

Original Family Medicines.
For the Prevention and Cure of
BILIOUS & MALIGNANT FEVERS.
LEE'S Anti-Bilious PILLS,

PREPARED BY
MICHAEL LEE & CO.
Persons wishing to purchase this valuable
medicine, are requested to be particular in
inquiring for Lee's Anti-Bilious Pills, put up
in wooten boxes, having on the outside wrap-
per the signature of Michael Lee & Co. late
Richard Lee & Son—this is necessary, as there
are other Pills of the same name.

The operation of these highly esteemed pills
is perfectly mild, and the experience of thou-
sands has proved, they may be used in every
situation in life, without the least inconveni-
ence.

CASES OF CURES.
Selected from thousands, the authenticity of
which can be ascertained by personal applica-
tion to any of the subscribers—not being
performed in Europe, (no que knows where)
but at home.

Messrs. Michael Lee & Co.
Your Anti-Bilious Pills have had the desired
effect in relieving me from head-ache, pain
in the back, lassitude, &c. If you think prop-
er, you are at liberty to use my name,
DANIEL CONN, *Alquith-st.*
Balt. June 20, 1810.

Messrs. Michael Lee & Co.
With pleasure I acknowledge the benefit
received from your Anti-Bilious Pills, in re-
moving violent pains in the bowels, sickness
and head-ache.

RD. ROBINSON, *Market-st.*
Balt. June 20, 1810.

Messrs. Michael Lee & Co.
I have taken two doses of your Anti-
Bilious Pills, and I am quite relieved from that
sickness of the stomach, giddiness, &c. which
have troubled me for some time. I shall re-
commend them to all my friends in similar
cases.

G. C. COLLINS.

Balt. July 1st, 1810.

Messrs. Michael Lee & Co.
The high opinion I have of your Bilious
Pills, and a desire to make known their utility
for the benefit of mankind, I wish you to
publish the following:

For two months past, I have been afflicted
with violent sickness at the stomach, an incli-
nation to vomit, and loss of appetite—by tak-
ing two doses of your Pills, I am restored to
a perfect state of health; which induced my
wife to try them also, which was attended
with the same good effects, being now able to
attend to her domestic concerns. In my opi-
nion this medicine is unequalled in stomach
and bowel complaints, not being attended
with that griping pain, common to other me-
dicines.

JOHN SCOTT,
Dulaney-st. near Columbia-Gardens.

LEE'S
Worm-Destroying Lozenges.

THIS Medicine, which is as innocent and
mild as it is certain and efficacious in its op-
eration, cannot injure the youngest infant,
should no worms exist in the body; but will,
without pain or griping, cleanse the stomach
and bowels of whatever is foul or offensive,
and thereby prevent the production of worms
and many fatal disorders.

Messrs. Michael Lee & Co.

Observing that my son, six years of age,
was troubled with difficulty in breathing,
(something frequently rising in his throat);
restlessness at night, loss of flesh, &c. From
those symptoms I was confident he had worms,
and having procured a box of Lee's Worm-
Destroying Lozenges, the first dose expelled
twenty-three large worms, which gave him
immediate relief. He now enjoys a good state
of health, and I believe I can from experience
say, that Lee's Lozenges are the most effica-
cious remedy for worms now in use.

THOMAS PETERS,
of the late firm of Peters & Johnson.

Balt. July 1, 1810.

Messrs. Michael Lee & Co.

A child of Mr. Henry Grimes, near Mr.
E. Hett's nail factory, was for upwards of 18
months violently afflicted with sickness, which
appeared to proceed from worms, the symp-
toms were restlessness at night, debility, pains
in the legs, loss of flesh, &c. After having
been attended by an eminent physician, and trying
various medicines without success, the par-
ents were advised to try Lee's Worm-
Destroying Lozenges, which expelled
thirty large worms, some of which mea-
sured a 12 inches—the child now enjoys a good
state of health.

THOMAS PETERS,
of the late firm of Peters & Johnson.

Balt. June 8, 1808.

Richard Higgins, South-street, Baltimore,
observing Lee's Lozenges agreeable to the
child of his child of 14 months old—the
child expelled a worm measuring 20
long and near half an inch thick, the
dose expelled another 16 inches long
same thickness, and a quantity of
worms mixed with slime, &c. The child
now enjoys a good state of health.

LEE'S ELIXIR,

A remedy for colds, obstinate
coughs, asthma, sore throats, and
consumptions.

Lee & Co.

I was afflicted with a most violent cold,
and pains in the breast, which
continued for several days, during which my
appetite failed, and my voice altered so much
that it was with the utmost exertion I could
pronounce a single sentence louder than my
breath. Some of my friends having observed
to me that much good had been done by the
use of Lee's Elixir, advised me to procure a
bottle from Messrs. Warner and Hanna, which
I accordingly did—and to those persons unac-
quainted with the merits of this medicine, it
will appear astonishing that three doses should
remove the pains in my breast, and the use of
one bottle restored me to perfect health.

J. A. SMITH,

LEE'S

Infallible Fever and Ague Drops.

For the cure of agues, remittent and inter-
mittent Fevers.

Thousands can testify of their being cured
by these Drops, after the bark and every other
medicine has proved ineffectual, and not one
in a hundred has had occasion to take more
than one, and numbers not half a bottle.

Messrs. Michael Lee & Co.

I think it my duty to inform you, that from
experience I am convinced your Ague Drops
are an effectual remedy. My little son was
violently afflicted with agues and fevers. The
doctor and attendance of an eminent physician
were next advised to try the country
remedy, which also failed, and it appeared to all
who saw him, impossible for him to recover—
when Mr. George Hays advised me to try
Lee's Ague Drops (observing that they had
cured him). A bottle was procured and given
according to the directions, which effected a
speedy cure, and he has not had a return
since.

DISEASES CURED.

Lee's Genuine Family Medicines,

Celebrated for curing most disorders to
which the human body is liable, continue
to be prepared and sold, wholesale and retail
at LEE'S old established Patent and Family
Medicine Store, No. 36, Maiden Lane, New-
York. Sold in Baltimore (by appointment of
the proprietor) at G. & R. WAITE'S Lottery
Office, No. 156, Market-street, corner of St.
Paul's Lane; at Wm. MUNDAY'S Book-
Store, No. 63, North Howard-street; and at
S. C. LEAKIN'S Lottery Office, No. 1, Mar-
ket-street, Fell's Point. By applying at these
Stores, purchasers can be supplied with the
genuine preparations of the late Richard Lee,
which for many years past have proved superi-
or to any medicines hitherto discovered,
both in the safety of their operation and cer-
tainty of producing cures, as the many re-
commendations and certificates before the pub-
lic fully prove.

Fits caused by Worms.

The extraordinary cure my wife has ex-
perienced by the use of Hamilton's Worm-
Destroying Lozenges, ought to be made public
for the benefit of those who may be afflicted in
a similar manner: with this intention I now in-
form you she had been subject to severe con-
vulsion fits upwards of twenty years. These
fits were apparently brought on by trifling
circumstances. A drink of cold water, or
stumbling in walking has often occasioned a
recurrence of a fit, and their frequency was
such as to render her incapable of all business.
Hamilton's Worm Lozenges becoming cele-
brated in my neighborhood, were administered,
and a quantity of small worms and matter
were brought away, which no doubt had been
the cause of her fits; she having had none
since the Lozenges were taken. Nearly two
years have elapsed and my wife continues free
from fits, and has become very healthy. Wish-
ing these circumstances may be serviceable in
extending the knowledge of your excellent
medicine. I am, &c.

Hamilton's Elixir for Coughs, &c.

Asthma, sore throats and most disorders of
the breast and lungs, is recommended as an
unparalleled remedy. A single trial will prove
that it restores the determination of the fluids
to the surface of the body, and brings on the
common healthy perspiration; that it dis-
solves and evacuates the tough viscid phlegm
or mucus, strengthens the weakened vessels
of the lungs, soothes the acrimonious hum-
our which irritates them, and finally dis-
charges it. Thus striking at the root of the
disorder, the symptoms course effectually
and permanently conquered, the reverse
of common medicines which weaken the con-
stitution, and give strength to the disorder, for
the sake of moderating for the present some
of its painful effects.

To parents who have children afflicted with
the Hooping Cough, this discovery is of the
first magnitude, as it affords immediate relief,
checks the progress, and in a short time en-
tirely removes the most cruel disorder to
which children are liable. The Elixir is so
perfectly agreeable, and the dose so small that
no difficulty arises in taking it.

Selected Recommendations.

Philadelphia, Aug. 9, 1806.

To Mrs. H. Lee.

Being desirous to make public for the good
of others, the excellent quality of Hamilton's
Elixir, prepared by the late Mr. Lee—I have
sent you the following account of the benefit I
have received from it, which I hope will in-
duce others to give it a trial. In consequence
of a bruise on the breast received from a fall,
my health grew bad, my breathing became very
difficult, and frequently I have had sud-
denly to rise up in my bed with all the horrors
of immediate suffocation. Add to these, a
constant pain in my breast, and a cough, a
great loss of strength and flesh, and you may
conceive that my symptoms evidently indicated
an approaching consumption. The advice of
a most eminent physician was resorted to, and
afterwards a second was called in, but with-
out giving me any relief. Another Physician,
who knew me and the circumstances of my
case, advised me to give Hamilton's Elixir a
trial, saying, he had used it in his practice,
and always found it to do much good. A bot-
tle was procured from Mr. Birch's, and I found
relief before I had taken half of it. I continued
to use it, and was soon strong enough to
attend to business. On taking cold, some of
my former symptoms return, but are always
removed by a dose or two of the Elixir.

GEO. BENNER, junr.,
No. 11, Buck-street, Philadelphia.

From *Lectures on Medicine, &c.* late a physician of
the state of Maryland.

I comply with your request in stating my
opinion of Hamilton's Elixir—it has been used
in my family for two or three years past, with
uniform success, whenever colds, coughs or
similar complaints have rendered medicine ne-
cessary. I have myself found it an excellent
and agreeable remedy for a very painful and
troublesome affection of the breast, accompa-
nied with soreness with obstructed and diffi-
cult breathing. On these accounts I do not
hesitate to recommend Hamilton's Elixir as a
valuable medicine, and deserving public at-
tention.

ITCH CURED,

By once using Lee's Sovereign Ointment—
The proprietor informs those persons and fa-
milies who are suffering under this disease,
(against the infection of which no person is
safe) that if this ointment is used at night
on going to bed it never fails to perform a

cure by the following morning, as thousands
who have used it during the last ten years
can testify. The peculiar excellencies of this
infallible remedy for the itch, over every
other, are the certainty of cure by a single
application; the ingredients being so innocent
as to be applied with perfect safety to the
tenderest infant; and its being not only free
from any offensive smell, but equally agree-
able with the pleasantest pomatum.

Dr. Hamilton's Grand Restorative,
Which the inventor confidently recom-
mends as an invaluable medicine for the speed-
y relief and permanent cure of various com-
plaints which result from dissipated pleasures,
juvenile indiscretions, residence in climates
unfavourable to the constitution, the immod-
erate use of tea, frequent intoxication, or any
destructive intemperance, the unskillful or
excessive use of mercury, the diseases pecu-
liar to females at a certain period of life, bad
layings in, &c.

December 21

On the 1st of January, 1811,

WILL BE PUBLISHED,

BY JOSEPH ROBINSON

Bookseller and Stationer, 96 Market-st.

No. 1, OF

The Baltimore Repertory,

OF PAPERS ON LITERARY & OTHER TO-
PICS.

By a Society of Gentlemen.

By the literati of other cities, and even by
many in our own town, it is generally believed
that it is impossible to support a Literary Pub-
lication in this state. This opinion derives
strength from the many abortive attempts of
this kind which have been made in Baltimore.
—Their failure is accounted for in various
ways—Some were so utterly unworthy of pa-
tronsage, that their brief and transitory existence
may rather be cited as a proof of our taste—
But the general belief is, that there is not suffi-
cient literary spirit among us, and even if there
is it is said that no real publication has been
continued long enough to make a fair experi-
ment upon the public taste and liberality.

Robinson has no pleasure in affirming
his friends and the patrons of literature gen-
erally, that he has made such arrangements as
enable him to state, that the work here com-
menced, shall be issued at the time mentioned,
and be regularly continued until at least one
volume is published, notwithstanding any de-
ficiency of procuring assistance. He has hith-
erto solicited no subscription, because he wisht
to exhibit some evidence in support of his
claims to a portion of public patronage.

The plan of giving a condensed view of the
proceedings of our Legislature and the Debates
in Congress, in addition to the ordinary mat-
terials of a literary publication, it is believed is
novel in this country, although such articles
have always composed a part of the Europe-
an Journal—this department, though it may
not be interesting at the moment of publica-
tion, where the occurrences are fresh in the
recollection of every reader, will be found to
be very much so after a lapse of time, when
the newspapers in which such information was
originally given, have been destroyed or have
become too bulky to be referred to.

To each number of the Magazine it is in-
tended to add some drama of decided merit,
for which no additional charge is to be made
to subscribers—these will be pagged distinctly,
so that they may be separated from the work
when they amount to a sufficient size to form
a volume.

CONDITIONS.

Each number shall contain at least 64 pages,
large Octavo, and be published early in every
month.

The price to subscribers will be five dollars
per annum, payable half yearly.

The work shall be mailed occasionally
with engravings.

The first engraving which is now in the
hands of an artist, will be a fine simile of an or-
iginal letter from Gen. Washington.

Subscriptions received by the publish-
er, and the principal Booksellers in Baltimore,
—by Matthew Carey, Philadelphia; D. Long-
worth, New York; and Joseph Milligan,
Georgetown.

CITY OF ROME.

Extract from the report of the commissioners
appointed to lay out and survey the plot
contemplated to be called the "CITY OF
ROME."

At a meeting of the councillors of the City
of Rome, held in the city of Philadelphia, the
30th of October, 1810, the following extract
from the report of the commissioners, was or-
dered to be published in two or more news-
papers of the said city.

"The commissioners report, that agreeably
to the order of the councillors, they have pro-
ceeded to the city of Rome, where they arrived
on the 21st day of October, 1810, and on that
day fixed upon the site and marked the
most eligible spot for and determined on the
course which the streets are to run. They have
measured the distance from the bridge across
the Lehigh on the turnpike leading to Wilkes-
barre, and found the distance from said bridge
to the centre of said city of Rome, called Union
square, to be five miles. Said bridge is about
100 miles from the city of Philadelphia, and
17 miles and an half from Wilkesbarre, on
the east side of the Susquehanna. The
centre of Union Square, also said, is situ-
ated on a gentle rise of ground, gradually ele-
vated a few feet above the adjoining squares.
The quality of the land contained in the plan
of the city of Rome, throughout the whole
extent, appears to be excellent, abounding
with streams of wholesome water, the
principal of which is called "Trout Creek,"
which affords water sufficient to turn mills of
every description. The timber is valuable,
consisting of Sugar Maple, Black Cherry,
Black Birch, White Ash, Spruce and Beech.
The road (which is now engaged to be cut
from the turnpike to Union Square) is surveyed
through a piece of tract of country, and a
surveyer is now engaged to lay out all the
streets.
