From a Forwarding Merchant of St. Louis, Feb. 4. DR AYER. Your Pills are the paragon of all that is great to medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they ASA MORGEIDGE

I place great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Fills afford us the best we have, I of course value them highly. Not only are your I'llls admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy can mention. I sincerely rejoice that we have at

length a purgative which is worthy the confidence of the profession and the people. DEPARTMENT OF THE INTERIOR, Washington, D. C , 7th Feb., 1856. SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot besitate to say they are the best catharise we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious discase so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital. Dysentery, Diarrhon, Relax, Worms. From Dr. J. G. Green, of Chicago. Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diorrhad. Their sugar-coating makes them very scceptable and convenient for the use of women and children.

Too much cannot be said of your Pills for the cure of costireness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it, for the benefit of the multitudes - who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. From Mrs. E.
