

SPLENDID PORTRAIT OF GEN. TAYLOR.

The publishers of Graham's Magazine feel great pride in the past volumes, and particularly in that closing with the June number. The amount of literary matter given to the public far exceeds that of any other American monthly, and the quality has been equally superior. The novel by Mr. Cooper, entitled "The Isles of the Gulf," which is now running through the magazine, has awakened a wide spread interest, and promises to be one of the best of this distinguished gentleman's productions. It has been given thus far to our readers without at all interfering with the usual variety of the work, by adding twelve pages per month to the usual number. When it is remembered that this novel cost the publishers over \$1200—that the additional printing, and paper for an enormous edition, will for the last six months be at least \$1200 more, and that \$1000 in prize stories, poetry and essays have been expended, it will be seen that \$3600 extra in literary matter for a single volume, of six months, is an amount unexampled in the history of magazines. The publisher propose in the coming volume, however, in no wise to abate their energy, or lessen their enterprise or expenses. They are proud of the success of the magazine, and are determined, by diligent application to business, and an enlarged and liberal expenditure of money both in literature and engravings, to keep the field against all competition.

A NEW SEA STORY.

We shall commence, in the July number of the magazine, a New Sea Story, entitled "The Slaver," which, for power of description and truthful incident, we regard as one of the most brilliant and effective articles we have ever given to our readers. This story will run through three numbers, and will be widely sought after and read.

In addition to the above, we have on hand several long stories, written by writers of ability, which must assist materially to render the next volume attractive and popular.

IN THE DEPARTMENT OF ENGRAVINGS, we feel sure that we already excel any other magazine. But in order to attain a still higher reputation and merit in this respect, we have entered into arrangements with Mr. Sartain, the best mezzotint engraver in the country, Mr. Tucker, well known to our readers, and the engraver of some of the finest and most effective plates we have ever presented to our readers, Mr. Welch, Mr. Walter, Rawdon, Wright & Hatch, Mr. Smillie, Mr. Ellis, all known to the country as most accomplished artists, to furnish a series of subjects of great beauty and variety, and we hazard nothing in saying that for the next twelve months Graham's Magazine will be distinguished by the presence of a glorious picture of the hero of the present war, which will be widely sought after on account of its great excellence.

PORTRAIT OF GENERAL TAYLOR.

We have the pleasure of informing our friends that, in the July number, we will present them with a portrait of General Taylor, by Sartain, from an original drawing taken at Monterey, and pronounced by the hero himself and his companions in arms, to be a perfect likeness, and by far the best in existence. At the present time, when the pulse of the land thrills with grateful admiration of the hero of so many conflicts, all waged with unequal force, and all crowned with immortal triumphs, an accurate and brilliant likeness of him cannot fail to prove a welcome offering to our patrons. The portrait will be found to do that justice to the illustrious original which has been denied in the wretched caricatures heretofore given, to indicate, in the open frankness of the veteran's face, the mental, moral and military characteristics, the irresistible genius, the lion-like spirit, the iron energy and noble benevolence, which distinguish him. The portrait will be accompanied by a spirited memoir of his life, drawn from the most authentic sources.

Graham has become the standard of taste in matters of embellishment, and has led the way of every thing really beautiful published in the Magazines. The voice of the public press, while it places the work at the head of American Literature, is unanimous in the announcement that no work ever started in the country has been so elegantly embellished, or so rapidly increased.

OUR BEAUTIFUL MEZZOTINT ENGRAVINGS.

It affords us much satisfaction to be able to state, that we have made arrangements with Mr. Sartain, the accomplished mezzotint engraver, whose plates have contributed so much in the beauty of the magazine heretofore, by which we secure his splendid mezzotints for this work alone. Those beautiful engravings will, therefore, form a feature of Graham's Magazine, so that we shall be able to distance any thing like competition on this ground.

OUR PARISIAN FASHION PLATES.

Those exquisite creations of taste and skill we have engaged, exclusively, from the publisher of "Le Follet," and all other efforts to get them have failed. An attempt has been made to deceive the public, by re-engraving the old designs; but these duplicates are so far beneath the original Paris designs sent to Graham that they excite only contempt. Our arrangements are complete, and we cannot be equalled in the beauty and correctness of this department of the Magazine.

STANTON'S EXTERNAL REMEDY, CALLED HUNT'S LINIMENT.

Is universally acknowledged to be the infallible Remedy for Rheumatism, Spinal Affections, Contractions of the Muscles, Sore Throat and Quinsy, Issues, Old Ulcers, Pains in the Back and Chest, Ague in the breast and Face, Tooth-ache, Sprains, Bruises, Salt Rheum, Burns, Croup, Frosted Feet, and all Nervous Diseases.

The triumphant success which has attended the application of this most wonderful Medicine in curing the most severe cases of the different diseases above named,—and the high encomiums that have been bestowed upon it, wherever it has been introduced, gives me the right to call on the afflicted to resort at once to the only remedy that can be relied on.

The faculty unite in recommending the celebrated External Remedy, Hunt's Liniment: The following letter from the highly eminent Physicians who have been attached to the Mount Pleasant State Prison for many years, is the best evidence of the value of this celebrated Liniment.

Sing Sing, December 25, 1845.

My Dear Sir:—I received your note of yesterday, asking my opinion in relation to Hunt's Liniment, as prepared by Mr. George E. Stanton. Knowing its composition, and having frequently used it, I can recommend it to you as a safe External Remedy, and in my opinion the best Liniment now in use.

Very truly and respectfully yours, A. H. HOFFMAN.

Col. Pierre Van Cortlandt, Croton Manor.

I fully concur in the above opinion.

W. N. BELCHER.

Yorktown, January 14, 1845.

Sir:—In reply to your letter, I would say that I have used your External Remedy, called Hunt's Liniment, in my practice since you made me acquainted with its composition, and unhesitatingly say that I believe it to be the best External Remedy now in use for the complaints for which you recommend it.

Yours respectfully, BENJ. D. MILLER, M. D.

Geo. E. STANTON, Esq.

From the N. Y. Sun.

Among the mass of worthless articles and humbugs that are poured forth at the present day upon the country, it is really refreshing to find something of real practical utility, something simple, speedy, and effectual in its operation, and at the same time free from those injurious effects which generally attend powerful remedies. Hunt's Liniment, prepared by Geo. E. Stanton, of Sing Sing, though it has been but a short time before the public, has already obtained the confidence, not only of our most wealthy and influential citizens, but our most eminent physicians. All acknowledge it to be sovereign balm for many of the ills that flesh is heir to, soothing the aching joints, and by its genuine stimulating influence, banishing disease from the system.

Mr. Stanton—Sir, Seeing your advertisement of Hunt's Liniment, I was induced to try its effects on my son, who had been crippled with a lame back from an infant; and it is with gratitude I bear testimony to its wonderful healing properties. My child who is now five years of age, is now in a fair way of recovery. Yours, &c. DEMMON C. NICKERSON.

Post Office, Towners, Putnam co.

I certify that I am personally acquainted with the above named child, and think the father would be safe in saying that his son is almost well. J. W. DYKMAN, Nov. 5, 1845. Deputy Post Master.

P. S. I would also state that I have been for a number of years subject to frequent attacks of the Rheumatism, which in many instances prevented my attending to my business. Two or three applications of the Liniment invariably remove all affections of the kind. In cases of bruises, sprains, and sores too numerous to mention, it has in this vicinity proved a certain remedy. Its value can only be estimated by those who have given it a fair trial.

This Liniment is sold at 25 and 50 cents per bottle, by all the principal Druggists and Merchants throughout the country.

"SUGAR COATED" PILLS.

BEWARE! CAUTION!

The increasing popularity of Dr. G. Benj. Smith's improved Indian Vegetable Sugar Coated Pills, has induced a number of persons to make something they call pills, and coat them with sugar, in order to sell them for the genuine, while they do not possess a particle of the goodness, nor even assimilate in appearance the original Dr. Smith's Pills. In short, they are an intended fraud upon the community. A minister who at first had an interest in an imitation Sugar Coated Pill, manufactured at Albany, N. Y., has given them up, as he says, on account of the miserable dishonest parties concerned in manufacturing them. The same party are now industriously circulating reports calculated to injure Dr. Smith and to affect the reputation of his valuable pills; but rather than notice them in public, Dr. Smith is about to institute legal proceedings against them for their slanders, as he has in another

cause against a similar party, in which he recovered a large amount of damages. These miserable imitators have to resort to the most abominable means to palm off their counterfeit pills as the public know Dr. Smith's are the original and genuine. Several instances have come to public notice in which life has been endangered by the unfortunate use of the counterfeits.

REMARKABLE CURE OF COLD.

NEW YORK, MARCH 2, 1846.

I very imprudently went out last week with a pair of shoes on, having sent my boots to the boot maker for repair, and I took a very severe cold, which settled in my limbs, stiffened my neck, and rendered me wholly incapable of attending to business. On the following night I took six of Dr. Smith's Indian Vegetable Sugar Coated Pills, which entirely relieved me, and the next day I felt as well as usual. I know they are the best medicine that can be used for colds.

COMPLICATED DISEASE CURED.

[From the Rev John Kellett.]

Brooklyn, 127 Myrtle st. Oct 1, 1846.

Dr. Smith—Sir, It is with great satisfaction I acknowledge the benefit my wife has received from the use of a few boxes of your pills which she used at the recommendation of a friend. Having fallen into bad health early in winter, she used them with perfect safety even in that cold season. She has at times, used Morrison's Moffat's and others, and she states she has received more benefit from them than all the others. She believes they may be used with perfect safety by females, without changing either their employment or diet, and that at any season of the year.

Yours respectfully, JOHN KELLETT,

Wesleyan Methodist Minister

To Dr. Smith, 179 Greenwick street, N. Y.

AGUE & FEVER CURED.

Mr G B Remson, (Grocer, Middle Village, L I) says he sold Dr Smith's Indian Vegetable Sugar Coated Pills to two persons there for the fever and ague, and a permanent cure was, in both cases, speedily effected. For headache, colds, fevers, dyspepsia low spirits, &c, there is not their equal to be found in the whole range of pharmacy. Be careful of imitations, base counterfeits, and mind that the written signature of G Benj Smith is on the bottom of each box otherwise spurious pills will be palmed on you.

BAD COUGH CURED.

New York May 25, 1846

I have been afflicted with a bad cough, so that I raised blood, and at times was under the necessity of neglecting my business. Last fall I commenced using Dr. Smith's Pills, and now used three boxes, which have entirely cured my cough. I have taken no other medicine.

MORRIS & WILIS'S HOME JOURNAL.

FOR FAMILY CULTURE.

After a great deal of experience in the art of sutting a newspaper to the prevailing want, we have selected our present model of shape and type, and have decided on the present plan and contents, as in the first place, the cheapest, most improving and most amusing to the reader—and, in the next place, (which is important, too,) in best calculated to put forth the powers of the Editors themselves. We take a pride in carefully matured model, and in the peculiar character selected for our paper. Living in the very centre of new literature, we ransack the counters of booksellers, and give the essence of new books. Receiving all the English Periodicals, we carefully watch the active intellects devoted to ephemeral literature, and pick the gems of Foreign Periodicals. We receive the admirable journals of France, and translate with diligent care the wit, gaiety, and curious novelty of life in Paris. Of the great metropolis we live in, we give the gossip, news, movements and doings, and of the country generally we give a summary of things novel and noteworthy, keeping a record, at the same time of all the great thoughts going past us, and commenting on the new opinions, new writers, and new inventions. We hate two or three peculiar admirable contributors. In short, it differs from all other papers, and we have every means of making it most valuable. We have embarked our ambition, energies and best resources, in the character, success, and good influence of THE HOME JOURNAL.

The publication of DOMBEY AND SON will be continued as heretofore; without any abridgement of the usual contents of the paper. Each part will be issued in an extra, as soon as it reaches this country, and distributed gratuitously to the subscribers of THE HOME JOURNAL. By this arrangement our readers will receive this popular story at the earliest possible date, and sooner than it can be issued by any of the booksellers or publishing houses in the country. To new subscribers, remitting a year's subscription (\$2) in advance, we will send the seven parts already out, GRATIS.

BLANKS FOR SALE HERE.

The following is selected out of a vast amount of testimony, showing the great value of Hunt's Liniment in cases of Rheumatism.

To Geo. E. Stanton, Esq.—Sir—Having been afflicted with the Rheumatism for upwards of five years in my ankles and feet, and at times so painful that I could not walk, and had to be assisted to dress and undress myself; and having been under the care of four or five different physicians, and having tried almost every remedy I could hear of, but not to much effect, I had given up all hopes of ever being cured, until I heard of Hunt's Liniment; I tried one bottle of it, and found immediate relief. That is about four months ago, and in that time I have used about one dollar's worth, and feel almost as well as ever I did. My family, as well as myself, can testify to its value; and I would advise all who are afflicted with pains and aches, to use Hunt's Liniment.

Yours, HENRY L. BUCKHOUT.
