

**STANTON'S EXTERNAL REMEDY,
CALLED HUNT'S LINIMENT,**
Is universally acknowledged to be the infallible Remedy for Rheumatism, Spinal Afections, Contractions of the Muscles, Sore Throat and Quinsy, Issues, Old Ulcers, Pains in the Back and Chest, Ague in the breast and Face, Tooth ache, Sprains, Bruises, Salt Rheum, Burns, Croup, Frosted Feet, and all Nervous Diseases.

The triumphant success which has attended the application of this most wonderful Medicine in curing the most severe cases of the different diseases above named,—and the high encomiums that have been bestowed upon it, wherever it has been introduced, gives me the right to call on the afflicted to resort at once to the only remedy that can be relied on.

The faculty unite in recommending the celebrated External Remedy, Hunt's Liniment;

The following letter from the highly eminent Physicians who have been attached to the Mount Pleasant State Prison for many years, is the best evidence of the value of this celebrated Liniment.

Sing Sing, December 25, 1845.
My Dear Sir:—I received your note of yesterday, asking my opinion in relation to Hunt's Liniment, as prepared by Mr. George E. Stanton. Knowing its composition, and having frequently used it, I can recommend it to you as a safe External Remedy, and in my opinion the best Liniment now in use.

Very truly and respectfully yours,
A. H. HOFFMAN.
Col. Pierre Van Cortlandt, Croton Manor.
I fully concur in the above opinion.

W. N. BELCHER.
Yorktown, January 14, 1845.

Sir:—In reply to your letter, I would say that I have used your External Remedy, called Hunt's Liniment, in my practice since you made me acquainted with its composition, and unhesitatingly say that I believe it to be the best External Remedy now in use for the complaints for which you recommend it.

Yours respectfully,
BENJ. D. MILLER, M. D.
GEO. E. STANTON, Esq.

From the N. Y. Sun.

Among the mass of worthless articles and humbugs that are poured forth at the present day upon the country, it is really refreshing to find something of real practical utility, something simple, speedy, and effectual in its operation, and at the same time free from those injurious effects which generally attend powerful remedies. Hunt's Liniment, prepared by Geo. E. Stanton, of Sing Sing, though it has been but a short time before the public, has already obtained the confidence, not only of our most wealthy and influential citizens, but our most eminent physicians. All acknowledge it to be sovereign balm for many of the ills that flesh is heir to, soothing the aching limb, and by its genuine stimulating influence, banishing disease from the system.

Mr. Stanton—Sir, Seeing your advertisement of Hunt's Liniment, I was induced to try its effects on my son, who had been crippled with a lame back from an infant; and it is with gratitude I bear testimony to its wonderful healing properties. My child who is now five years of age, is now in a fair way of recovery.

Yours, &c.
DEMON C. NICKERSON.
Post Office, Towners, Putnam co.

I certify that I am personally acquainted with the above named child, and think the father would be said in saying that his son is almost well.

J. W. DYKMAN,
Deputy Post Master.

P. S. I would also state that I have been for a number of years subject to frequent attacks of the Rheumatism, which in many instances prevented my attending to my business. Two or three applications of the Liniment invariably remove all affections of the kind. In cases of bruises, sprains, and sores too numerous to mention, it has in this vicinity proved a certain remedy. Its value can only be estimated by those who have given it a fair trial.

This Liniment is sold at 25 and 50 cents per bottle, by all the principal Druggists and Merchants throughout the country.

"SUGAR COATED" PILLS.
BEWARE! CAUTION!

The increasing popularity of Dr. G. Benj. Smith's Improved Indian Vegetable Sugar Coated Pills, has induced a number of persons to make something they call pills, and coat them with sugar, in order to sell them for the genuine, while they do not possess a particle of the goodness, nor even assimilate in appearance the original Dr. Smith's Pills. In short, they are an intended fraud upon the community. A minister who at first had an interest in an imitation Sugar Coated Pill, manufactured at Albany, N. Y., has given them up, as he says, on account of the miserable dishonest parties concerned in manufacturing them.

The same party are now industriously circulating reports calculated to injure Dr. Smith and to affect the reputation of his valuable pills; but rather than notice them in public, Dr. Smith is about to institute legal proceedings against them for their slanders, as he has in another

cause against a similar party, in which he recovered a large amount of damages. These miserable imitators have so resort to the most abominable means to palm off their counterfeit pills as the public know Dr. Smith's are the original and genuine. Several instances have come to public notice in which life has been endangered by the unfortunate use of the counterfeits.

REMARKABLE CURE OF COLD,
NEW YORK, MARCH 2, 1846.

I very imprudently went out last week with a pair of shoes on, having sent my boots to the boot maker for repair, and I took a very severe cold, which settled in my limbs, stiffened my neck, and rendered me wholly incapable of attending to business. On the following night I took six of Dr. Smith's Indian Vegetable Sugar Coated Pills, which entirely relieved me, and the next day I felt as well as usual. I know they are the best medicine that can be used for colds.

COMPLICATED DISEASE CURED.
[From the rev John Kellett.]

Brooklyn, 127 Myrtle st. Oct. 1, 1846.
Dr. Smith—Sir, It is with great satisfaction I acknowledge the benefit my wife has received from the use of a few boxes of your pills which she used at the recommendation of a friend. Having fallen into bad health early in winter, she used them with perfect safety even in that cold season. She has at times used Morrison's Moffat's and others, and she states she has received more benefit from them than all the others. She believes they may be used with perfect safety by females, without changing either their employment or diet, and that at any season of the year.

Yours respectfully, JOHN KELLETT,
Wesleyan Methodist Minister

To Dr. Smith, 179 Greenwich street; N. Y.

AGUE & FEVER CURED.

Mr G B Remson, (Grocer, Middle Village, L. I.) says he sold Dr Smith's Indian Vegetable Sugar Coated Pills to two persons there for the fever and ague, and a permanent cure was, in both cases, speedily effected. For headache, colds, fevers, dyspepsia low spirits, &c, there is not their equal to be found in the whole range of pharmacy. Be careful of imitations, base counterfeits, and mind that the written signature of G Benj Smith is on the bottom of each box otherwise spurious pills will be palmed on you.

BAD COUGH CURED:

New York May 25, 1846.

I have been afflicted with a bad cough, so that I raised blood, and at times was under the necessity of neglecting my business. Last fall I commenced using Dr. Smith's Pills, and now used three boxes, which have entirely cured my cough I have taken no other medicine.

SPRING Fashions.

THE subscriber begs leave to inform his numerous customers that he has just received the latest Philadelphia Spring Fashions, and would invite the public generally to call and see him, if they want any thing in his line of business as he is prepared to do work in any way that cannot be surpassed on the shore, and he warrants all work made in his shop to fit, and to be made in good style, and done according to promise. Garments of all kinds cut with the same care as if he were himself a HEARSE to any part of the country.

In all cases where the money is paid within thirty days, a discount of six per cent will be made.

He flatters himself to be able to give general satisfaction, as we will work cheap for cash, or country produce; and therefore solicits the patronage of the public. The public's ob't. serv't.
