Tis said, that souls in eastern lands, Where tropic suns bathe golden sands, Are born to know the meaning vast, And live the word we ape at-caste.

Brahma, his god, the Brahmin priest His temple holds and royal feast, Nor Chehteree dares enter in With legal pomp and martial din.

And Bice, Vaissya, who deals in gold. And gems and pearls and wealth untold, Looks proud, contempt as Sudras pass, Sudra, the lowest Hindoo class.

Though time some shades has thrown between, Yet Sudra strives not to be priest, Nor Bice to grace the royal feast. They have not known the sinless Christ;

These, the great castes, by colors seen.

They have not knelt in holy tryst; But some things native to their eyes Would give us social paradise. We, Christians, shudder at their fires,

Their idols and their funeral pyres,

And bid the man of God, "go, pray!" But are we better far than they? Have we no gods of wood or stone Between us and the great white throne? Have we not bowed to earthly things

And made our heart-chords, priest and kings? The Hindoo maiden freights her boat With lamp and flowers, and bids it float Down the dark Ganges' turbid stream, A type of life's mysterious dream.

And we, we send our hearts to sea Once in life's morn, as hopefully, But, if the storms beat back the tide, We give the belin to human pride.

But is it pride that draws the lines Twixt genial souls and kindred minds, And marks the ever shifting sea Of the so called gentility?

Say, is it pride that sits, a queen, In Upper Tendom's dazzling sheen, With nought but gold beside, before, Save iron bolts that bar the door?

What is there in a country free, Where humblest born may greatest be, To write upon a mortal brow "Stand back! I'm better far than thou?" If this be pride, then well may scorn

And all her royal colors float In purple folds, to hide her boat. Well may there dread confusion be, If her hand holds "the golden key Of good society;" and caste

I can respect the loving fame, That lingers round an honored name: I can perceive the mystic charms

That gild a stainless coat of arms. But if true goodness and true worth No longer hold their courts on earth,

If those far up the rounds of tame Forget the steps by which they came, If foolish tashion, idol show, Must set the time to which we go,

We were not surer of a ban Had we been born in Hindostan. We there could see the lines we feel
