounds, Scalds and Burns, Whooping Cough and Mumps, and the summer complaint in children, and in a weak stomach that is caused by indigestion, a constant sinking and loss of appetite, it will act as a powerful bracer to the relaxed fibres, and restore it to its proper tone.

It seems as though nature had marked it the first of the class of all potent and specific remedies for the relief of the breast and lungs as it scarcely ever fails of removing obstructions in either, particularly those who are troubled with Phthisis or asthmatic complaints, who in the act of walking, sitting, or lying down are almost suffocated, half a tea-spoon full of the Columbian Oil will render some relief instantaneously, and if continued agreeably to the directions in such cases will prove a radical cure, by producing the full power of inflation to the lungs and free expansion to the breast.

Certificates of its Efficacy.
No. 1.

I do certify, that I have been ailing nearly two years with a hectic cough and violent oppression at the breast—I applied to the most eminent physicians, and could get no relief

from my low state of health, until I got Paul's Columbian Oil, and found immediate relief. I take this method of informing the public of the efficacy of this valuable medicine from the cures which I have experienced—I think it an incumbent duty to offer the same to the public.

No. 3.
I have great reason to be very thankful for being recommended to Paul's Columbian Oil. I had been afflicted with a violent pain in my back, so that I was not able to walk. I procured one vial of the Oil, and I received immediate relief, and I have been very well ever since.
N. B. I had a violent tooth-ache about two or three months ago, when I dropped a few drops of the Oil on some lint, and applied it to the tooth affected, and I received immediate relief.
ELEANOR ELLIOTT.

No. 4.
Sir,
I comply with your request, of stating my opinion of Paul's Columbian Oil being an effectual remedy for the tetter-worm. I have been afflicted with the tetter in my hand for twelve years, and have made trial of many medicines which have been recommended, but all to no effect. Hearing of Paul's Columbian Oil, about the 15th of January last, proving an effectual cure for the ring-worm and similar complaints, I immediately got a phial of your Oil and applied it agreeably to the directions for about two months successively—when the tetter left me, and has not made its appearance since.
SUSANNA PURDEN.

No. 5.
N. B. My Susanna, a child aged 20 months and 6 days, was taken about the middle of July last with a violent cough, which the neighbors said was the whooping-cough; I gave her six drops of the Columbian Oil, which gave immediate relief, and proved an effectual cure.

The Oil that I received by Mr. Elliott for the cold, did me a great deal of service, and ultimately cured me.
WM. PHILIPS,

No. 7.
I do hereby certify, that I was violently attacked with the pleurisy on Sunday, the 8th inst. I immediately sent to a physician, who bled me twice within the space of about sixteen hours, all to no effect; my fever still increased and my pains so violent that I had no knowledge of my nearest relations, nor even my parents. On Tuesday morning, the 10th, my father procured a phial of Paul's Columbian Oil, which was immediately applied to my right side, where the pain was severest, three or four times, with a piece of flannel kept to the part affected and I took fifteen drops internally three times a day for the first two days; and the second day after using the Oil, I was able to walk about the house, the third and fourth days I took of the Oil fifteen drops night and morning, which entirely relieved me from pain and fever, thanks be to God for it, and now I am a well man.

We do certify, that on Thursday, the 17th inst. we were tarring a new scow for Mr. John Clark, and by accident the scow took fire, which by endeavouring to put out the flames, John Clark and Thomas Adams got severely burnt in the face; we immediately got some Columbian Oil from Mr. Paul, and applied it to the parts burnt, which gave ease in the course of twenty minutes, and has left the parts free from blisters.

Str—At your request that I should give my opinion respecting what effect your Columbian Oil had in a certain case wherein I was afflicted, I most cheerfully comply by saying that I verily believe I might have died with one of the severest cramps in the stomach, had it not been for your Columbian Oil; and that I have been the second time relieved of the same complaint by the assistance of that valuable medicine, and as such, I recommend it as the best remedy, because there is no manner of doubt of its proving effectual.
E. CATHARINE WALKER,
Sign of the Buck, Market-Space, Baltimore.

No. 10.
Str—Having experienced so much benefit from your Columbian Oil, it would be an act of injustice to you, and want of feeling for those who may suffer under similar complaints, were I not to use my utmost endeavours to give the public testimony of the wonderful virtue it possesses.

I was attacked with a violent pain in my left leg, which I supposed was a touch of the rheumatism, it continued to grow worse every day, so that at last my knee began to get stiff, and could by no means bend it during this, which lasted about five weeks; I was seized with a most dreadful pain in my right breast, which pierced through to my shoulder-blade, and extended down my arm—During this situation a variety of remedies were applied, but all without effect. At last I was advised to try Paul's Columbian Oil, I accordingly procured a bottle, and found some relief from the first application, and by proper attention to the directions for using it, I was, to the astonishment of all who were acquainted with my situation, in five days entirely free from all pain, and have not the use of my leg as well as ever, and no person who may peruse the above certificate, being desirous of any information respecting my case, I have no objection, on their making application, to give them every satisfaction in my power respecting it. I am, sir, yours, &c.

No. 11.
Str—Conceiving it to be my duty to be concerned from the public the various of your most valuable Columbian Oil, from which I received so much benefit, I am now endeavoring from a private friend to give you a complaint under which I suffered. I was seized in the right hip with a most intolerable pain, which soon extended to the left hip, and on the day following a dreadful pain in my back, which lasted about three weeks; during which time I could not walk upright, but always in a bent posture; and if I stood in a chair, the pain would be so excruciating in the act of rising, that it was impossible for me to reform from screaming. My appetite had entirely left me, and a constant headache would sometimes almost deprive me of my senses; in fact, I was in a deplorable condition. A number of remedies were tried, but to no purpose. I had also the advice of an eminent physician, who prescribed the

hot bath, &c. which were regularly attended to, but without the smallest advantage. I had about nine ounces of blood taken from me, still the complaint did not give way in the least degree. I was then advised to try Paul's Columbian Oil, but very little hopes of succeeding; when to my great surprise and comfort, I was sensible of some ease in my hip on the first time of anointing; the headache left me, and in four days I was perfectly recovered.

By your request I do certify, that I had been a long time dangerously indisposed, and was reduced to the lowest state of weakness, inasmuch that my recovery appeared doubtful; my complaints seemed to be affections of the breast and lungs—I could procure no relief from incessant coughing, nor breathe without great pain and difficulty—when, by the use of one phial of Paul's Columbian Oil, my distressing cough left me, every other symptom was removed, and I was restored to an excellent state of health, which I now enjoy.

Directions for taking said Oil.

For cough, rheumatism, spleen and sciatic pains, take from 15 to 25 drops, as the case may be, on a little sugar, twice or three times a day, and anoint the part affected.

For debilitated constitutions and consumption, pains in the breast, colds, croup, internal bruises or sprains, take from 15 to 20 drops morning, noon and night.

For external Bruises, flesh wounds, scalds and burns, apply the Oil lightly with a feather, and bind it up with thin, soft linen cloth.

For ulcers, take 20 drops three times a day for 2 weeks previous to the external application, then applying the Oil two or three times a day, as prescribed for burns.

For the cramp in the stomach, bilious cholera and pleurisy, take 5 drops every half hour until the complaint ceases. 8 m. of the Oil on a warm flannel, should be applied to the side.

In croup and mumps, take five drops every hour in the hoarse and vinegar, a tea-spoonful of each, and anoint the throat and glands with the Oil, apply Phlegm, as in pleurisy.

For whooping-cough give to a child of one year old 5 drops every hour. Anoint it on the sides of the feet, the wrists, palms of the hands, and from the nape of the neck to the lower part of the back, once a day with the Oil. This continued, fear not of a speedy cure.—In case of the above in proportion to the age of the child.

For swelling and larynx, or what is commonly known by the name of Summer complaint in children, take 10 drops of our year-old oil, the dose every two hours, in a tea-spoonful of milk, or in the dose of a few drops of the oil, in the morning.

For the tooth-ache, a few drops on a bit of lint or cotton, applied to the affected tooth, will give almost instant relief.

For a rheumatic pain in the jaw, let it well rubbed with the Oil 3 or 4 times a day.
