Important & Final Notice.

THE M. E. Church in Cambridge, through the trustees, takes this method of giving information to all whom it may concern, that, for the next and every subsequent violation of the rules and good order of the worship of said Church, they will proceed against those who may be guilty to the utmost rigor of the law. Names and facts are already taken which the trustees sincerely hope this notice may save them the necessity of taking further action upon. While the seats and service in the Church are free for all lovers of good order, and well disposed citizens, (and such are always heartily welcome) we are determined to suppress every act which shall disturb the peace and quiet of the house of God.

STANTON'S EXTERNAL REMEDY CALLED HUNT'S LINIMENT.

Is now universally acknowledged to be the INFALLIBLE REMEDY for Rheumatism, Spinal Affections, Contractions of the Muscles, Sore Throat and Chest, Issues, Old Ulcers, Pains in the Back and Sprains, Bruises, Salt Rheum, Burns, Croup, Frost-bite, and all Nervous Diseases. THE TRIUMPHANT SUCCESS which has attended the application of this most WONDERFUL MEDICINE in curing the most severe cases of the ENCONIUMS that have been bestowed upon it, wherever it has been introduced, gives me the right to call on the AFFLICTED to resort at once to the ONLY REMEDY THAT CAN BE RELIED ON.

From the New York Mirror. HUNT'S LINIMENT.—This invaluable Remedy of the many "ills that flesh is heir to," continues to shed its untold benefits upon all classes of society. We have seen a Certificate from some of the most respectable, intelligent, and influential citizens of Westchester, where the Proprietor resides, who are above all attempts to mislead the public in reference to any medicine, remedy, or preparation; and as this testimony is at once spontaneous and uniform in commending this truly excellent Medicine for Rheumatism, and various other diseases named in the advertisement, there can no longer be a reasonable doubt entertained of its extraordinary success and triumph over the maladies in question.

Sing Sing, May 13, 1845. We, the undersigned, do certify that we have used Mr. George E. Stanton's External Remedy, called HUNT'S LINIMENT, and have proved it to be fully equal to the character he gives it. Sir.—Having cured me of a severe attack of Rheumatism, which had rendered me almost helpless, and at the same time made me suffer great pain, I would offer my testimony in favor of the great properties which your External Remedy, Hunt's Liniment is possessed of. "SUGAR COATED" PILLS.

BEWARE! CAUTION!! The increasing popularity of Dr. G. Benj. Smith's improved Indian Vegetable Sugar Coated Pills, has induced a number of persons to make something they call pills, and coat them with sugar, in order to sell them for the genuine, while they do not possess a particle of the goodness, nor even assimilate in appearance the original, Dr. Smith's Pills. In short, they are an intended fraud upon the community. A minister who at first had an interest in an imitation Sugar Coated Pill, manufactured at Albany, N. Y., has given them up, as he says, on account of the miserable dishonest parties concerned in manufacturing them. The same party are now industriously circulating reports calculated to injure Dr. Smith and to affect the reputation of his valuable pills; but rather than notice them in public, Dr. Smith is about to institute legal proceedings against them for their slanders, as he has recovered a large amount of damages. These miserable imitators have to resort to the most abominable means to palm off their counterfeit pills as the public know that Dr. Smith's are the original and genuine. Several instances have come to public notice in which life has been endangered by the unfortunate use of the counterfeits.

REMARKABLE CURE OF COLD. New York, March 2, 1846. I very imprudently went out last week with a pair of shoes on, having sent my boots to the boot-maker for repair, and I took a very severe cold, which settled in my limbs, stiffened my neck, and rendered me wholly incapable of attending to business. On the following night I took six of Dr. Smith's Indian Vegetable Sugar Coated Pills, which entirely relieved me, and the next day I felt as well as usual. I know they are the best medicine that can be used for colds.

JOHN ADAM, No. 20, 5th Street. COMPLICATED DISEASE CURED. [From the Rev John Kellert.] Brooklyn, 127 Myrtle St. Oct 1, 1846. Dr. Smith—Sir, It is with great satisfaction I acknowledge the benefit my wife has received from the use of a few boxes of your pills which she used at the recommendation of a friend. Having fallen into bad health early in winter, she used them with perfect success. Even in that cold season, she has at times used Morrison's Mollat's and others, and she states she has received more benefit from them than all the others. She believes they may be used with perfect safety by females, without changing either their employment or diet, and that at any season of the year. Yours respectfully, JOHN KELLETT, Wesleyan Methodist Minister. 72 Dr. Smith, 179 Greenwich street New York.

DYSPEPSIA CURED. Portsmouth, N H Feb 28, 1846. Dear Dr Smith—I have been afflicted for the last five years with dyspepsia, unable most of the time to attend to my business. I have tried every thing that was recommended, but without any good effects. By chance I saw a notice of your pills in the N H Gazette, and determined once more to try something that might restore my health, and to my unspeakable joy I found that they had the desired effect; and feeling it a duty I owe my friends and the community at large, I make these statements. If you think it worth while to publish the above, it is at your disposal. Yours very respectfully, WM. G. CHOATE, AGUE & FEVER CURED.

Mr G B Remson, (Grocer, Middle Village, L I) says he sold Dr Smiths Indian Vegetable Sugar Coated Pills to two persons there for the fever and ague, and a permanent cure was, in both cases, speedily effected. For headache, colds, fevers, dyspepsia and all other ailments, there is not their equal to be found in the whole range of pharmacy. Be careful of imitations, base counterfeits, and mind that the written signature of G Benj Smith is on the bottom of each box otherwise spurious pills will be palmed on you. BAD COUGH CURED. New York, May 25, 1846. I have been afflicted with a bad cough, so that I raised blood, and at times was under the necessity of neglecting my business. Last fall I commenced using Dr Smith's Pills, and have now used three boxes, which have entirely cured my cough. I have taken no other medicine.

SELLERS' VERMIFUGE. Warranted equal to any now before the public! No family ought to be without it after a trial. WORMS frequently infest children, aggravate all other diseases, and are capable of producing great disturbances in the system, and consequently all medicines given to remove them should be prepared with great care and of the best materials; and it is to be feared that many of the worm medicines in use are totally destitute of these qualities. The Vermifuge which the subscriber now offers to the public, is prepared of the best materials that can be procured; and it is gaining for itself a reputation which entitles it to a large share of public patronage. The efficacy of this preparation to relieve the rising generations from one of its greatest enemies is fully attested by the accompanying Certificates in another column. Prepared and sold by R. E. THE SUNDAY EXTRA.

A new weekly paper, devoted to Polite Literature, Foreign and Domestic News, Science and the arts, Critical Essays, Philosophy, Satire and Humor. THOMAS R. WHITNEY, Editor. One dollar per annum payable in advance.

The undersigned has the pleasure to announce that he will issue on Sunday, the 6th of December next, a new Weekly Paper, to be called the SUNDAY EXTRA. The principal aim of the editor will be to make the "Sunday Extra" a complete mirror of the times, in which will be faithfully reflected, in an interesting and condensed form, the News of the Week, Cream of New Works, Tales of Fiction, Fact and Romance, original and selected, Gems of Poetry & Prose, Fetters on Science and Art, Reviews, satire, Wit, the Stage, &c., &c.,—in short to make it an acceptable Fireside Journal, complete in all its parts, and unexceptionable in point of morals. The "Extra" will maintain a high tone in all its departments; and whilst eschewing politics, as such, reserve to itself the right freely and candidly to discuss all questions of acknowledged public interest and importance. A number of correspondents of known and approved talent, resident in different parts of the Union, have been secured, who will contribute their best efforts to the "Extra"; the aid, also, of an eminent Foreign Correspondent will add a valuable feature to its columns. The several departments of Literature, Science, and the Arts will be placed under the charge of experienced writers, and the editor will spare no exertions to make the "Extra" a complete Paper, which he confidently expects, as he intends to merit the substantial endorsement of the public to his exertions. THOMAS R. WHITNEY, Publishing Office, No. 25 Ann Street.

Editors giving the above an insertion will confer a favor which will be duly acknowledged and also entitle them to an exchange. New York, November 20, 1846.

WISTAR'S BALSAM OF WILD CHERRY GREAT REMEDY FOR CONSUMPTION.

The best medicine known to man for incipient Consumption, Asthma of every stage, Liver Complaints, side, oreitis, Influenza, Coughs, Colds, Bleeding at the Shortness of Breath, pain and weakness in the chest, &c. and all other diseases of the PULMONARY ORGANS. A very important disease over which this "Balsam" exerts a very powerful influence, is that of a "DISEASED LIVER." In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long severe suffering from the disease, without receiving the least benefit from various remedies, and even when MERCURY has been resorted to in vain, the use of this BALSAM has restored the LIVER to a healthy action, and in many instances effected permanent cures after every known remedy had failed to produce this desired effect. Besides its astonishing efficacy in the disease above mentioned, we also find it a very effectual remedy in ASTHMA, a complaint in which it has been extensively used with decided success even in cases of years standing.

NATURE'S OWN PRESCRIPTION. A compound Balsamic preparation of the Pinus Virginia, or "Wild Cherry Park," combined with the Extract of Tar, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

The universal celebrity which this medicine is rapidly gaining in every section of the country, and the many astonishing cures it has effected, have now established its efficacy beyond all doubt, but it should be remembered, that in diseases of the LUNGS or LIVER, as in all other chronic affections, a little time is always necessary to effect a cure. Although in most cases the Balsam will afford a most immediate relief, and often effect great changes in a few days, it cannot reasonably be expected to produce the same salutary effect in every case in so short a time; yet from the high celebrity it has acquired, we find many persons are apt to expect too much at the commencement, while others expect a Single Bottle to afford them greater relief than all the medicine they had taken for months previous.

We will not assert that this BALSAM will cure consumption in its worst form, but it has cured many after all other means of relief had been tried in vain. And why not? It seems that the WILD CHERRY was destined by Nature to be our PANACEA for the ravaging diseases of this latitude. Let not the despairing invalid waste his money and lose time, to him so all important, in experimenting with the trashy nostrums of the day, but use of once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it always relieves. There is no such thing as fail in the history of this wonderful Balsam. Evidence the most convincing—evidence that no one can doubt, fully establishes this fact.

Representing this highly useful and valuable medicine to public notice as a remedy for Consumption and Pulmonary diseases in general, the proprietor has been attended solely by the great success attending its use in his practice and a desire to benefit the afflicted, and would therefore wish particularly to impress upon the public mind that it is entirely different from the nostrums daily ushered into notice by boasting quacks, as it not only emanates from a regular Physician but has also been well tested in all the complaints for which it is recommended. It is not my intention, therefore, either to cloak it in mystery or in any way deceive the public by overrating its virtues; on the contrary, I shall simply endeavor to give a brief statement of its usefulness, and flatter myself that its surprising efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous that CONSUMPTION may be "CAN BE CURED," if this medicine be resorted to in time.

NO QUACKERY! NO DECEPTION! All published statements of cures performed by his medicine are in every respect TRUE. BEWARE OF COUNTERFEITS AND IMITATIONS.—The unparalleled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended—curing many cases after the skill of the best physicians was unavailing—has effected a large and increasing demand for it. This fact has caused several unprincipled counterfeiters and imitators to palm off spurious mixtures, of similar name and appearance, for the genuine Balsam. Be careful and get the genuine DR. WISTAR'S BALSAM OF WILD CHERRY. None genuine unless signed by J. BUTTS. Address all orders to SETH W. FOWLE, Boston, Mass.

We are authorized to announce BARZILLIA SLACUM, Esq. as a candidate for the next Sheriffship of Dorchester County. Oct. 11th, 1845.—1f
