From a Forwarding Merchant of St. Louis, Feb. 4, DR AVER. Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your I ills, and they ASA MORGEIDGE have cured her. As a Family Physic.

From Dr. E. W. Cartwright, New Orleans. Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their ection on the bowels, which makes them invaluable to us in the daily treatment of disease. Headacht. Nick Henducht, Foul Stomnch.

From Dr Edward Boyd, Patimere. DEAR BKO. AYER: I cannot answer you what complaints I have cured with your lik better than to say all that we ever treat with a purgative medicine. I piace great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Fills afford us the best we have, I of course value them highly. I'ITTSBURG, I'a., May 1, 1855.

DR. J. C. AYER Sir. I have been repratedly cured of the worst headache any body can have by a dose or two of your Pills It seems to arise from a foul stomach, which they cleanse at once. Yours with great respect. ED. W TREBLE. Clerk of Steamer Clarion. Bilious Disorders - Liver Compinints.

From Dr. Theodore Bell, of New York City. Not only are your l'illandmushis adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of li'ious completints than any one remedy I can mention I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people DEPARTMENT OF THE INTERIOR.

Washington, D. C. 7th Feb. 1856. SIR: I have used your Pills in my general and hospital practice ever since you made them, and connot besitate to say they are the best cathartie we employ. Their regulating action on the liver to quick and decided, consequently they are an admirable remedy for derangements of that organ. Lideed, I have seldem found a case of bilious disease so chatinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital. Dysentery, Diarrhan, Relax, Worms.

From Dr. J. G. Green, of Chicago. Your l'ills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the fiver makes them an excellent remedy, when given in small doses for bilious dysentery and diorthere. Their sugar-conting makes them very acceptable and convenient for the use of women and

Dr. Aver: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. WARSAW, Wyoming Co., N. Y., Oct. 24, 1855. DEAR SIR: I am using your Cathartic Fills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood. JOHN G. MEACHAM, M. D. Constinution, Costiveness. Suppression,

Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc. From Dr. J. P. Vaughn, Montreal, Canada. Too much cannot be said of your lills for the

cure of costireness. If others of our fraterffity have found them as efficacious as I have, they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costireness to originate in the liver, but your l'ills affect that organ and cure the From Mrs. E. Stuart, Physician and Midrije,

I find one or two large closes of your l'ille, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to From the Ecv. Dr. Harkes, of the Methodist Epis.

For ages, has the treatment of pulmonary dis eases occupied the greater portion of the attention of the scientific of the medical world, but none acquired more eminence in his treatment of these diseases, than the celebrated Prussian Dr. Hoofland, the originator of the Balsamic Cordial. His life was devoted to the production of remedies that would stand unrivailed. How well he has succeeded, the American people are able to judge; and we positively assert, that no preparations that have ever been placed before them, have conferred the same amount of bene fits on suffering humanity, or have elicited a many commendations from all classes of society as the remedies of Dr. Hoofland, prepared i Dr. C. M. Jackson & Co., of Philadelphia.

The Cordial is designed for a class of disease more general and more fatal than any other to which the people of this country are subjectthose springing from a "slight cold." That eminent authority, Dr. Bell, says: "I will not say that Colds are to our inhabitants what the Plague and Yellow Ferer are to those of other coun. tries; but I can aver confidently that they usher in disease of greater complicity and mortality than these latter." Read what the eminent Glass Manufacturer, Juo.

M. Whiteall, says of the Balsamic Cordial. DR. C. M. JACKSON-Respected Friend: Hav. ing for a long time been acquainted with the virtues of the Balsamic Cordial in Coughs, Colds Inflamation of the loungs, &c., I thus freely bear testimoney to its efficacy. For several years ! have never been without it in my lamily. It also gives me pleasure to state that I have used it with entire success in the treatement of Bowel JOHN M. WHITALL. Complaints.

It is no new and untried article, but one that has stood the test of a twelve years' trial before the American people, and its reputation and sale are untilvalled by any similar preparations extant. The testimony in its favor given by the 1862 most prominent and well known physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietors, and to be had grains of any of their Agents, cannot but satisfy the most skeptical that this remedy is really deserring the great celebrity it has obtained. From J. Newton Brown, D. D., Editor of the

Encyclopedia of Religious Knowledge. Although not disposed to favor or recommend Patent Medicine in general, through distrust of their ingredients and effects, I yet know of no sufficient reason why a man may not testify to the benefit he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others. I do this the more readily in regard to "Hoo-J

I am and for encouragement to try them, when sufferng from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining.-I therefore thank God and my friend for directing me to the use of them.
