"SUGAR COATED" PILLS, BEWARE! CAUTION!!

The increasing popularity of Dr. G. Benj. Smith's improved Indian Vegerable Sugar Coated Pills, has induced a number of persons to make something they call pills, and coat them with sugar, in order to sell em for the genuine, while they do not possess a particle of the goodness, nor even assimilate in appearance the original, Dr. Smith's Pills. In short, they are an intended fraud upon the community. A min ister who at first had an interest in an imitation Sugar Coated Pill, manufactured at Albany, N. Y. has given them up, as he says, on account of the miserable dishonest parties concerned in manfacturing them. The same party are now industriously circulating reports calculated to injure Dr. Smith and to affect the reputation of his valuable pills; but rather than notice them is public, Dr. Smith is about to institute legal proceedings against them for their slanders, as he has in another case against a similar party, in which he recovered a large amount of damages. These miserable imitators have to resort to the most abominable means to palm off their counterfeit pills as the pub'ic know that Dr. Smith's are the original and genuiue. life has been endangered by the unfortunate use of the

REMARKABLE CURE OF COLD.

New York, March 2, 1846. I very imprudently went out last week with a pair of shoes on, having sent my boots to the boot-maker for repair, and I took a very severe cold, which settled in my limbs, stiffened my neck, and rendered me wholly incapable of attending to business. On the tollowing night I took six of Dr. Smith's Indian Ves getable Sugar Coated Pills, which entirely relieved me, and the nextday I telt as well as usual. I know they are the best medicine that can be used

Brooklyn, 127 Myrtle St. Oct 1, 1846. Dr. Santh-Sir, It is with great satisfaction I ac knowledge the benefit my wile has received from the use of a few boxes of your pills which she used at the recommendation of a friend. Having fallen into bad health early in winter, she used them with perfect salety, even in that cold season. She has at times, used Morrison's Moffat's and others, and she states she has received more benefit from them than all the others. She believes they may be used with perfect safety by females, without changing either their employment or diet, and that at any season of the year.
