FOR PUBLIFYING THE BLOOD, And for the speedy care of the following complaints: Scrofula and Scrofulous Affections, such ne Tumors, Ulcers, Sares, Eruptions Pimples, Pustules, Blotches, Boils,

Blains, and all Skin Disenses. V. C. ATER & Co. Gents: I feel it my duty to zemetimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your sent to Cracinnati and got it, and used it till cared me. I took it, as you advise, in small does of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the aportles of the age, and remain ever gratefully, ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelus, Tetter and Salt Bheum, Scald Head, Bingworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. T., 12th Sept., 1850, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla. and also a dangerous Makignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck. Zebalon Sloan, of Prospect, Texas, writes: "Three - a hideous swelling on the neck, which I had suffered from over two years."

Leucornbon or Whites Dvarian Tuinter, Userinte Ulceration, Februare Dominion, Peter to Dominion.
Dr. J. B. S. Charung, of New York City, writes: agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrotulous diathesis. I have cured many inveterate cases of Leucorrhona by it, and some where the complaint was eamed by sigeration of the utyrus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements." thought nothing but extirpation could afford relief.

Edward S. Marrow, of Newbury, Ala, writes: "A dangerous ovarian tumor on one of the females in my family, which had defed all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Syphilis and Mercurial Discase. NEW ORLEANS, 25th August, 1859. Dr. J. C. AYEE: Sir, I cheerfully comply with the request of your agent, and report to you some

of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of l'enereal and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his thouth. Your Sarsaparilla steadily taken cured him in five weeks Another was attacked by secondary symptoms in his nose, and the ulceration had exten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of Jour Sarsaparilla; the ulcers bealed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D. Rheumatiam, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1869. DR. J. C. AYER: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored thy general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver. which destroyed my bealth. I tried everything. and everything failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev Mr. Espy, advised me to try your Sarsaparilla, because be said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of the I feel young again. The best that can be said of you is not haif

in advanced Stages of the Discuss. This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, personal experience of its effects - some living and dangerous disorders of the throat and lungs.

As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making confidence of mankind.
