C. ATER & Co. Gents: I feel it my anty to seknow edge what your Straparil'a has done for me. Having inherited a Scroftwors intection, I have suffered from it in various ways for years. Sometimes it barst out in Ulcers on my nands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my feat and covered my scalp and ears with one sore, which was painful and loatheome beroud description. tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At leagth I was rejoiced to read in the Gospel Messenger that you had i repaired an alterative (Sarsaparilla), for I knew from your reputation that anything you made must be good. sent to Cincinnati and got it, and used it till i cured me. I took it, as you advise, in small dones of a teaspoonful over a month, and used almost three bottles. New and bealthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saving when I tell you, that I hold you to be one of the aporties of the age, and remain ever gratefully, ALFRED B. TALLEY.

St. Anthony's Fire. Rose or Eryzpeins, Tetter and Salt Rheum, Scaid Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Sa'em, N. Y., 12th Sept., 1859, that he has cared an inveterale case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sararparilla, and also a daugerous Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Bronchecele, Goitre or Swelled Neck. Zebulon Sloan, of Prospect Texas, writes: "Three Lottles of your Sarsaparilla cured me from a Goitre - a hideous swelling on the neck, which I had suffered from over two sears."

Lencorrhon or Whites, Orarian Tumor, Uterine Cleeration, Female Disease .. Dr J. B S. Chanting, of New York City, writes: "I most cheerfuily comply with the request of your sgent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Serofulous I have cured many inveterate cases of Leucorrhoes by it, and some where the complaint was caused by ulceration of the uterus. The nicetation itself was soon cured. Nothing within my knowledge equals it for these fema e derangements." Edward S. Marrow, of Newbury, Ala., writes:

in my family, which had defed all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Syphilis and Mercarial Disease.

NEW ORLEANS, 25th August, 1859. DR. J. C. ATER: Sir, I checrfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were Your Sarsaparita steadily taken cured him in five weeks Another was attacked by secondary symptome in his nose, and the ulceration had caten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it vielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mer-They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her soints and bones. She, too, was cured entirely by your Sarssparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me. Fraternally yours, G. V. LARIMER, M. D.

Rhenmatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859. Dr. J. C. AYER: Sir, I have been afflicted with a pantu' chronic likeumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until t mied your Saraparilla. One buttle cured me in two weeks, and re cond my feet " forth to rauch that I am far better than before I was attacked. I think it a wonderful medicine. J. FEFAM. Jules Y. Getcheil, of St. Louis, writes: "I have been affected for years with an affection of the Liver. which destroyed my health. I tried everything, and everything failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved paster, the Rev Mr. Espv, advised me to try your Sarsapanilla, becaus he said he knew you, and anything you made was worth trying By the blessing of God it has cured me, and has so purified ny blood as to made a new man o. o. I feel young good enough.

Schierns, Cancer Tumors, Enlargement, Cleer mion, Caries and Expolation of the Boars. A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remed , but our space here will not adjust them. Some of them may be found in our American Almanac, which the agents be ow named are preased to furnish gratis to all who cali for them. Dyspepsin, Heart Disease, Kits, Epilepsy,

Machineticly, Neuralg's. Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions it to vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

This is a remedy so universally known to surpass any other for the cure of threat and lung complaints. that it is uscless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civ. !ized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects - some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
