J. C. Aven & Co. Cents: I feel it my duty to acknowledge what your Sarsaparilia has done for me. Having inherited a Scrofalous infection, ! have suffered from it in various wars for years. Sometimes it burst out in Ulcers on my hands and arms: sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my sealp and ears with one sore, which was painful and loathsome beyond description. tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and used it till i cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you. that I hold you to be one of the sposties of the age, ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Nore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fataliy, by the persevering use of our Sarsaparilia, and also a dangerous Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly. Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan, of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Coitre - a indeous swelling on the neck, which I had suffered from over two years." Leucorrhan or Whites, Ovarian Tamer,

Uterine Ulceration, Female Diseases. Dr. J. B S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparida a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhoga by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements." Edward S. Marrow, of Newbury, Ala., writes: "A dangerous orarian tumor on one of the females In my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsapanilla. (re: physician thought nothing but extirpation could all and relief, but he advised the trial of your Sarsapanila as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Discase. NEW ORLEANS, 23th August, 1859. DR. J. C. ATER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks Another was attacked by secondary symptoms in his pose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would seen reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable resuits with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D. Rhenmatism, Cout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1839. DR J. C. AYER: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver. which destroyed my health. I tried everything, and everything failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. Live beloved pastor, the Rev. any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities or even families, among them who have not some personal experience of its effects - some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs.
