AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD, And for the specity care of the foliowing complaints: Scrofula and Scrofulous Affections, such na Tumore, Ulcers, Norre, Eruptione,

Pimples, Pustales. Blatches, Boils, Blains, and all Skin Discuses. OAKLAND, Ind., 6th June, 1859. J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Serofalous infection, I havesuffered from it in various ways for years. Some times it burst out in Ulcers on my hands and armsometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my sca'p and ears with one sore, which was paintal and loathsome beyond description. tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospe! Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspeontal over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. ALFRED B. TALLEY.

St. Anthony's Fire. Rose or Erysinelas, Tetter and Malt Rhenm, Mentd Head, Ringworm, More Egr., Drop.y. Dr. Robert M. Preble writes from Sa'em, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fataily, by the persevering use of our Sarsaparilla, and also a dangerous Malignant Erysipelas by large do es of the same; says he cares the common Eruntions by it constantly.

Bronchocele, Geitre or Swelled Neck. Zebulon Sloan, of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goitre - a hideous swelling on the neck, which I had suffered from over two years."

Lencorrhwa or Whites, Orarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B S. Chauming, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Lencorrhoga by it, and some where the complaint was caused by ulceration of the uterus. The niceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous ovarian tumor on one of the females in my family, which had defled all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief. but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease. NEW ORLEANS, 25th August, 1859. Dr. J. C. Aver: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla. I have cared with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Discuse. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla steadily taken cured Lim in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would seen reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the picers healed, and he is well again, not of course without some distiguration to his tice. A woman who had been treated for the same disorder by mercary was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remarky; consequently, these truly remarkable resuits with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D. Rhenmatism, Cont. Liter Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859. DR J. C. AYER: Sir, I have been afflicted with a paintal chronic Libeumatism for a long time, which ballied the skill of physicians, and stack to me in spite of all the remedies I could find until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. think it a wonderful medicine. J. FREAM Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an effection of the Liver. which destroyed my bealth. I tried everything. and everything falled to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev Mr. Espy, advised me to try your Sarsaj arilla, because 'me said he knew you, and anything you made was corth trying. By the blessing of God it has cared me, and has so purified my blood as to made a new man of ac. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tamors, Enlargement, Electation, Caries and Exteliation of A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents he ow named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fite, Epilepsy, Melancholy, Neuralgia. Many remarkable cures of these affections have lean made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long from required by the Lecessities of the people, and we are confident that this will do for them all that medicine can do.

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarscness, Croup, Bronchitis, Incipient Consumption, and for the Belief of Consumptive Patients in advanced Stages of the Discase.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints. Boys' Misses' and Childrens work of every that it is uscless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and co'ds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects - some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
